The Geography of Bliss Eric Weiner 2008-01-03 Now a new series on Peacock with Rainn Wilson, *THE GEOGRAPHY OF BLISS* is part travel memoir, part humor, and part twisted self-help guide that takes the viewer across the globe to investigate not what happiness is, but WHERE it is. Are people in Switzerland happier because it is the most democratic country in the world? Do citizens of Qatar, awash in petrodollars, find joy in all that cash? Is the King of Bhutan a visionary for his initiative to calculate Gross National Happiness? Why is Asheville, North Carolina so damn happy? In a unique mix of travel, psychology, science and humor, Eric Weiner answers those questions and many others, offering travelers of all moods some interesting new ideas for sunnier destinations and dispositions.

The Roads to Sata Alan Booth 2020-10-29 'A memorable, oddly beautiful book' Wall Street Journal 'A marvellous glimpse of the Japan that rarely peeks through the country's public image' Washington Post One sunny spring morning in the 1970s, an unlikely Englishman set out on a pilgrimage that would take him across the entire length of Japan. Travelling only along small back roads, Alan Booth travelled on foot from Soya, the country's northernmost tip, to Sata in the extreme south, traversing three islands and some 2,000 miles of rural Japan. His mission: 'to come to grips with the business of living here,' after having spent most of his adult life in Tokyo. *The Roads to Sata* is a wry, witty, inimitable account of that prodigious trek, vividly revealing the reality of life in off-the-tourist-track Japan. Journeying alongside Booth, we encounter the wide variety of people who inhabit the Japanese countryside - from fishermen and soldiers, to bar hostesses and school teachers, to hermits, drunks and the homeless. We glimpse vast stretches of coastline and rambling townscapes, mountains and motorways; watch baseball games and sunrises; sample trout and Kilimanjaro beer, hear folklore, poems and smutty jokes. Throughout, we enjoy the wit and insight of a uniquely perceptive guide, and more importantly, discover a new face of an often-misunderstood nation.

King Leopold's Ghost Adam Hochschild 2019-05-14 With an introduction by award-winning novelist Barbara Kingsolver In the late nineteenth century, when the great powers in Europe were tearing Africa apart and seizing ownership of land for themselves, King Leopold of Belgium took hold of the vast and mostly unexplored territory surrounding the Congo River. In his devastatingly barbarous colonization of this area, Leopold stole its rubber and ivory, pummeled its people and set up a ruthless regime that would reduce the population by half. . While he did all this, he carefully constructed an image of himself as a deeply feeling humanitarian. Winner of the Duff Cooper Prize in 1999, *King Leopold's Ghost* is the true and haunting account of this man's brutal regime and its lasting effect on a ruined nation. It is also the inspiring and deeply moving account of a handful of missionaries and other idealists who travelled to Africa and unwittingly found themselves in the middle of a gruesome holocaust. Instead of turning away, these brave few chose to stand up against Leopold. Adam Hochschild brings

life to this largely untold story and, crucially, casts blame on those responsible for this atrocity.

I'm Looking Through You Jennifer Finney Boylan 2008-10-21 From the famous gender rights activist and bestselling author of *She's Not There* comes another buoyant, unforgettable memoir—about growing up in a haunted house...and making peace with the ghosts that dwell in our hearts. For Jennifer Boylan, creaking stairs, fleeting images in the mirror, and the remote whisper of human voices were everyday events in the Pennsylvania house in which she grew up in the 1970s. But these weren't the only specters beneath the roof of the mansion known as the "Coffin House." Jenny herself—born James—lived in a haunted body, and both her mysterious, diffident father and her wild, unpredictable sister would soon become ghosts to Jenny as well. *I'm Looking Through You* is an engagingly candid investigation of what it means to be "haunted." Looking back on the spirits who invaded her family home, Boylan launches a full investigation with the help of a group of earnest, if questionable, ghostbusters. Boylan also examines the ways we find connections between the people we once were and the people we become. With wit and eloquence, Boylan shows us how love, forgiveness, and humor help us find peace—with our ghosts, with our loved ones, and with the uncanny boundaries, real and imagined, between men and women.

The Legacy of the Grand Tour Lisa Colletta 2015-12-09 The topos of the journey is one of the oldest in literature, and even in this age of packaged tours and mediated experience, it still remains one of the most compelling. This volume examines the ways in which the legacy of the Grand Tour is still evident in works of travel and literature. From its aristocratic origins and the permutations of sentimental and romantic travel to the age of tourism and globalization, the Grand Tour still influences the destinations tourists choose and shapes the ideas of culture and sophistication that surround the act of travel. The essays in this collection examine a wide variety of literature—travel, memoir, and fiction—and explore the ways travel and ideas of "culture" have evolved since the heyday of the Grand Tour in the 18th century. The sites of the Grand Tour remain a powerful cultural draw, and they continue to define ideas of taste and learning for those who visit them.

