## **A Million Years in a Day** Greg Jenner

2016-06-21 Who invented beds? When did we start cleaning our teeth? How old are wine and beer? Which came first: the toilet seat or toilet paper? What was the first clock? Every day, from the moment our alarm clock wakes us in the morning until our head hits our pillow at night, we all take part in rituals that are millennia old. Structured around one ordinary day, *A Million Years in a Day* reveals the astonishing origins and development of the daily practices we take for granted. In this gloriously entertaining romp through human history, Greg Jenner explores the gradual—and often unexpected—evolution of our daily routines. This is not a story of wars, politics, or great events. Instead, Jenner has

scoured Roman rubbish bins, Egyptian tombs, and Victorian sewers to bring us the most intriguing, surprising, and sometimes downright silly historical nuggets from our past. Drawn from across the world, spanning a million years of humanity, this book is a smorgasbord of historical delights. It is a history of all those things you always wondered about—and many you have never considered. It is the story of your life, one million years in the making.

Dirty Wars and Polished Silver Lynda Schuster 2018-09-25 From a former Wall Street Journal foreign correspondent, an exuberant memoir of life, love, and transformation on the frontlines of conflicts around the world Growing up in 1970s Detroit, Lynda Schuster felt certain life was happening elsewhere. And as soon as she graduated from high school, she set out to find it. *Dirty Wars and Polished Silver* is Schuster's story of her life abroad as a foreign correspondent in war-torn countries, and, later, as the wife of a U.S. Ambassador. It chronicles her time working on a kibbutz in Israel, reporting on uprisings in Central America and a financial crisis in Mexico, dodging rocket fire in

Lebanon, and grieving the loss of her first husband, a fellow reporter, who was killed only ten months after their wedding. But even after her second marriage, to a U.S. diplomat, all the black-tie parties and personal staff and genteel “Ambassatrix School” grooming in the world could not protect her from the violence of war. Equal parts gripping and charming, *Dirty Wars and Polished Silver* is a story about one woman's quest for self-discovery—only to find herself, unexpectedly, more or less back where she started: wiser, saner, more resolved. And with all her limbs intact.

Uglies Scott Westerfeld 2011-05-03 A fresh repackaging of the bestselling Uglies books...the series that started the whole dystopian trend!

**After Dark** Haruki Murakami 2010-07-07 A short, sleek novel of encounters set in the witching hours of Tokyo between midnight and dawn, and every bit as gripping as Haruki Murakami's masterworks *The Wind-Up Bird Chronicle* and *Kafka on the Shore*. At its center are two sisters: Yuri, a fashion model sleeping her way into oblivion; and Mari, a young student soon led from solitary reading at an anonymous Denny's into lives radically alien to her own: those of a jazz trombonist who claims they've met before; a burly female "love hotel" manager and her maidstaff; and a Chinese prostitute savagely brutalized by a businessman. These "night people" are haunted by secrets and needs that draw them together more powerfully than the differing circumstances that might keep them apart, and it soon becomes clear that Yuri's slumber—mysteriously tied to the businessman plagued by the mark of his crime—will either restore or annihilate her. After *Dark* moves from mesmerizing drama to

metaphysical speculation, interweaving time and space as well as memory and perspective into a seamless exploration of human agency—the interplay between self-expression and understanding, between the power of observation and the scope of compassion and love. Murakami’s trademark humor, psychological insight and grasp of spirit and morality are here distilled with an extraordinary, harmonious mastery.

**Investigations of a Dog** Franz Kafka  
2018-02-22 'If I think about it, and I have the time and inclination and capacity to do so, we dogs are an odd lot.' How does a dog see the world? How do any of us? In this playful and enigmatic story of a canine philosopher, Kafka explores the limits of knowledge. Penguin Modern: fifty new books celebrating the pioneering spirit of the iconic Penguin Modern Classics series, with each one offering a concentrated hit of its contemporary, international flavour. Here are authors ranging

**Competing Visions** Robert Cherny 2014 With a strong social emphasis and succinct narrative, **COMPETING VISIONS: A HISTORY OF CALIFORNIA**, 2E chronicles the stories of people who have had an impact on the state's history while presenting California as a hub of competing economic, social, and political visions. It highlights the state's cultural diversity and explicitly compares it to other Western states, the nation, and the world--illustrating the national and international significance of California's history. Its chronological organization and thematic approach enables readers to keep track of events and fully understand their significance. Telling the full

story, the text concludes by discussing such current events as immigration and demographic changes, the Occupy Movement, energy challenges, and more.

