Let's Pretend This Never Happened Jenny

Lawson 2013-03-05 The #1 New York Times

bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let’s Pretend This Never Happened*, Lawson’s long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. his "nearly invisible" partner, Sergeant Barry Blunt, who investigate a locked-room mystery with a significant twist: the prime suspects are in the locked room, not the victim, a logic-defying situation that challenges the team at every turn. As if murder weren't enough, they must also investigate the simultaneous disappearance of The MacGuffin Trophy from that same locked room, the studio of artist Whitney Waters, famous for her stylized paintings of red herrings. Who is/are the killer(s)? How did he/she/they get out of the locked room with the trophy, kill the victim, and return unnoticed by others in the room? These and other questions, including the limits of logic and the meaning of life, are posed and perhaps even answered in this quirky, near-future mystery. Yes, there are robots.