When You Reach Me Rebecca Stead 2009-07-14 "Like *A Wrinkle in Time* (Miranda's favorite book), *When You Reach Me* far surpasses the usual whodunit or sci-fi adventure to become an incandescent exploration of 'life, death, and the beauty of it all.'" —The Washington Post This Newbery Medal winner that has been called "smart and mesmerizing," (The New York Times) and "superb" (The Wall Street Journal) will appeal to readers of all types, especially those who are looking for a thought-provoking mystery with a mind-blowing twist. Shortly after a fall-out with her best friend, sixth grader Miranda starts receiving mysterious notes, and she doesn't know what to do. The notes tell her that she must write a letter—a true story, and that she can't share her mission with anyone. It would be easy to ignore the strange messages, except that whoever is leaving them has an uncanny ability to predict the future. If that is the case, then Miranda has a big problem—because the notes tell her that someone is going to die, and she might be too late to stop it. Winner of the Boston Globe-Horn Book Award for Fiction A New York Times Bestseller and Notable Book Five Starred Reviews A Junior Library Guild Selection "Absorbing." —People "Readers ... are likely to find themselves chewing over the details of this superb and intricate tale long afterward." —The Wall Street Journal "Lovely and almost impossibly clever." —The Philadelphia Inquirer "It's easy to imagine readers studying Miranda's story as many times as she's read L'Engle's, and spending hours pondering the provocative questions it raises." —Publishers Weekly, Starred review

Traveling with Ghosts Shannon Leone Fowler 2017-02-21 A “rich, unblinking” (USA TODAY) memoir that moves from grief to reckoning to reflection to solace as a marine biologist shares the solo worldwide journey she took after her fiancé suffered a fatal box jellyfish attack in Thailand. In the summer of 2002, Shannon Leone Fowler was a blissful twenty-eight-year-old marine biologist, spending the summer backpacking through Asia with the love of her life—her fiancé, Sean. He was holding her in the ocean’s shallow waters off the coast of Ko Pha Ngan, Thailand, when a box jellyfish—the most venomous animal in the world—wrapped around his legs, stinging and killing him in a matter of minutes, irreparably changing Shannon’s life forever. Untethered and unsure how to face returning to her life’s work—the ocean—Shannon sought out solace in a passion she shared with Sean: travel. *Traveling with Ghosts* takes Shannon on journeys both physical and emotional, weaving through her shared travels with Sean and those she took in the wake of his sudden passing. She ventured to mostly landlocked countries, and places with tumultuous pasts and extreme sociopolitical environments, to help make sense of her tragedy. From Oswiecim, Poland (the site of Auschwitz) to war-torn Israel, to shelled-out Bosnia, to poverty-stricken Romania, and ultimately, to Barcelona where she and Sean met years ago, Shannon began to find a path toward healing. Hailed as a “brave and necessary record of love” (Ann Patchett, New York Times bestselling author of *Bel Canto* and *Commonwealth*) and “as intricate and deep as memory itself (Jane Hamilton, author of *A Map of the World*), Shannon Leone Fowler has woven a beautifully rendered, profoundly moving memorial to those we have lost on our journeys and the unexpected ways their presence echoes in all places—and voyages—big and small.

Dickens and the Imagined Child Peter Merchant 2016-04-22 The figure of the child and the imaginative and emotional capacities associated with children have always been sites of lively contestation for readers and critics of Dickens. In *Dickens and the Imagined Child*, leading scholars explore the function of the child and childhood within Dickens’s imagination and reflect on the cultural resonance of his engagement with this topic. Part I of the collection examines the Dickensian child as both characteristic type and particular example, proposing a typology of the Dickensian child that is followed by discussions of specific children in *Oliver Twist*, *Dombey and Son*, and *Bleak House*. Part II focuses on the relationship between childhood and memory, by examining the various ways in which the child’s-eye view was reabsorbed into Dickens’s mature sensibility. The essays in Part III focus upon reading and writing as particularly significant aspects of childhood experience; from Dickens’s childhood reading of tales of adventure, they move to discussion of the child readers in his novels and finally to a consideration of his own early writings alongside those that his children contributed to the *Gad’s Hill Gazette*. The collection therefore builds a picture of the remembered experiences of childhood being realised anew, both by Dickens and through his inspiring example, in the imaginative creations that they came to inform. While the protagonist of *David Copperfield*—that ‘favourite child’ among Dickens’s novels—comes to think of his childhood self as something which he ‘left behind upon the road of life’, for Dickens himself, leafing continually through his own back pages, there can be no putting away of childish things.

