The Truman White House

Francis H. Heller 2021-10-08
This retrospective study brings together twenty-two key associates of President Truman's to consider the administrative operation of the presidency from 1945 to 1953. A record of the discussions that took place at the conference held in May 1977 sponsored by the Harry S. Truman Library Institute for National and international Affairs, it presents an assortment of views on Truman's administrative philosophies and practices. The contributors are persons who were close to Truman throughout his presidency: members of the

cabinet, the White House staff, and senior officials in Executive Office agencies. Sharing personal reflections are, among others, Charles Brannan, W. Averell Harriman, Leon H. Keyserling, Charles S. Murphy, Richard E. Neustadt, John W. Snyder, Elmer B. Staats, and the late Tom C. Clark. Coordinating the interaction with incisive questions and comments on general administrative history are Edward H. Hobbs of Auburn University, Dorothy Buckton James of the Virginia Polytechnic Institute and State University, Louis W. Koenig of New York University, and Chester A. Newland of the University of Southern California. A number of important administrative aspects of Truman's presidency are touched upon as the participants review the years of their White House experience. They talk about policy making in the areas of national security and foreign affairs, about budget and economic matters, relations with Congress, domestic problems such as civil

rights, presidential appointments, and even press relations. They exchange anecdotes about the president's style and their working relationships with him in staff meetings, cabinet meetings, and private briefing sessions. They consider whether Truman had a chief of staff or the equivalent and debate the "liberal" versus the "conservative stance of the Truman presidency. The creation of the Central Intelligence Agency and the establishment of the National Security Council, the Council of Economic Advisers, and the National Security Resources Board during Truman's administration clearly improved and strengthened the organization of and the institutional aids to the presidency. In answer to the question of what can be learned from the way Truman operated the presidency, however the overriding theme of the exchanges recorded here is that the style of the White House is—inescapably—the president's style. The picture

that emerges in the pages of life and work in Truman's administration is one of informality, enthusiasm, and camaraderie. A family-like atmosphere pervaded the staff, and the president played the crucial role in setting the tone. Thus, the White House between 1945 and 1853 was orderly because Harry Truman was an orderly person; it was profoundly human because that was Truman's way. Truman is remembered by his key associates as a prodigious worker and a thorough professional. To those who wrote and spoke for this volume there is no question that the nation was well served by the way Harry Truman managed his affairs in the White House. Incorporating a broad spectrum of firsthand information on the administrative concepts and practices of the Truman era, this book will be of prime interest to all students of government and executive organization.

ended his second term with an abysmal approval rating, his presidency widely considered a failure. But this dim view of Truman ignores his crucial role in the 20th century and his enduring legacy, as celebrated historian Aida D. Donald explains in this incisive biography of the 33rd president. In *Citizen Soldier*, Donald shows that, for all his failings, Truman deserves recognition as the principal architect of the American postwar world. The son of poor Missouri farmers, Truman overcame professional disaster and personal disillusionment to become something of a hero in the Missouri National Guard during World War I. His early years in politics were tainted by the corruption of his fellow Missouri Democrats, but Truman's hard work and scrupulous honesty eventually landed him a U.S. Senate seat and then the Vice-Presidency. When Franklin Roosevelt passed away in April 1945, Truman unexpectedly found himself at the helm of the American war effort -- and in

command of the atomic bomb, the most lethal weapon humanity had ever seen. Truman's decisive leadership during the remainder of World War II and the period that followed reshaped American politics, economics, and foreign relations; in the process, says Donald, Truman delineated the complex international order that would dominate global politics for the next four decades. Yet his accomplishments, such as the liberal reforms of the Fair Deal, have long been overshadowed by a second term marred by scandal. Until we reevaluate Truman and his presidency, Donald argues, we cannot fully understand the world he helped create. A psychologically penetrating portrait, *Citizen Soldier* candidly weighs Truman's moments of astonishing greatness against his profound shortcomings, offering a balanced treatment of one of America's most consequential -- and misunderstood -- presidents.

