2013-12-31 Making Out in Turkish is a fun, accessible and thorough Turkish phrase book and guide to the Turkish language as it's really spoken. Sana hayranım! Seni tekrar ne zaman göreceğim?—(I adore you! When can I see you again?) Answer this correctly in Turkish and you may be going on a hot date. Incorrectly, and you could be hurting someone's feelings or getting a slap! Turkish classes and textbooks tend to spend a lot of time rehearsing for the same fictitious scenarios but chances are while in Turkey you will spend a lot more time trying to make new friends or start new romances—something you may not be prepared for. If you are a student, businessman or tourist traveling to Turkey and would like to have an authentic and meaningful experience, the key is being able to speak like a local. This friendly and easy-to-use Turkish phrasebook makes this

possible. Making Out in Turkish has been carefully designed to act as a guide to modern colloquial Turkish for use in everyday informal interactions—giving access to the sort of catchy Turkish expressions that aren't covered in traditional language materials. Each expression is given in authentic Turkish (turkce) so that in the case of difficulties the book can be shown to the person the user is trying to communicate with. In addition, phonetic spellings are also included making speaking Turkish a breeze. For example "Okay"—Tamam, is also given as ta-MAHM. This Turkish phrasebook includes: A guide to pronouncing Turkish words correctly. Learn Turkish Language Suleyman Karacaoglu 2018-03-31 ONLINE AUDIO: 'Learn Turkish Language: Colloquial Turkish Phrasebook for Friendship and Love' is a unique phrasebook that comes with online audio recorded by native speakers of Turkish residing in Turkey. It is a powerful Turkish language learning tool that gives you a headstart in real,

conversational Turkish, particularly if you plan to settle and live in Turkey, or visit Turkey for business or pleasure, or if your significant other is Turkish. The section 'Turkish for impressing' is jam-packed with expressions you can use to impress your Turkish friends or business associates. These are expressions that lend fluency to your speech (surprise, astonishment, politeness, anger, slang, etc.). When using them, you appear to know more than you might actually know, because a lot of these phrases are not of the kind you find in a regular Turkish grammar book that most foreigners start studying from - they are characteristic of everyday Turkish speech, the living Turkish language. Your Turkish friends will definitely be amused and impressed with your use of the kind of active vocabulary you can acquire through this unique resource. The section 'Turkish for love' gives you the linguistic power to deepen your existing romantic relationship, or to forge a new one in a unique way. The phrases cover different

important categories, such as Compliments, Pick-up Lines, Requests for Love, Marriage Proposals, Wrapping up Conflicts, and much more. Learn to ask for a kiss or a hug in Turkish. Learn how to tell her/him how sexy she/he is. Learn how to ask for forgiveness when the going gets tough. Learn how to attract her/his attention with one of our pick up lines. Give a fresh boost to your love life. There is also a section on vocabulary building with properly categorized essential words. It would be dubious to only know pick up lines but not know the numbers or the days of the week, wouldn't it? Who is this book for? People studying Turkish who are fed up with the typical, boring textbook style People with a crush on a Turkish colleague or friend People already in a relationship with a Turk People who have Turkish friends and would like to pepper their speech with a few jaw-dropping Turkish phrases People travelling to Turkey for business or pleasure People planning to visit Istanbul or the Turkish Mediterranean

A Dictionary of Turkish Verbs Ralph Jaeckel 2006 One of the keys to learning the Turkish language is to understand the importance and function of the verb. The stem of the verb, together with various suffixes of mode, tense, person, along with a subject and/or object, may be the equivalent of an entire English sentence. A Dictionary of Turkish Verbs is an aid to both the beginning and more advanced student of the language by providing approximately 1,000 verbs in context as they appear in up-to-date colloquial Turkish phrases and sentences, or short dialogues in translation. Contrasting English and Turkish ways of expression, this

multipurpose dictionary also helps the English speaker avoid the most common errors--with most verbs cross-referenced to related verbs, synonyms, or antonyms, and to the broader themes or categories of meaning to which they belong. Includes an English-Turkish index and a thesaurus section (using Roget's categories) where verbs of related meaning appear together and a short reference list of verb-forming suffixes. For students at any stage of learning the Turkish language, or for the self-motivated traveler, this unique dictionary will help open the door to greater understanding in an increasingly important area of the world. *Turkish Word of the Day* Word of the Day 2017-11-08 Learn a new Turkish word each and every day. Turkish Phrase Book Yusuf Mardin 1970-01-01 **500 Turkish Words in Context** Halit Demir 2021-06-22 500 Turkish Words in Context provides the most common Turkish words and suffixes for A1 and A2 learners of Turkish. In 500 Turkish Words in Context you will find four sets of words in this order: 1-150 150 nouns 151-300 150 adjectives 300-450 150 verbs 450-500 50 adverbs, pronouns, postpositions, conjunctions, question words, and suffixes Each set includes brief grammar tips and useful patterns. Each word is exemplified in at least one sentence and each example sentence is composed - to a great extent - of the preceding words on the list. So, the carefully structured list enables you to recycle the words you have already studied. Some of the 500 headwords

include further meaning relationships. For example, the headword renk (colour) covers the names of colours and giysi (clothes) covers some items of clothing and footwear. In a similar way, the headword başarmak (to succeed) lists other words from the same root such as başarı (success), başarılı (successful) and başarısız (unsuccessful). So, the number of words you can see in the index is well above 2000. You can practise all words by taking online quizzes and download the audios (4.11 hours) of all the words and example sentences in the book. You can find all the links in the book. 500 Turkish Words in Context also includes: □ the most common everyday expressions and pleasantries. □ a 500-word glossary of English and Turkish words with the same origin. All you need to do to add these words to your vocabulary is to see and hear them once. You will never forget them. □ an index providing easy access to the words and examples. How much can this word list help to improve your Turkish? In a nutshell, a lot. This

core vocabulary covers a great part of any conversation or text in Turkish you will be involved in and provides a sound linguistic foundation to build upon. Personally, I have benefitted tremendously from such a list as a learner of Spanish. After mastering Spanish core vocabulary, I can enjoy Netflix shows and films dubbed in Spanish with the help from Spanish subtitles. I can understand podcasts at A2 level and even daily newspapers to a great extent. My next challenge is to speak the language in real settings. But I have already built enough confidence to hold daily conversations in a variety of settings and survive in a Spanish speaking country.
