The Complete Story of Sadako Sasaki Masahiro Sasaki 2020-04-07
Independent Publisher Book Award (IPPY) Winner **Middle School Book of the Year-- Northern Lights Book Awards** **Skipping Stones Honor Award Winner** For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time--how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako's life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project.

The Green Umbrella Jackie Azúa Kramer 2022-10-18 A comical story of imagination and friendship—now available as a paperback! Elephant is enjoying a peaceful walk with his green umbrella, when suddenly a Hedgehog says: I believe you have my boat. Elephant listens patiently as Hedgehog insists: I crossed deep oceans . . . tasted the salty spray of whales [in that umbrella-boat]. Cat, Bear, and Rabbit soon interrupt

Elephant—each claiming that his umbrella is really their tent, flying machine, and cane. Elephant is flabbergasted—after all, it's an umbrella, and it certainly hasn't been on any adventures more exciting than a walk in the rain. Or has it? Jackie Azúa Kramer and illustrator Maral Sassouni have created a gem in this fun read-aloud! Crossing Boundaries with Children's Books Doris Gebel 2006 This annotated bibliography-organized geographically by world region and country, describing nearly 700 books representing 73 countries-is a valuable resource for librarians, teachers, and anyone else seeking to promote international understanding through children's literature. It is the third volume sponsored by the United States Board on Books for Young People. The first, Carl M. Tomlinson's *Children's Books from Other Countries* (1998) is a compendium of international children's literature with annotations of both in and out of print books published between 1950 and 1996. Susan Stan's *The World Through Children's Books* (2002) was the second and it included books published between the years 1997 and 2000. *Crossing Boundaries* includes international children's books published between 2000 and 2004, as well as selected American books set in countries other than the United States. Editor Doris Gebel has compiled an important tool for providing stories that will help children understand our differences while simultaneously demonstrating our common humanity.

Tua and the Elephant R.P. Harris 2012-04-06 Ten-year-old Tua—Thai for "peanut"—has everything she needs at home in Chiang Mai, Thailand, except for one thing she's always wanted: a sister. In the market one day, Tua makes an accidental acquaintance—one with wise, loving eyes, remarkable strength, and a very curious trunk. And when Tua meets Pohn-Pohn, it's clear this elephant needs her help. Together, the unusual team sets off on a remarkable journey to escape from Pohn-Pohn's vile

captors. From the bustling night market to the hallowed halls of a Buddhist temple and finally, to the sanctuary of an elephant refuge, this clever girl and her beloved companion find that right under their noses is exactly what each has been searching for: a friend.

Hamito-Semitic Etymological Dictionary Vladimir E. Orel 2015-11-02 The Hamito-Semitic Etymological Dictionary, a project in the making since 1986, is the first dictionary to reflect the vocabulary of the extinct Proto-Hamito-Semitic (Proto-Afro-Asiatic) language. Reconstructed on the basis of Semitic, Ancient Egyptian, Berber, Chadic and Cushitic linguistic groups, the Dictionary plays an indispensable role in further research into the field of historical linguistics. It surpasses by far the only comparable work to date, M. Cohen's *Essai comparatif sur le vocabulaire et la phonétique du chamito-semitique*, published in 1947, which contains much less material and is now outdated. The Dictionary comprises more than 2,500 lexical items and includes an introduction providing valuable information on the historical phonology of Hamito-Semitic as well as an index of meanings, which supplies linguistics, archaeologists and scholars of ancient history with added insight into the culture of the ancient speakers of Proto-Hamito-Semitic. An invaluable contribution to the field of Afro-Asiatic Studies, The Hamito-Semitic Etymological Dictionary will be used and discussed by scholars for years to come.

Language and Society in South Asia Michael C. Shapiro 2008-09-30

During the past two decades there has been a significant amount of research and publication concerning the sociolinguistics of South Asian languages. Language and Society in South Asia is the first major attempt to assess the impact of this new literature. It exposites the methodological and theoretical assumptions of sociolinguistic descriptions of south Asian languages, and contrasts them with the assumptions of earlier characterizations of these languages. An important feature of this book is its detailed examination of numerous schools of linguistic analysis within which most past descriptive work on South Asian languages has been carried out. This is done in language accessible both to the professional linguist and to non-linguists interested in social aspects of language use in South Asia. Among the topics treated in this book are traditional taxonomies of South Asian languages, South Asia as a linguistic area, social dialectology, bi- and multilingualism in South Asia, pidginization, creolization, and South Asian English, ethnographic semantics, and the ethnography of speaking. The work also contains an extensive bibliography of the scholarly literature pertinent to the study of South Asian languages in their social contexts.
