*A Guide to Poisonous House and Garden Plants*  
Anthony Knight 2007-01-01 This title is an  
excellent resource to help indentify poisonous  
plants in the home and garden and contains the  
most current information about plant toxicity in  
dogs and cats. This essential reference allows

veterinarians to not only identify poisonous  
plants, but also includes the toxic properties of  
the plant and the clinical signs that can be  
expected in animals that ingest the plants. This  
instrumental guide contains detailed discussions  
on the plant toxins, the plant parts that are most  
dangerous and the first aid that should be  
considered. The title includes 192 domestic and  
exotic plant species, with an emphasis on plants  
typically found in and around the home. This  
user friendly guide is organized alphabetically  
by the plant's botanical name, while the index  
includes common names listed to help find the  
specific plant in question. The 350 high quality  
color photos also assist the practitioner in  
accurate plant identification. The highly visual,  
easily accessible format make this title an ideal  
toxically reference for small animal  
practitioners. Published by Teton New Media in  
the USA and distributed by Manson Publishing  
outside of North America.