The Autobiography of Harry S. Truman Harry S. Truman 1980
The Autobiography of Harry S. Truman is a compilation of autobiographical writings composed by Truman between 1934 and 1972. Taken directly from his own manuscript material, the volume presents the thoughts and feelings of the man himself. The book touches on details in Truman's life from his days as a boy until graduation from Independence High School in 1901 to the vice presidency of the United States and beyond. There is also a memorandum written by Truman about the Pendergast machine in Kansas City telling how it was possible to work with the machine and not be soiled by it. The Autobiography concludes with some of the retired president's thoughts about politics and the purposes of public life. Copyright © Libri GmbH. All rights reserved.

Man of the People Alonzo L. Hamby 1995 Biography of the US President.

Harry S. Truman Nicole L. Anslover 2013-08-22 Harry S. Truman presided over one of the most challenging times in American history—the end of World War II and the onset of the Cold War. Thrust into the presidency after Franklin D. Roosevelt died in office, Truman oversaw the transition to a new, post-war world in which the United States wielded the influence of a superpower. With his humble beginnings and straightforward manner, Truman was the personification of a typical American. As president, however, he dealt with decisions that were anything but typical. His presidency saw the decision to drop the atomic bomb, the integration of the military, and the development of an interventionist foreign policy aimed at ‘containing’ Communism, from providing aid in the Marshall Plan to entering the Korean War. In the post-Cold War era, Harry S. Truman: The Coming of the Cold War provides insight into a pivotal moment in history that laid the foundations of

Downloaded from
activistcash.com on
2021-08-18 by guest

today's politics and international relations. In this concise and accessible biography, Nicole L. Anslover addresses the president's political and personal life to explore the lasting impact that Truman had on American society and America's role in the world. Supplemented by a diverse array of primary documents, including presidential addresses, private letters, and political cartoons, this narrative presents a key American figure to students of history and politics.

The Trials of Harry S.

Truman Jeffrey Frank
2023-03-14 Jeffrey Frank, author of the bestselling *Ike and Dick*, returns with the "beguiling" (The New York Times) first full account of the Truman presidency in nearly thirty years, recounting how a seemingly ordinary man met the extraordinary challenge of leading America through the pivotal years of the mid-20th century. The nearly eight years of Harry Truman's presidency—among the most turbulent in American

history—were marked by victory in the wars against Germany and Japan; the first use of an atomic bomb and the development of far deadlier weapons; the start of the Cold War and the creation of the NATO alliance; the Marshall Plan to rebuild the wreckage of postwar Europe; the Red Scare; and the fateful decision to commit troops to fight a costly "limited war" in Korea. Historians have tended to portray Truman as stolid and decisive, with a homespun manner, but the man who emerges in *The Trials of Harry S. Truman* is complex and surprising. He believed that the point of public service was to improve the lives of one's fellow citizens and fought for a national health insurance plan. While he was disturbed by the brutal treatment of African Americans and came to support stronger civil rights laws, he never relinquished the deep-rooted outlook of someone with Confederate ancestry reared in rural Missouri. He was often carried along by the rush of events and guided by men who

Downloaded from
[activistcash.com](https://www.activistcash.com) on
2021-08-18 by guest

succeeded in refining his fixed and facile view of the postwar world. And while he prided himself on his Midwestern rationality, he could act out of instinct and combativeness, as when he asserted a president's untested power to seize the nation's steel mills. The Truman who emerges in these pages is a man with generous impulses, loyal to friends and family, and blessed with keen political instincts, but insecure, quick to anger, and prone to hasty decisions. Archival discoveries, and research that led from Missouri to Washington, Berlin and Korea, have contributed to an indelible and "intimate" (The Washington Post) portrait of a man, born in the 19th century, who set the nation on a course that reverberates in the 21st century, a leader who never lost a schoolboy's love for his country and its Constitution. The Man from Missouri Cyril Clemens 2008-06 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks,

notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Harry S. Truman Robert H. Ferrell 2003-11-21 Each volume in the new American Presidents Reference Series is organized around an individual presidency and gathers a host of biographical, analytical, and primary source historical material that will analyze the presidency and bring the president, his administration, and his times to life. The series focuses on key moments in U.S. political history as seen through the eyes of the most influential presidents to take the oath of office. Unique headnotes provide the context to data, tables and excerpted primary source documents. Harry Truman was born on May 8, 1884. He served with distinction during World War I

