Childhood in the Contemporary English Novel Sandra Dinter

2019-10-10 Since the 1980s novels about childhood for adults have been a booming genre within the contemporary British literary market. *Childhood in the Contemporary English Novel* offers the first comprehensive study of this literary trend. Assembling analyses of key works by Ian McEwan, Doris Lessing, P. D. James, Nick Hornby, Sarah Moss and Stephen Kelman and situating them in their cultural and political contexts, Sandra Dinter uncovers both the reasons for the current popularity of such fiction and the theoretical shift that distinguishes it from earlier literary epochs. The book's central argument is that the contemporary English novel draws on the constructivist paradigm shift that revolutionised the academic study of childhood several

decades ago. Contemporary works of fiction, Dinter argues, depart from the notion of childhood as a naturally given phase of life and examine the agents, interests and conflicts involved in its cultural production. Dinter also considers the limits of this new theoretical impetus, observing that authors and scholars alike, even when they claim to conceive of childhood as a construct, do not always give up on the idea of its 'natural' core. Accordingly, this book reconstructs how the English novel between the 1980s and the 2010s oscillates between an acknowledgment of constructivism and an endorsement of childhood as the last irrevocable quintessence of humanity. In doing so, it successfully extends the literary and cultural history of childhood to the immediate present. [Harrington Lesbian Fiction Quarterly 2000](#)

Sweeping in scope, the encyclopedia looks at literature and the arts, associations and organizations, individuals, law and public policy concerns, health and relationships, sexual practices, and various other areas. Entries cite works for further reading, and the encyclopedia closes with a selected, general

bibliography. While extensive biographical entries give readers a sense of the lives of prominent lesbian, gay, bisexual, transgender, and queer Americans, the many topical entries provide full coverage of the challenges and contributions for which these people are known. The encyclopedia supports the social studies curriculum by helping students learn about cultural diversity, and it supports the literature curriculum by helping students learn about LGBTQ writers and their works.

Stonewall Jack Fritscher 2009 "At Stonewall," Jack Fritscher wrote, "gay character changed." In June 1969, the legendary Stonewall Rebellion in New York's Greenwich Village began the national gay civil rights movement. Fritscher, one-time lover of Robert Mapplethorpe and early intimate of elegant Picasso biographer and "Vanity Fair" author John Richardson, is the highly acclaimed novelist, award-winning historian, and polished prose stylist. His best-

selling "Some Dance to Remember: A Memoir-Novel of San Francisco 1970-1982" pairs perfectly with his nonfiction tour de force "Gay San Francisco" as "roots" landmarks in gay literature. "The Advocate" said that "Fritscher writes...wonderful books" and that he made "the Castro mythic." In his fiction collection celebrating Stonewall turning forty, Fritscher-turning seventy-unreels nine perfectly crafted stories introduced by literary critics Richard Labont of A Different Light and by Mark Thompson of "The Advocate." Labont "A sterling collection...perfectly catches our bitchy bravura." Thompson: "Hilarious, exquisite, empowering stories about how fabulous we are." Editor Mark Hemry selected the tales in this edition to show, first, how Stonewall affected gay culture (on the Gay Axis connecting Stonewall to San Francisco), and, second, how Fritscher in the West Coast school of writing helped build the national aftermath of

the East Coast Stonewall. Among fellow authors such as Armistead Maupin, Edmund White, Felice Picano, and the pseudonymous Andrew Holleran, Fritscher is the eldest and the first published (1950s) and is the only lifelong magazine editor, journalist, and photographer. His truly distinctive contribution to GLBT literature has been his widening-precisely with his recurrent themes of humanism and eros-the liminal diversity of the gay literary canon in books such as his controversial memoir of his affair with the much-damned photographer Robert Mapplethorpe in "Mapplethorpe: Assault with a Deadly Camera." "Stonewall " surveys the fictive essence of his 50-year career capturing the character, dialogue, and nuance of the gay culture whose emotional curves he loves. Willie Walker, founder of the GLBT Historical Society of San Francisco, has observed: "Fritscher is a prolific writer who since the late 1960s has helped document the gay world and the changes it has

undergone." Guided by a rather good sense of gaydar in this new collection, Fritscher celebrates gay "drama" and diversity and "brilliant gay voices" in these nine tales scanning the curvature of the gay Earth--from the 1906 earthquake in "Meet Me in San Francisco" through the 1969 Stonewall rebellion up to gay marriage in "Mrs. Dalloway Went That-A-Way."