**The Role of Federal Military Forces in Domestic Disorders, 1789-1878** Robert W. Coakley 1996-04 Describes the essential elements of the incidents from the Whiskey Rebellion in 1794 to the Reconstruction that followed the Civil War and the ways in which federal military force was applied in each case. Includes: the Fries Rebellion, the Burr Conspiracy, Slave Rebellions, the Nullification Crisis, the Chesapeake and Ohio Canal Riots, the 3Buckshot War2, the Patriot War, the Dorr Rebellion, the Army as Posse Comitatus, San Francisco Vigilantes, the Utah Expedition, the Civil War, etc. Extensive bibliography. **Metamorphosis** Franz Kafka 2021-03-19 Franz Kafka, the author has very nicely narrated the

story of Gregou Samsa who wakes up one day to discover that he has metamorphosed into a bug. The book concerns itself with the themes of alienation and existentialism. The author has written many important stories, including "The Judgement", and much of his novels "Amerika", "The Castle", "The Hunger Artist". Many of his stories were published during his lifetime but many were not. Over the course of the 1920s and 30s Kafka's works were published and translated instantly becoming landmarks of twentieth-century literature. Ironically, the story ends on an optimistic note, as the family puts itself back together. The style of the book epitomizes Kafka's writing. Kafka very interestingly, used to present an impossible situation, such as a man's transformation into an insect, and develop the story from there with perfect realism and intense attention to detail. The Metamorphosis is an autobiographical piece of writing, and we find that parts of the story reflect Kafka's own life.

**Autumn in the Heavenly Kingdom** Stephen R. Platt 2012 A gripping account of China's nineteenth-century Taiping Rebellion, one of the largest civil wars in history. Autumn in the Heavenly Kingdom brims with unforgettable characters and vivid re-creations of massive and often gruesome battles--a sweeping yet intimate portrait of the conflict that shaped the fate of modern China. The story begins in the early 1850s, the waning years of the Qing dynasty, when word spread of a major revolution brewing in the provinces, led by a failed civil servant who claimed to be the son of God and brother of Jesus. The Taiping rebels drew their power from the poor and the disenfranchised, unleashing the ethnic rage of millions of Chinese against their Manchu rulers. This homegrown movement seemed all but unstoppable until Britain and the United States stepped in and threw their support behind the Manchus: after years of massive carnage, all opposition to Qing rule was effectively snuffed out for generations. Stephen

R. Platt recounts these events in spellbinding detail, building his story on two fascinating characters with opposing visions for China's future: the conservative Confucian scholar Zeng Guofan, an accidental general who emerged as the most influential military strategist in China's modern history; and Hong Rengan, a brilliant Taiping leader whose grand vision of building a modern, industrial, and pro-Western Chinese state ended in tragic failure. This is an essential and enthralling history of the rise and fall of the movement that, a century and a half ago, might have launched China on an entirely different path into the modern world.

In 1851, seventeen-year-old Roan arrives at the Mill House as a ward--one of three, all with something to hide from their new guardian. **The Complete Poetry of James Hearst** James

Hearst 2001 Part of the regionalist movement that included Grant Wood, Paul Engle, Hamlin Garland, and Jay G. Sigmund, James Hearst helped create what Iowa novelist Ruth Suckow called a poetry of place. A lifelong Iowa farmer, Hearst began writing poetry at age nineteen and eventually wrote thirteen books of poems, a novel, short stories, cantatas, and essays, which gained him a devoted following. Many of his poems were published in the regionalist periodicals of the time, including the *Midland*, and by the great regional presses, including Carroll Coleman's Prairie Press. Drawing on his experiences as a farmer, Hearst wrote with a distinct voice of rural life and its joys and conflicts, of his own battles with physical and emotional pain (he was partially paralyzed in a farm accident), and of his own place in the world. His clear eye offered a vision of the midwestern agrarian life that was sympathetic but not sentimental - a people and an art rooted in place.

**A Psalm for the Wild-Built** Becky Chambers  
2021-07-13 Winner of the Hugo Award! In *A Psalm for the Wild-Built*, bestselling Becky Chambers's delightful new Monk and Robot series, gives us hope for the future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of "what do people need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Books In Print 2004-2005 Ed Bowker Staff 2004  
**The Complete Stories** Flannery O'Connor 1971  
Winner of the National Book Award The publication of this extraordinary volume firmly established Flannery O'Connor's monumental contribution to American fiction. There are thirty-one stories here in all, including twelve that do not appear in the only two story collections O'Connor put together in her short lifetime--*Everything That Rises Must Converge* and *A Good Man Is Hard to Find*. O'Connor published her first story, "The Geranium," in 1946, while she was working on her master's degree at the University of Iowa. Arranged chronologically, this collection shows that her last story, "Judgement Day"--sent to her publisher shortly before her death—is a brilliantly rewritten and transfigured version of "The Geranium." Taken together, these stories reveal a lively, penetrating talent that has given us some of the most powerful and disturbing fiction of the twentieth century. Also included is

an introduction by O'Connor's longtime editor and friend, Robert Giroux.

