**Gurps Bio-Tech** David Morgan-Mar 2017-02-16 The Future is Alive "Who needs chrome, pal? Meat is where it's at now. Mother Nature always did it best -- she just needed a little help. Get down to the black clinic, old-timer, and you can be 15 again. That is, if you still want to be human at all." It's the technology of the posthuman age: biotech! Upgrade your old body with steroids and smart drugs, transplants, and viral nano . . . or just get a new one. Maybe you don't think being human is so great? Then improve on nature with eugenics and gene-fixing. Or just go parahuman: if you love cats, become one! The technology's changing fast, but you'll have lots of time to get used to it -- death is only a temporary inconvenience with cryonics and immortality drugs. And who needs silicon and steel? Vatbrain biocomputers are where it's really at! But it's not just about the future. GURPS Bio-Tech includes a full range of 19th, 20th, and 21st-century medical equipment, from early vaccines to surgical robots, along with game stats for the world's most deadly diseases. GURPS Bio-Tech also includes a complete set of character templates for biotech professions, rules for biotech magic, and two original campaign settings: an alternate Earth ruled by a clone of Alexander the Great, and a living starship on its way to colonize an alien world! Say goodbye to your old body. Have you upgraded your genetics this year? This is the second edition of GURPS Bio-Tech. It has been revised to the GURPS Fourth Edition rules and expanded to cover medicine, drugs, magic, and new technologies. Some entries were introduced in GURPS Space, GURPS Robots, and the Transhuman Space series.

*Gurps Black Ops* Jeff Koke 2018-08-30 The Greys. Vampires. Evil Psis. Better Bring a Spare Clip. Wrestle enraged gargoyles on rain-slick ledges high over dark city streets! Endure the raw psychic fury of the dreaded soul dog! Above all, watch out for the insidious Greys, as they kidnap human women and steer the destiny of entire nations! Our only defense against these terrifying foes is the Company, which takes conspiracy from theory to practice. As one of its best recruits, you'll endure five years at the hellish Academy, where only the best of the best graduate and failing grades become tombstone inscriptions. Upon becoming a black op, you'll possess attributes and deadly expertise to make mere normals tremble. You'll need them - because it's all true. Ancient alien visitors and recent arrivals, things slithering in sewers and alleys by night, dark plots by paranormal cabals to bend humanity to their will - all these dangers and more lurk in society's shadow. Odds are you'll die in style. Your job is to take as many of them with you as you can.

Experience GURPS as never before in *Black Ops*, an adventure setting that takes cinematic roleplaying to the edge and over the top! GURPS Basic Set, Third Edition is required to use this supplement in a GURPS campaign. GURPS Ultra-Tech is recommended. The setting described here can be adapted for any game system.

*Gurps Dragons* Phil Masters 2018-03-19 Dragons! The most fabulous of all fabulous beasts. Throughout history, around the world, tales of fire-breathing monsters have stirred awe and terror. Now . . . play a dragon. Take to the air with prodigious wingbeats, soaring effortlessly for hundreds of miles. Terrify your foes with fire, claws, and teeth. Gather your hoard. Study ancient lore and magic . . . and take human form to walk in the world of men! GURPS Dragons includes: Origins of the dragon, through myth and legend and even true history. How do dragons fly? How to hunt dragons . . . and survive. Creating dragon characters in GURPS. Dragon-specific combat maneuvers. Templates for Firedrakes, Naga, Chinese Dragons, Sea Serpents, and others. Ideas for dragon-centric campaigns, including two campaign backgrounds! A special Appendix converts the game material to the GURPS Fourth Edition rules,

GURPS THAUMATOLOGY Phil Masters 2016-11-21 Feel the Power! Fantasy settings are defined by their magic . . . so different worlds need different magic systems. GURPS Thaumatology has GURPS Fourth Edition updates of the best Third Edition magic variants, plus many all-new options. This mighty tome includes: Minor tweaks for the spell-based magic of the Basic Set: restructuring prerequisites and colleges, modifying Magery and mana, new magical energy sources, adapting spells on the fly, and more. Radical revisions of spell-based magic, including detailed versions of the clerical and ritual magic options hinted at in the Basic Set, and the return of that Third Edition classic, "unlimited mana." Traditional alternatives to spells, such as ceremonial, spirit-mediated, and runic magic. World-shaking freeform magic. Magic as inherent powers. An in-depth look at material magic, with new alchemy, herbalism, and enchantment options; rules for free-willed items and magical gadgets; and guidelines for "the stuff of raw magic." Notes on adapting real-world occult concepts - such as the Laws of Magic, astrology, and traditional material components - to any magic system.