Downloaded from
activistcash.com on
2021-08-18 by guest

as a commander of an artillery battery, and he ultimately attained the rank of major. In 1922, with the support of political boss Tom Pendergast, Truman was elected as a county judge. He lost reelection, but then won again as presiding judge in 1926 and 1930. In 1934 Truman was elected to the U.S. Senate, where he supported President Franklin Roosevelt's New Deal policies and entry into World War II. When Vice President Henry Wallace alienated Democratic Party leaders, Truman was nominated for vice president. On April 12, 1945, eighty-two days into Truman's vice presidency, Roosevelt died in Warm Springs, Georgia. At the age of sixty-one, Truman was sworn in as the thirty-third president of the United States. Key events during the Truman presidency include victory in World War II and Truman's decision to drop atomic bombs on Japan, the start of the cold war with the Soviet Union and its eastern European satellites, the Marshall Plan, the Berlin airlift, the Fair Deal, price-

control legislation, and the McCarthy hearings. In March 1952 Truman announced that he would not seek reelection. Harry S. Truman died on December 26, 1972. This new volume on the presidency of Harry S. Truman will cover campaigns, elections, and the Pendergast connection, Senator Truman, particularly his chairmanship of the Special Committee to Investigate the National Defense Program, FDR, World War II, and the atomic bomb decision, Joseph McCarthy, the cold war, and the police action in Korea, civil rights.

Harry S Truman Judy Alter 2002 Traces the life of the president who ordered the dropping of nuclear bombs on Japan. Includes Internet links to Web sites, source documents, and photographs related to Harry Truman.

including World War II, the Cold War, the Marshall Plan, and the Korean War. Information about his childhood, family, personal life, and retirement years is included. A timeline, fast facts, and sidebars provide additional information. Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABDO.

Harry S. Truman Jeffery Blane Cook 2011 Truman, the thirty-third president of the United States, was thrust into office on April 12th, 1945. His path to the presidency did not follow a straight trajectory. Truman had been an ordinary American, growing up in the Midwest where he was raised by parents who were unable to provide the benefits associated with rank or status. Truman made up for his lack of pedigree through dedication and hard work. However, hard work did not always mean immediate reward, as was the case with life on the family farm or Truman's numerous

business failures. In fact, failure was one of the guiding constants in his life, but the man always managed to overcome obstacles and personal setbacks. This book examines Harry S. Truman, focusing on his long road from ordinary American to president of the United States.

Citizen Soldier Aida Donald 2012-10-02 Historian Donald charts the life and legacy of the 33rd president, Harry Truman, who rose from a modest background to preside over the end of World War II and the beginning of the Cold War--one of the most momentous shifts of the 20th century.

Citizen Soldier Aida D. Donald 2013 Historian Donald charts the life and legacy of the 33rd president, Harry Truman, who rose from a modest background to preside over the end of World War II and the beginning of the Cold War--one of the most momentous shifts of the 20th century.

Truman David McCullough 2003-08-20 The Pulitzer Prize-winning biography of Harry S. Truman, whose

Downloaded from
activistcash.com on
2021-08-18 by guest

presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War, told by America's beloved and distinguished historian. The life of Harry S. Truman is one of the greatest of American stories, filled with vivid characters—Roosevelt, Churchill, Stalin, Eleanor Roosevelt, Bess Wallace Truman, George Marshall, Joe McCarthy, and Dean Acheson—and dramatic events. In this riveting biography, acclaimed historian David McCullough not only captures the man—a more complex, informed, and determined man than ever before imagined—but also the turbulent times in which he rose, boldly, to meet unprecedented challenges. The last president to serve as a living link between the nineteenth and the twentieth centuries, Truman's story spans the raw world of the Missouri frontier, World War I, the powerful Pendergast machine of Kansas City, the legendary Whistle-Stop

Campaign of 1948, and the decisions to drop the atomic bomb, confront Stalin at Potsdam, send troops to Korea, and fire General MacArthur. Drawing on newly discovered archival material and extensive interviews with Truman's own family, friends, and Washington colleagues, McCullough tells the deeply moving story of the seemingly ordinary "man from Missouri" who was perhaps the most courageous president in our history.