The Scottish Fairy Book Elizabeth Wilson Grierson 2020-09-28 There are, roughly speaking, two distinct types of Scottish Fairy Tales. There are what may be called "Celtic Stories," which were handed down for centuries by word of mouth by professional story-tellers, who went about from clachan to clachan in the "Highlands and Islands," earning a night's shelter by giving a night's entertainment, and which have now been collected and classified for us by Campbell of Isla and others. These stories, which are also common to the North of Ireland, are wild and fantastic, and very often somewhat monotonous, and their themes are strangely alike. They almost always tell of some hero or heroine who sets out on some dangerous quest, and who is met by giants, generally three in number, who appear one after the other; with whom they hold quaint dialogues, and whom eventually they slay. Most of them are fairly

long, and although they have a peculiar fascination of their own, they are quite distinct from the ordinary Fairy Tale. These latter, in Scotland, have also a character of their own, for there is no country where the existence of Spirits and Goblins has been so implicitly believed in up to a comparatively recent date. As a proof of this we can go to Hogg's tale of "The Wool-gatherer," and see how the countryman, Barnaby, voices the belief of his day. "Ye had need to tak care how ye dispute the existence of fairies, brownies, and apparitions! Ye may as weel dispute the Gospel of Saint Matthew." Perhaps it was the bleak and stern character of their climate, and the austerity of their religious beliefs which made our Scottish forefathers think of the spirits in whom they so firmly believed, as being, for the most part, mischievous and malevolent. Their Bogies, their Witches, their Kelpies, even their Fairy Queen herself, were supposed to be in league with the Evil One, and to be compelled, as Thomas of

Ercildoune was near finding out to his cost, to pay a "Tiend to Hell" every seven years; so it was not to be wondered at, that these uncanny beings were dreaded and feared. But along with this dark and gloomy view, we find touches of delicate playfulness and brightness. The Fairy Queen might be in league with Satan, but her subjects were not all bound by the same law, and many charming tales are told of the "sith" or silent folk, who were always spoken of with respect, in case they might be within earshot, who made their dwellings under some rocky knowe, and who came out and danced on the dewy sward at midnight.

**In the Time of the Butterflies** Julia Alvarez  
2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the

story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's

*Evangeline* Henry Wadsworth Longfellow 1878  
April 1865 Jay Winik 2010-11-16 One month in 1865 witnessed the frenzied fall of Richmond, a daring last-ditch Southern plan for guerrilla warfare, Lee's harrowing retreat, and then, Appomattox. It saw Lincoln's assassination just five days later and a near-successful plot to decapitate the Union government, followed by chaos and coup fears in the North, collapsed negotiations and continued bloodshed in the South, and finally, the start of national reconciliation. In the end, April 1865 emerged as

not just the tale of the war's denouement, but the story of the making of our nation. Jay Winik offers a brilliant new look at the Civil War's final days that will forever change the way we see the war's end and the nation's new beginning. Uniquely set within the larger sweep of history and filled with rich profiles of outsize figures, fresh iconoclastic scholarship, and a gripping narrative, this is a masterful account of the thirty most pivotal days in the life of the United States.

And the Trees Crept In Dawn Kurtagich 2016-09-06 A stunning, terrifying novel about a house the color of blood and the two sisters who are trapped there, by The Dead House author Dawn Kurtagich When Silla and Nori arrive at their aunt's home, it's immediately clear that the "blood manor" is cursed. The creaking of the house and the stillness of the woods surrounding them would be enough of a sign, but there are secrets too--the questions that Silla can't ignore: Who is the beautiful boy that's appeared from

the woods? Who is the man that her little sister sees, but no one else? And why does it seem that, ever since they arrived, the trees have been creeping closer? Filled with just as many twists and turns as *The Dead House*, and with achingly beautiful, chilling language that delivers haunting scenes, *AND THE TREES CREPT IN* is the perfect follow-up novel for master horror writer Dawn Kurtagich.

**All that is Solid Melts Into Air** Marshall Berman 1983 The experience of modernization -- the dizzying social changes that swept millions of people into the capitalist world -- and modernism in art, literature and architecture are brilliantly integrated in this account.