Guidelines for running magic-oriented games, advice on combining magic systems, and detailed outlines for four distinctly different fantastic campaigns. The softcover reprint contains the same material as the earlier print run (updated for the latest errata, of course!), with black-and-white interiors and a lower price. GURPS Thaumatology requires the GURPS Basic Set, Fourth Edition. GURPS Magic is recommended but not required. The discussions of different magical styles would enhance any game that features magic.

*GURPS For Dummies* Adam Griffith 2006-06-26 This is it—the key that unlocks the riches of GURPS (Generic Universal Role Playing System) and gives you a wealth of information on how to create your character and fine-tune your play. Produced in partnership with Steve Jackson Games, the game's creator, GURPS For Dummies is the ideal companion to GURPS Basic Set, 4th Edition that explains the rules. It gives you insight into the choices you'll make in everything from creating a fun, dynamic character using the allotted number of points, to playing in an adventure, to becoming a GM. Whether you want to be an Amazon princess or a stalwart warrior, an old-fashioned swashbuckler or a modern investigator, a tough cop or a cat burglar, a sorcerer casting spells or a cosmic ranger, fighting lawlessness in the asteroids, this guide will help you: Determine your character's basic attributes: IQ, DX (dexterity), ST (strength) and HT (health) Figure out your character's secondary characteristics Choose advantages (including powers and perks) and disadvantages (including quirks and disadvantages with a self-control roll modifier) Optimize your points by using talents Select your skills based on functional area or the campaign setting Enhance your character with spells, magic items, magic staves, and powerstones Strategically purchase equipment for different characters, tech levels, and campaign types Create and manage a character sheet, write a character background, keep a character log, and more—all with samples Choose good combat techniques and play with your character If you want to become a GM, this guide gets you going with advice on creating the adventure, managing the character creation process, managing combat,

and interpreting the rules. There's even a handy Cheat Sheet tear-out GM screen in the front of the book. There are tips throughout, plus advice on how to: Create your very own GURPS universe for your campaign, whether it's dungeon-crawl, high-adventure, combat-focused, puzzle-focused, or masquerade-type Provide a basic write-up of the world for your players, including technology level, supernatural and supernormal abilities and powers, races, setting, character templates, cultural and social information, and limitations Create an electronic combat grid, a battle log, a tactical map, and more—with samples Do mapping, planning, and plotting Create memorable NPC (nonplayer characters), both good guys and bad guys GURPS For Dummies helps you create more detailed, exciting, and interesting characters and take your game to the next level. That's important whether you're saving a princess or saving the planet...searching for hidden treasure or for secrets to eliminate disease... fighting crime or combating armies of evil robots...casting spells in medieval castles or destroying terrorist cells in modern day milieus. With GURPS, the only limitation is your imagination. *GURPS Martial Arts* C. J. Carella 1996-02 -- A "sleeper" worldbook that has just continued to sell and sell. -- Martial arts are applicable to every sort of campaign...fantasy, SF, or modern! -- Detailed discussions of over 50 different fighting styles.

**GURPS Lite** Sean Punch 2000

**Gurps Cyberpunk** Loyd Blankenship 1990-11-01 -- The book that was confiscated by the Secret Service because they thought it contained hacking secrets! (It doesn't) -- Nominated for the Origins Award for Best Roleplaying Supplement.