Harry S. Truman Robert H. Ferrell 2013-07-22 Few U.S. presidents have captured the imagination of the American people as has Harry S. Truman, "the man from Missouri." In this major new biography, Robert H. Ferrell, widely regarded as an authority on the thirty-third president, challenges the popular characterization of Truman as a man who rarely sought the offices he received, revealing instead a man who—with modesty, commitment to service, and basic honesty—moved with method and system toward the

presidency. Truman was ambitious in the best sense of the word. His powerful commitment to service was accompanied by a remarkable shrewdness and an exceptional ability to judge people. He regarded himself as a consummate politician, a designation of which he was proud. While in Washington, he never succumbed to the "Potomac fever" that swelled the heads of so many officials in that city. A scrupulously honest man, Truman exhibited only one lapse when, at the beginning of 1941, he padded his Senate payroll by adding his wife and later his sister. From his early years on the family farm through his pivotal decision to use the atomic bomb in World War II, Truman's life was filled with fascinating events. Ferrell's exhaustive research offers new perspectives on many key episodes in Truman's career, including his first Senate term and the circumstances surrounding the Truman Doctrine and the Marshall Plan. In addition, Ferrell taps

many little-known sources to relate the intriguing story of the machinations by which Truman gained the vice presidential nomination in 1944, a position which put him a heartbeat away from the presidency. No other historian has ever demonstrated such command over the vast amounts of material that Robert Ferrell brings to bear on the unforgettable story of Truman's life. Based upon years of research in the Truman Library and the study of many never-before-used primary sources, Harry S. Truman is destined to become the authoritative account of the nation's favorite president.

The Accidental President

Albert J. Baime 2017 During the atomic, earthshaking first 120 days of Harry Truman's unlikely presidency, an unprepared, small-town man had to take on Germany, Japan, Stalin, and a secret weapon of unimaginable power--marking the most dramatic rise to greatness in American history.

Harry S. Truman Robert Dallek 2008-09-02 The

plainspoken man from Missouri who never expected to be president yet rose to become one of the greatest leaders of the twentieth century In April 1945, after the death of Franklin Delano Roosevelt, the presidency fell to a former haberdasher and clubhouse politician from Independence, Missouri. Many believed he would be overmatched by the job, but Harry S. Truman would surprise them all. Few chief executives have had so lasting an impact. Truman ushered America into the nuclear age, established the alliances and principles that would define the cold war and the national security state, started the nation on the road to civil rights, and won the most dramatic election of the twentieth century—his 1948 "whistlestop campaign" against Thomas E. Dewey. Robert Dallek, the bestselling biographer of John F. Kennedy and Lyndon B. Johnson, shows how this unassuming yet supremely confident man rose to the occasion. Truman clashed with Southerners over

civil rights, with organized labor over the right to strike, and with General Douglas MacArthur over the conduct of the Korean War. He personified Thomas Jefferson's observation that the presidency is a "splendid misery," but it was during his tenure that the United States truly came of age.

Harry S. Truman (Great Neck Biography) 2005
Harry S. Truman Robert Hugh Ferrell 1997
Plain Speaking Merle Miller 2018-04-24 "Never has a President of the United States, or any head of state for that matter, been so totally revealed, so completely documented" (Robert A. Arthur). *Plain Speaking* is the

bestselling book based on conversations between Merle Miller and the thirty-third President of the United States, Harry S. Truman. From these interviews, as well as others who knew him over the years, Miller transcribes Truman's feisty takes on everything from his personal life, military service, and political career to the challenges he faced in taking the office during the final days of World War II and the beginning of the Cold War. Using a series of taped discussions from 1962 that never aired on television, *Plain Speaking* takes an opportunity to deliver exactly how Mr. Truman felt about the presidency, and his thoughts in his later years on his accomplishments and the legacy he left behind. "The values of *Plain Speaking*, on the whole, are those of the highest form of political communication: the bull session. As with all good bull sessions, what is said here ranges widely in quality and seriousness, as one should expect when dealing with a

complex man.” —The New York Times “Plain Speaking has a nostalgic, downhome quality of good friends gossiping over the back fence, or saying their piece of a twilight eve rocking on the porch—and if those fellas back in Washington have their secret machines running, well, they won’t like what they overhear. Not one little bit.”

