Gurps Martial Arts Peter Dell'orto 2017-06-22 Inscrutable masters from hidden temples. Special Forces soldiers. Swashbuckling pirates. Bare-chested brawlers. GURPS Martial Arts brings fighting styles from throughout history to Fourth Edition. From popular Asian bare-handed techniques to European combat arts to fantastic non-human training, this book balances realistic historical schools with cinematic feats from Hong Kong, Tokyo, and Hollywood. Recreate the greatest fighters in the world, or create a style to fit a new campaign; Martial Arts has the techniques and guidelines you need. Not all combat options map to techniques and styles, however. Many require extensions to the combat system itself, so Martial Arts expands on the combat and injury rules from GURPS Basic Set. Some of these additions are highly realistic, while others are extremely cinematic - but they're all optional, allowing the GM to decide which rules apply. Customizing the GURPS combat system has never been easier. This book replaces and expands on the information and rules from the previous edition of GURPS Martial Arts for Third Edition.

Gurps Mass Combat David L. Pulver 2017-10-19 There Will Be War! Whether you're trying to stop the Dark Lord's invading army, lead a Ranger company against the Axis in WWII, or command your own crack mercenary regiment in a far-flung star empire, you're likely to get into battles that are far too big to resolve with ordinary GURPS combat. GURPS Mass Combat is the answer! It presents a powerful abstract system that lets you resolve land, sea, and air battles at any tech level. Features include: Rules for logistics, movement, reconnaissance, and many other things that matter to a military force even when no enemy is in sight. Integral treatment of air superiority, amphibious assaults, airborne troops, sieges, and everything else that's important when the enemy is in sight. Round-by-round resolution that puts the commander in control, letting him choose his strategies and instantly see the results of

his skill and cunning. Equal attention to the aftermath of battle: pursuit, casualties, looting, recovering losses, and more. Everything is fast and easy to use in play, thanks to extensive examples, quick-reference tables, and ready-to-go stats for the strength, weaponry, and mobility of numerous unit types. It's all generic, too, covering realistic, fantastic, and superscience troops at every tech level, and providing guidelines for customizing their quality, special training, and equipment. And it never loses sight of the fact that GURPS is a roleplaying game - every hero gets a chance to shine, and the rules emphasize what the PCs do and what happens to them. GURPS Mass Combat requires only the GURPS Basic Set, Fourth Edition.

Gurps Dragons Phil Masters 2018-03-19 Dragons! The most fabulous of all fabulous beasts. Throughout history, around the world, tales of fire-breathing monsters have stirred awe and terror. Now . . . play a dragon. Take to the air with prodigious wingbeats, soaring effortlessly for hundreds of miles. Terrify your foes with fire, claws, and teeth. Gather your hoard. Study ancient lore and magic . . . and take human form to walk in the world of men! GURPS Dragons includes: Origins of the dragon, through myth and legend and even true history. How do dragons fly? How to hunt dragons . . . and survive. Creating dragon characters in GURPS. Dragon-specific combat maneuvers. Templates for Firedrakes, Naga, Chinese Dragons, Sea Serpents, and others. Ideas for dragon-centric campaigns, including two campaign backgrounds! A special Appendix converts the game material to the GURPS Fourth Edition rules, making it even more useful!

Even those familiar with this award-winning system may not feel they've mastered the fundamentals . . . and those just starting with this game may feel lost amid the possibilities. You want help. You could use a guide. You need *How to Be a GURPS GM*. The chapter dedicated to customizing combat and using various options can be particularly helpful for new and veteran players in making aggressive altercations even more exciting. For the Game Master, the supplement discusses everything needed to run a campaign: how to prepare the game setting, assist the players with the creation of their heroes, create challenging and engaging encounters, and design and run the first adventure. The included overview of the Fourth Edition line, plus recommended resource lists for eight popular genres, can help the GM decide which supplements will be most helpful to craft a new campaign. This supplement also provides canonical insight from Sean "Dr. Kromm" Punch, who draws on decades of experience answering questions and providing clarifications as the GURPS Line Editor. Throughout, it follows a group of example players new to GURPS, from when their GM first opens the Basic Set through the starting session of their inaugural adventure. *How to Be a GURPS GM* is an invaluable aid for getting started with GURPS, bridging the previously perilous step between reading the Basic Set and participating in your first game. Half of power is knowing how to use it. With *How to Be a GURPS GM*, you'll be on your way to unleashing the full potential of GURPS like never before!