Recommended for public and academic libraries, and for special collections of gay literature and GLBT studies, as well as for coffee-house, commute, vacation, and bedside reading. "'Stonewall' is pitch-perfect." Thomas Long, editor, "Harrington Gay Men's Fiction Quarterly," University of Connecticut

Lost Gay Novels Anthony Slide 2013-04-03 Searching for an introduction to the shadowy, intriguing world of early 20th century gay-themed fiction? In *Lost Gay Novels*, respected pop culture historian Anthony Slide resurrects fifty early 20th century American novels with gay themes or characters and discusses them in carefully researched, engaging prose. Each entry offers you a detailed discussion of plot and characters, a summary of contemporary critical reception, and biographical information on the often-obscure writer. In *Lost Gay Novels*, another aspect of gay life and society is, in the words the author, “uncloseted,” providing you with an absorbing glimpse into the world of these nearly forgotten books. *Lost Gay Novels* gives you an introduction to: authors who aren't usually associated with homosexuality, including John Buchan, James M. Cain, and Rex Stout the history of gay publishing in the US and abroad gay themes in novels published between 1917 and

1950—with entries from nearly every year! the ways in which the popular culture of the time shaped the authors' attitudes toward homosexuality the difficulty of finding detailed biographical information on little-known authors If you're interested in gay studies or history, or even if you're just looking for a comprehensive guide to titles you've probably never heard of before, *Lost Gay Novels* will be a welcome addition to your collection. The introduction from author Slide—called by the Los Angeles Times “a one-man publishing phenomenon”—provides you with an overview to the basics of this landmark collection. Themes found in many of the titles include death, secrecy, and living a double life, and in reading the entries you will discover just why these themes are so common. As Slide says in his introduction: “The approach of the novelist toward homosexuality may not always be a positive one... but the works are important to an understanding of contemporary

attitudes toward gay men and gay society." Lost Gay Novels will help you further your own understanding of the dynamic relationship between literature and culture, and you will finish the book with a greater appreciation of modern American gay fiction.

Robert Aldrich reconstructs the context of a number of liaisons, including those of famous men such as Cecil Rhodes, E.M. Forster or André Gide, and the historical situations which produced both the Europeans and their non-Western lovers. Colonial lands, which in the late nineteenth and early twentieth century included most of Africa, South and Southeast Asia and the islands of the Pacific and Indian Oceans and the Caribbean, provided a haven for many Europeans whose sexual inclinations did not fit neatly into the constraints of European society. Each of the case-studies is a micro-history

of a particular colonial situation, a sexual encounter, and its wider implications for cultural and political life. Students both of colonial history, and of gender and queer studies, will find this an informative read.

Identity Envy Wanting to Be Who We're Not Jim Tushinski

2014-05-01 Gay men and lesbians present humorous and hard-hitting accounts of the need to belong . . . somewhere Why would a lesbian raised in a Jewish home have a sudden desire to be a tough-talking Catholic girl? And why would a gay man travel to Ireland in a desperate attempt to escape his "hillbilly" roots? Identity Envy—Wanting to Be Who We're Not explores the connections gay men and lesbians have to religions,

racism, ethnicities, classes, families of origin, and genders not their own. This unique anthology takes both humorous and serious looks at the identities of others as queer writers explore their own identity envies in personal essays, memoirs, and other creative nonfiction. Gay men, lesbians, bisexuals, transgendered, intersex, and other sexual minorities often feel marginalized by mainstream culture and have a need to belong somewhere, to claim a group as their own. This surprising book presents stories of identity envy that are humorous and hard-hitting, poignant and provocative, written with energy, wit, and candor by many of your favorite writers—and some exciting newcomers. Identity Envy—Wanting to Be Who We're Not includes: Gerard Wozek's King Fu-infused "Chasing the Grasshopper" Max Pierce's fantasy of being a "Child Star" that helped him through a troubled family life Lori Horvitz's "Shiksa in my Living Room" D. Out of Sequence D. Gilson 2016-06-01 Out of Sequence: The Sonnets Remixed brings together 154 remixes of William Shakespeare's 1609 sonnet sequence. If Shakespeare the auteur and his sonnets have influenced so much of how we think (and act) as humans, this collection asks how might we be un- (and redone) by the conscious act of responding to (or through) these seventeenth-century verses? Here you will find a wide variety of remixes: entries various by their form — poems, short essays, comics, songs, and art; and various by their remixer — poets, essayists, artists, musicians, and scholars. Here you will walk into a queer utopia, a place where things and people touch, though they are too often taught not to.

