With the scenarios included in this book, you can take up arms with heroes of yore and the Norse gods, or flee from the mind-bending terror of Cthulhu. You may hide from the Four Horsemen as the events of Revelation take place, speak to Quetzalcoatl as the Mayan apocalypse unfolds, or battle wild beasts as Earth itself turns on us. *Wrath of the Gods* brings you as close as you can (safely) come to supernatural powers ending civilization! This roleplaying game offers you the chance to play as yourself during the tumult of the apocalypse, using an elegant, narrative ruleset. *Wrath of the Gods* contains five unique scenarios, each offering a different take on the end of humanity by divine wrath. Each scenario also contains an apocalypse and a post-apocalypse, allowing you to survive the initial panic and make your way in life after the world's ending.

Mythos Standard Game Set Chaosium, Incorporated 1996-06-01 Mythos is the most innovative collectable card game on the market. Unlike most collectable card games, it does not use a boardgame rule system. Instead, it goes back to traditional card games like Hearts, Bridge and Poker for its mechanics. This enables a simple and elegant rule set without the complicated timing problems of other games. It also means that everyone in the game is always involved, never having to wait while others complete their turn. Two complete decks finely constructed and tuned to provide instant playability. One deck is labelled "steadfast" for those wishing to play nominal "good guys." The other is labelled "corrupt" for those who use the powers of the Mythos for their own enrichment.

Gurps Mass Combat David L. Pulver 2017-10-19 There Will Be War! Whether you're trying to stop the Dark Lord's invading army,

lead a Ranger company against the Axis in WWII, or command your own crack mercenary regiment in a far-flung star empire, you're likely to get into battles that are far too big to resolve with ordinary GURPS combat. GURPS Mass Combat is the answer! It presents a powerful abstract system that lets you resolve land, sea, and air battles at any tech level. Features include: Rules for logistics, movement, reconnaissance, and many other things that matter to a military force even when no enemy is in sight. Integral treatment of air superiority, amphibious assaults, airborne troops, sieges, and everything else that's important when the enemy is in sight. Round-by-round resolution that puts the commander in control, letting him choose his strategies and instantly see the results of his skill and cunning. Equal attention to the aftermath of battle: pursuit, casualties, looting, recovering losses, and more. Everything is fast and easy to use in play, thanks to extensive examples, quick-reference tables, and ready-to-go stats for the strength, weaponry, and mobility of numerous unit types. It's all generic, too, covering realistic, fantastic, and superscience troops at every tech level, and providing guidelines for customizing their quality, special training, and equipment. And it never loses sight of the fact that GURPS is a roleplaying game - every hero gets a chance to shine, and the rules emphasize what the PCs do and what happens to them. GURPS Mass Combat requires only the GURPS Basic Set, Fourth Edition.

How to Be a Gurps GM Warren "Mook" Wilson 2017-07-24 The Student's Guide to Ultimate Power GURPS! A game with infinite possibilities. Even those familiar with this award-winning system may not feel they've mastered the fundamentals . . . and those just starting with this game may feel lost amid the possibilities. You want help. You could use a guide. You need *How to Be a GURPS GM*. For the player, this supplement offers insight into how to create the perfect character to fit your vision, plus three examples of character creation and two new fantasy templates. The chapter dedicated to customizing combat and using various options can be particularly helpful for new and veteran players in making aggressive altercations even more exciting. For the Game Master, the

supplement discusses everything needed to run a campaign: how to prepare the game setting, assist the players with the creation of their heroes, create challenging and engaging encounters, and design and run the first adventure. The included overview of the Fourth Edition line, plus recommended resource lists for eight popular genres, can help the GM decide which supplements will be most helpful to craft a new campaign. This supplement also provides canonical insight from Sean "Dr. Kromm" Punch, who draws on decades of experience answering questions and providing clarifications as the GURPS Line Editor.

Throughout, it follows a group of example players new to GURPS, from when their GM first opens the Basic Set through the starting session of their inaugural adventure. How to Be a GURPS GM is an invaluable aid for getting started with GURPS, bridging the previously perilous step between reading the Basic Set and participating in your first game. Half of power is knowing how to use it. With How to Be a GURPS GM, you'll be on your way to unleashing the full potential of GURPS like never before!