And you really would have liked to major in Military Biology, Anti-Social Sciences, Double-Entendre Bookkeeping, or Computer Wizardry. Too bad you didn't know about IOU. *Illuminati University* is THE best place to learn Things Man Was Not Meant To Know. With departments like Weird

and Unusual Science and Engineering, Inapplicable Mathematics, Misanthropology, and Zen Surrealism . . . not to mention extracurricular activities like Democrats for Cthulhu, Moopsball, and food fights that set off nuclear alerts . . . this is college as it should have been. Gurps Infinite Worlds Kenneth Hite 2017-02-16 *Infinite Worlds* . . . *Infinite Adventure!* The good news is, there are other Earths. Maybe an

infinite number. The bad news is, somebody out there doesn't like us. The shuttles of Infinity Unlimited jump between parallel Earths, seeking adventure, profit, knowledge, and even entertainment. But a parallel called Centrum has also developed the technology to hop between the worlds . . . and it wants to rule them all. The Infinity Patrol must deal with their ruthless rivals, as well as with world-jumping criminals, and with the possibility that the secret of dimension travel might escape to some of the really nasty alternate worlds like Reich-5. Welcome to the core setting of GURPS Fourth Edition! Every other GURPS setting is on one of the Infinite Worlds timelines . . . whether they know it or not! GMs can use this to create a whole meta-campaign, or just as an excuse to move characters between worlds when the plot requires it. Compiled by Kenneth Hite, the master of alternate histories, GURPS Infinite Worlds combines and updates material from GURPS Time Travel, GURPS Alternate Earths, and GURPS Alternate Earths 2 into one volume, and gives dozens of new worlds to explore as well! This is the complete genre book on both alternative-world gaming and time travel. It offers detailed advice on the unique challenges of running this type of campaign, and on designing and playing characters who regularly cross between settings. It also provides a wide variety of suitable threats and hazards - from evil cross-time Nazis and cosmic conspiracies to "ordinary" monsters and disasters. And it gives guidelines for building alternate worlds from the perspectives of the setting, the story, and the rules. Whether you're playing accidental travelers or the hardened troops of the Infinity Patrol, this book is your gateway to adventure. Infinite adventure.

Gurps Horror Kenneth Hite 2017-09-21 It's back . . . and the fear has grown! GURPS Horror, Fourth Edition, is the latest incarnation of one of the most popular GURPS supplements ever . . . and now it's been given a new lease on unnatural life by horror master Kenneth Hite. Its time-tested advice on running scary campaigns has been expanded to include current trends and tropes, showing you how to run everything from old-fashioned Gothic and supernatural horror to the latest J-horror, survival horror, and torture horror. The famous bibliography of unspeakable tomes and frightening films has grown to match. And the monsters

return with unpleasant friends, as monsters inevitably do - all with GURPS Fourth Edition racial templates that let you use them as foes, as sinister Allies and cursed Alternate Forms, and even as PCs! Add the new and disturbing powers, the expanded rules for madness and corruption, and countless other updates, and you have everything you need to drag your horror campaign screaming into the 21st century.

GURPS THAUMATOLOGY Phil Masters 2016-11-21 Feel the Power! Fantasy settings are defined by their magic . . . so different worlds need different magic systems. GURPS Thaumatology has GURPS Fourth Edition updates of the best Third Edition magic variants, plus many all-new options. This mighty tome includes: Minor tweaks for the spell-based magic of the Basic Set: restructuring prerequisites and colleges, modifying Magery and mana, new magical energy sources, adapting spells on the fly, and more. Radical revisions of spell-based magic, including detailed versions of the clerical and ritual magic options hinted at in the Basic Set, and the return of that Third Edition classic, "unlimited mana." Traditional alternatives to spells, such as ceremonial, spirit-mediated, and runic magic. World-shaking freeform magic. Magic as inherent powers. An in-depth look at material magic, with new alchemy, herbalism, and enchantment options; rules for free-willed items and magical gadgets; and guidelines for "the stuff of raw magic." Notes on adapting real-world occult concepts - such as the Laws of Magic, astrology, and traditional material components - to any magic system. Guidelines for running magic-oriented games, advice on combining magic systems, and detailed outlines for four distinctly different fantastic campaigns. The softcover reprint contains the same material as the earlier print run (updated for the latest errata, of course!), with black-and-white interiors and a lower price. GURPS Thaumatology requires the GURPS Basic Set, Fourth Edition. GURPS Magic is recommended but not required. The discussions of different magical styles would enhance any game that features magic.