**Gurps Banestorm** Phil Masters 2018-02-05 Welcome to the land of Yrth, a magical realm of incredibly varied races and monsters - including people snatched from our Earth and other worlds by the cataclysmic Banestorm! Whole villages were transported - from such diverse locales as medieval England, France, Germany, and the Far East. Now humans struggle with dwarves, elves, and each other. The Crusades aren't ancient history here - they're current events! Characters can journey from the windswept plains of the Nomad Lands - where fierce Nordic

warriors seek a valiant death to earn a seat in Valhalla - to Megalos, the ancient empire where magic and political intrigue go hand in hand. Or trek south to the Muslim lands of al-Wazif and al-Haz to explore the forbidden city of Geb'al-Din. This book updates the original Yrth of GURPS Third Edition Fantasy and Fantasy Adventures. It provides GMs with a complete world background - history, religion, culture, politics, races, and a detailed map - everything needed to start a GURPS campaign. Phil Masters (Discworld and Hellboy RPGs) and Jonathan Woodward (Hellboy and GURPS Ogre) have added new peoples, places, and plots, as well as lots more on magic and mysticism, all of which conforms to GURPS Fantasy and GURPS Magic. So prepare to make your own mark on Yrth. Plunder elven ruins while evading the desert natives. Play a peasant-born hero . . . an orcish pirate . . . a Muslim double agent commanded to infiltrate the Hospitallers. Yrth awaits the legend of you!

Gurps Infinite Worlds Kenneth Hite 2017-02-16 Infinite Worlds . . . Infinite Adventure! The good news is, there are other Earths. Maybe an infinite number. The bad news is, somebody out there doesn't like us. The shuttles of Infinity Unlimited jump between parallel Earths, seeking adventure, profit, knowledge, and even entertainment. But a parallel called Centrum has also developed the technology to hop between the worlds . . . and it wants to rule them all. The Infinity Patrol must deal with their ruthless rivals, as well as with world-jumping criminals, and with the possibility that the secret of dimension travel might escape to some of the really nasty alternate worlds like Reich-5. Welcome to the core setting of GURPS Fourth Edition! Every other GURPS setting is on one of the Infinite Worlds timelines . . . whether they know it or not! GMs can use this to create a whole meta-campaign, or just as an excuse to move characters between worlds when the plot requires it. Compiled by Kenneth Hite, the master of alternate histories, GURPS Infinite Worlds combines and updates material from GURPS Time Travel, GURPS Alternate Earths, and GURPS Alternate Earths 2 into one volume, and gives dozens of new worlds to explore as well! This is the complete genre book on both alternative-world gaming and time travel. It offers detailed advice on the unique challenges of running this type of campaign, and on

designing and playing characters who regularly cross between settings. It also provides a wide variety of suitable threats and hazards - from evil cross-time Nazis and cosmic conspiracies to "ordinary" monsters and disasters. And it gives guidelines for building alternate worlds from the perspectives of the setting, the story, and the rules. Whether you're playing accidental travelers or the hardened troops of the Infinity Patrol, this book is your gateway to adventure. Infinite adventure.

GURPS: Space Jon F. Zeigler 2009-03-01 "This volume will help you create campaigns of every style, from science fantasy to space opera to realistic. Recreate your favorite science-fiction background, or develop an original world of your own"--Cover.

*How to Be a Gurps GM* Warren "Mook" Wilson 2017-07-24 The Student's Guide to Ultimate Power GURPS! A game with infinite possibilities. Even those familiar with this award-winning system may not feel they've mastered the fundamentals . . . and those just starting with this game may feel lost amid the possibilities. You want help. You could use a guide. You need *How to Be a GURPS GM*. For the player, this supplement offers insight into how to create the perfect character to fit your vision, plus three examples of character creation and two new fantasy templates. The chapter dedicated to customizing combat and using various options can be particularly helpful for new and veteran players in making aggressive altercations even more exciting. For the Game Master, the supplement discusses everything needed to run a campaign: how to prepare the game setting, assist the players with the creation of their heroes, create challenging and engaging encounters, and design and run the first adventure. The included overview of the Fourth Edition line, plus recommended resource lists for eight popular genres, can help the GM decide which supplements will be most helpful to craft a new campaign. This supplement also provides canonical insight from Sean "Dr. Kromm" Punch, who draws on decades of experience answering questions and providing clarifications as the GURPS Line Editor. Throughout, it follows a group of example players new to GURPS, from when their GM first opens the Basic Set through the starting session of their inaugural adventure. *How to Be a GURPS GM* is an invaluable aid for getting

started with GURPS, bridging the previously perilous step between reading the Basic Set and participating in your first game. Half of power is knowing how to use it. With *How to Be a GURPS GM*, you'll be on your way to unleashing the full potential of GURPS like never before!