Gurps Bio-Tech David Morgan-Mar 2017-02-16

The Future is Alive "Who needs chrome, pal? Meat is where it's at now. Mother Nature always did it best -- she just needed a little help. Get down to the black clinic, old-timer, and you can be 15 again. That is, if you still want to be human at all." It's the technology of the posthuman age: biotech! Upgrade your old body with steroids and smart drugs, transplants, and viral nano . . . or just get a new one. Maybe you don't think being human is so great? Then improve on nature with eugenics and gene-fixing. Or just go parahuman: if you love cats, become one! The technology's changing fast, but you'll have lots of time to get used to it -- death is only a temporary inconvenience with cryonics and immortality drugs. And who needs silicon and steel? Vatbrain biocomputers are where it's really at! But it's not just about the future.

GURPS Bio-Tech includes a full range of 19th, 20th, and 21st-century medical equipment, from early vaccines to surgical robots, along with game stats for the world's most deadly diseases. GURPS Bio-Tech also includes a complete set of

character templates for biotech professions, rules for biotech magic, and two original campaign settings: an alternate Earth ruled by a clone of Alexander the Great, and a living starship on its way to colonize an alien world! Say goodbye to your old body. Have you upgraded your genetics this year? This is the second edition of GURPS Bio-Tech. It has been revised to the GURPS Fourth Edition rules and expanded to cover medicine, drugs, magic, and new technologies. Some entries were introduced in GURPS Space, GURPS Robots, and the Transhuman Space series.

Gurps Infinite Worlds Kenneth Hite

2017-02-16 Infinite Worlds . . . Infinite Adventure! The good news is, there are other Earths. Maybe an infinite number. The bad news is, somebody out there doesn't like us. The shuttles of Infinity Unlimited jump between parallel Earths, seeking adventure, profit, knowledge, and even entertainment. But a parallel called Centrum has also developed the technology to hop between the worlds . . . and it wants to rule them all. The Infinity Patrol must deal with their ruthless rivals, as well as with world-jumping criminals, and with the possibility that the secret of dimension travel might escape to some of the really nasty alternate worlds like Reich-5. Welcome to the core setting of GURPS Fourth Edition! Every other GURPS setting is on one of the Infinite Worlds timelines . . . whether they know it or not! GMs can use this to create a whole meta-campaign, or just as an excuse to move characters between worlds when the plot requires it. Compiled by Kenneth Hite, the master of alternate histories, GURPS Infinite Worlds combines and updates material from GURPS Time Travel, GURPS Alternate Earths, and GURPS Alternate Earths 2 into one volume, and gives dozens of new worlds to explore as well! This is the complete genre book on both alternative-world gaming and time travel. It offers detailed advice on the unique challenges of running this type of campaign, and on designing and playing characters who regularly cross between settings. It also provides a wide variety of suitable threats and hazards - from evil cross-time Nazis and cosmic conspiracies to "ordinary" monsters and disasters. And it gives guidelines for building alternate worlds from the

perspectives of the setting, the story, and the rules. Whether you're playing accidental travelers or the hardened troops of the Infinity Patrol, this book is your gateway to adventure. Infinite adventure.

Dave Barry Slept Here Dave Barry 2010-07-28
 "What caused the American Revolution? This is indeed a rhetorical question that for many years historians have begun chapters with. As well they should. For the American Revolution is without a doubt the single most important historical event to occur in this nation except of course for Super Bowl III (Jets 16. Colts 7. This historian won \$35)." So goes the skewed sensibility, the muddled mind, the bent pen of one of America's funniest writers, Dave Barry. This time his subject is U.S. history, the way it's never been told before. Every single momentous event and crucial moment is covered, including . . . • The Birthing Contractions of a Nation • Kicking Some British Butt • Barging Westward • The Forging of a Large, Wasteful Bureaucracy • Deep Economic Doo-doo • The Fifties: Peace, Prosperity, Brain Death . . . and right up through the scintillating Reagan-Bush years, during which, Mr. Barry notes, America is steadfastly Napping Toward Glory. If you love to laugh, if you love your country, if you are unaware that "the Sixth Amendment states that if you are accused of a crime, you have a right to a trial before a jury of people too stupid to get out of jury duty," Dave Barry Slept Here is the book you've been waiting for since 1776. Or at least since Super Bowl III. Praise for Dave Barry Slept Here "A dazzling performance . . . Barry is brilliant."—The Washington Post Book World "[Dave] Barry turns his formidable wit to the subject of American history, with a result reminiscent of the Reduced Shakespeare Company: The better you know the original, the funnier it gets."—Los Angeles Times "I fear that Mr. Barry's dream of making millions of dollars through mass sales of his book to a captive audience of innocent schoolchildren will not be realized, and he will have to be content with making readers laugh a lot, as this one did."—The New York Times Book Review

Tacky Rax King 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. Twelve Years a Slave Solomon Northup 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls

no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