Fritscher, at eighty, is the San Francisco author whose 50-year career coincides with "Stonewall 50" itself. "At Stonewall," he wrote, "gay character changed." As award-winning historian, magazine editor, and filmmaker who wrote his 1967 dissertation on Tennessee Williams, he is a vivid stylist who represents gay literature as American literature in 20 books including his memoir of his lover Robert Mapplethorpe, "Mapplethorpe: Assault with a Deadly Camera," and his Lammy Finalist and "ForeWord Magazine Book of the Year" winner, "Some Dance to Remember: A Memoir-Novel of San Francisco 1970-1982." "The Advocate" wrote: "Fritscher writes...wonderful books...he made the Castro mythic." Willie Walker, founder, San Francisco GLBT Historical Society, observed: "Fritscher is a prolific writer who since the late 1960s has helped document the gay world and the changes it has undergone." Guided by a veteran elder's canonical sense of gaydar, Fritscher celebrates

gay "drama," diversity, and magical thinking in these ten tales scanning the curvature of the Queer Earth--from the 1906 earthquake in "Meet Me in San Francisco" through the campfest last hour before the NYPD raid in "Stonewall: June 27, 1969, 11 PM", and up to gay marriage in "Mrs. Dalloway Went That-A-Way."

Gay Travels in the Muslim

World Michael Luongo

2013-04-03 Travel beyond the fear and paranoia of 9-11 to experience Muslim culture Gay Travels in the Muslim World journeys where other gay travel books fear to tread—Muslim countries. This thought-provoking book tells both Muslim and non-Muslim gay men's stories of traveling in the Middle East during these difficult political times. The true, very personal tales reveal how gay men celebrate their lives and meetings with local men, including a gay soldier's story of his tour of duty in Iraq. Insightful and at times sexy, this intelligent book goes beyond 9-11 and the present political and cultural divides to illustrate the real experiences of gay men in trouble zones—in an effort to seek peace for all. After the collapse of the Twin Towers, fears about terrorism and Muslim culture went hand in hand. Gay Travels in the

Muslim World enters the current war zones to bring real and very personal stories of gay men who live and travel in these dangerous areas. This book challenges readers' preconceptions and assumptions about both homosexuality and being Muslim, while showing the wide range of experiences—good and bad—about the regions as well as the differences in attitudes and beliefs. Excerpts from *Gay Travels in the Muslim World*: From “I Want Your Eyes” by David Stevens Men by themselves are rare. I pass a handsome Omani man sitting on the Corniche wall with a cigarette between his long brown fingers. He wears his colourful cuma cap at a jaunty angle and his mustard-coloured dishdasha has risen up to reveal tantalizingly hairy calves. I note the carefully made holes in his ears—not in his ear lobes but deep inside the cartilages—a pre-Islamic custom still practiced on some male babies to ward off evil spirits. I decide it suits him.

From “It All Began with Mamadou” by Jay Davidson Drawing definitive conclusions about a society after living here for a little more than a year is not a wise, safe, or responsible action on my part. If a society's culture is a mosaic of thousands of little tiles, then I like to think that what I have been able to piece together has been a tableau in which certain aspects have become discernable, some are a little less clear, and others remain in a way that I will never see as whole and comprehensible. From “A Market and a Mosque” by Martin Foreman Sylhet, Bangladesh: It's eight o'clock in the evening and Tarique and Paritosh are taking me out to look at the cruising spots. Until I flew in here this afternoon, all I knew of the provincial city and the surrounding area was that it was where most of the Bangladeshis in the UK come from—and since most of the Bangladeshis in the UK live in my home borough of Tower Hamlets, I feel a kind of affinity with the place. Whether or not

Sylhet feels an affinity with me is a different matter. From “Work In Progress: Notes From A Continuing Journey of Manufacturing Dissent” by Parvez Sharma In the construction of the image and life of the “queer” Muslim is also the awareness of the not so well known fact that a sexual revolution of immense proportions came to the earliest Muslims, some 1,300 years before the West had even thought about it. This promise of equal gender rights and, unlike in the Bible, the stress on sex as not just reproduction but also enjoyment within the confines of marriage has all but been lost in the rhetoric spewing from loudspeakers perched on Masjid’s—or mosques—in Riyadh, Marrakech and Islamabad. The same Islam that has for centuries not only tolerated but also openly celebrated homosexuality is, today, used to justify a state-sanctioned pogrom against gay men in Egypt—America’s “enlightened” friend in the Middle East. Gay Travels in the

Muslim World is a refreshing, well written look a *Chemistry* Lewis DeSimone 2008 When first they meet, Neil and Zach discovered a sexual and emotional chemistry that could not be denied. Then, as mental illness consumes one, each must grow, repair himself, and work to become stronger and more independent to ultimately conquer the life-crushing consequences wrought by mental illness and emotional dependency.

Chemistry is the story of attraction between lovers, the brain chemistry that determines personality and mood, the medications needed for regaining mental health, and the relationships between people who care for one another. DeSimone debut is an enthralling novel of courage, liberation, and self-realization.