—Kirkus Reviews

Off the Record Harry S.

Truman 1997 "Gathered for the first time, Truman's private papers--diaries, letters, and memoranda--cover the period from his occupancy of the White House in 1945 to shortly before his death in 1972.

Students and scholars will find valuable material on major events of the Truman years, from the Potsdam Conference to the Korean War."--Publishers website.

Harry S. Truman - The Man of Independence (Biography)

Biographiq 2008-03 Harry S.

Truman - The Man of

Independence is the biography of Harry S. Truman, the thirty-third President of the United States (1945-1953). As Vice

President, Truman succeeded to the office of President upon the death of Franklin D.

Roosevelt. Truman's

presidency was eventful in foreign affairs, with the end of World War II and his decision

to use nuclear weapons in combat, the founding of the United Nations, and the

Marshall Plan to rebuild

Europe. Truman was a key

figure in the establishment of

the Jewish state in the

Palestine Mandate. Truman

was also a strong supporter of

the North Atlantic Treaty

Organization (NATO). When he

left office in 1953, Truman was

seen as one of the most

unpopular chief executives in

American history. Harry S.

Truman - The Man of

Independence is highly

recommended for those

interested in learning more

about the life of President

Harry S. Truman.

reader. From classic novels that have withstood the test of time to contemporary page-turners, the library pulsates with life. The Harry S Truman A Life of content is evident, offering a dynamic range of PDF eBooks that oscillate between profound narratives and quick literary escapes.

One of the defining features of Harry S Truman A Life is the orchestration of genres, creating a symphony of reading choices. As you navigate through the Harry S Truman A Life, you will encounter the perplexity of options — from the structured complexity of science fiction to the rhythmic simplicity of romance. This diversity ensures that every reader, irrespective of their literary taste, finds Harry S Truman A Life within the digital shelves.

In the realm of digital literature, burstiness is not just about variety but also the joy of discovery. Harry S Truman A Life excels in this dance of discoveries. Regular updates

ensure that the content landscape is ever-changing, introducing readers to new authors, genres, and perspectives. The unpredictable flow of literary treasures mirrors the burstiness that defines human expression.

An aesthetically pleasing and user-friendly interface serves as the canvas upon which Harry S Truman A Life paints its literary masterpiece. The website's design is a testament to the thoughtful curation of content, offering an experience that is both visually appealing and functionally intuitive. The bursts of color and images harmonize with the perplexity of literary choices, creating a seamless journey for every visitor.

The download process on Harry S Truman A Life is a symphony of efficiency. The user is greeted with a straightforward pathway to their chosen eBook. The burstiness in the download speed ensures that the literary

delight is almost instantaneous. This seamless process aligns with the human desire for swift and uncomplicated access to the treasures held within the digital library.

A key aspect that distinguishes activistcash.com is its commitment to responsible eBook distribution. The platform adheres strictly to copyright laws, ensuring that every download Harry S Truman A Life is a legal and ethical endeavor. This commitment adds a layer of ethical perplexity, resonating with the conscientious reader who values the integrity of literary creation.

activistcash.com doesn't just offer Harry S Truman A Life; it fosters a community of readers. The platform provides space for users to connect, share their literary explorations, and recommend hidden gems. This interactivity adds a burst of social connection to the reading experience, elevating it beyond a solitary pursuit.

In the grand tapestry of digital

literature, activistcash.com stands as a vibrant thread that weaves perplexity and burstiness into the reading journey. From the nuanced dance of genres to the swift strokes of the download process, every aspect resonates with the dynamic nature of human expression. It's not just a Harry S Truman A Life eBook download website; it's a digital oasis where literature thrives, and readers embark on a journey filled with delightful surprises.