Mental Traveler W. J. T. Mitchell 2020-09-01 How does a parent make sense of a child’s severe mental illness? How does a father meet the daily challenges of caring for his gifted but delusional son, while seeking to overcome the stigma of madness and the limits of psychiatry? W. J. T. Mitchell’s memoir tells the story—at once representative and unique—of one family’s encounter with mental illness and bears witness to the life of the talented young man who was his son. Gabriel Mitchell was diagnosed with schizophrenia at age twenty-one and died by suicide eighteen years later. He left behind a remarkable archive of creative work and a father determined to honor his son’s attempts to conquer his own illness. Before his death, Gabe had been working on a film that would show madness from inside and out, as media stereotype and spectacle, symptom and stigma, malady and minority status, disability and gateway to insight. He was convinced that madness is an extreme form of subjective experience that we all endure at some point in our lives, whether in moments of ecstasy or melancholy, or in the enduring trauma of a broken heart. Gabe’s declared ambition was to transform schizophrenia from a death sentence to a learning experience, and madness from a curse to a critical perspective. Shot through with love and pain, *Mental Traveler* shows how Gabe drew his father into his quest for enlightenment within madness. It is a book that will touch anyone struggling to cope with mental illness, and especially for parents and

caregivers of those caught in its grasp.

Mess Barry Yourgrau 2016-07-26 Hilarious and poignant, a glimpse into the mind of someone who is both a sufferer from and an investigator of clutter. Millions of Americans struggle with severe clutter and hoarding. New York writer and bohemian Barry Yourgrau is one of them. Behind the door of his Queens apartment, Yourgrau's life is, quite literally, chaos. Confronted by his exasperated girlfriend, a globe-trotting food critic, he embarks on a heartfelt, wide-ranging, and too often uproarious project—part Larry David, part Janet Malcolm—to take control of his crammed, disorderly apartment and life, and to explore the wider world of collecting, clutter, and extreme hoarding. Encounters with a professional declutterer, a Lacanian shrink, and Clutterers Anonymous—not to mention England's most excessive hoarder—as well as explorations of the bewildering universe of new therapies and brain science, help Yourgrau navigate uncharted territory: clearing shelves, boxes, and bags; throwing out a nostalgic cracked pasta bowl; and sorting through a lifetime of messy relationships. *Mess* is the story of one man's efforts to learn to let go, to clean up his space (physical and emotional), and to save his relationship.

Restless Travellers Antonio José Miralles Pérez 2011-08-08 The first part of this book deals with Britain's imperial age, its militants and its critics. The selection of works generates a large field of debate explored using traditional or innovative approaches. The 19th century is presented as a time for writers (J. E. Aylmer, E. Marryat Norris, G. A. Henty, Conan Doyle) who tell stories of Europeans venturing forth into "uncivilised" regions of the world where they meet other races. But writers of a different outlook are also considered. Before the twilight of Empire, women were born in England (Virginia Woolf) and in Ireland (Elizabeth Bowen) who would use the ductile means of literature to narrate journeys into the female self, instead of masculine tales set in distant lands. The imperial experience is a subject of concern and reflection with special interest when authored by natives of (former) colonies, such as Michael Ondaatje's Hindu/Sirk hero in *The English Patient* and the Nigerian girls in some of Patience Agbabi's poems. The idea of travelling into or out of the culture to which one apparently belongs, and the contradictory feelings such an experience causes, pervades the writer's mind and the ensuing narrative. The second part can be regarded as a North American miscellany, mostly devoted to the African culture, although also dealing with European heritage. In order to recognise Asian and South American influences as well, authors such as Fred Wah, Ariel Dorfman and Julia Alvarez have been included. Black literature is represented by two 19th century writers, Mary Ann Shadd and Martin R. Delany, who remind us of the fight against slavery and segregation and the path to equality. Various 20th century writers (Toni Morrison, Ernest Gaines, Harryette Mullen, August Wilson) address the African-Americans' quest for identity, presented by some as a journey southwards, away from the place of birth or an unsatisfactory life and in search of self-knowledge in the land of their forefathers. These journeys provide materials for different genres and tones, enabling readers to examine the aspirations and fears of a community whose contribution to the history and literature of America has stimulated continuous study. The two parts of the book are connected by the underlying discussion of essential conflicts that have occupied "travellers" traversing imperial spaces or experiencing foreign lands as well as "travellers" who, instead of exotic adventures or romantic sojourns, want to settle in a "new" country, be accepted by a nation their ancestors did not know, or exercise rights they were denied on their native soil.
