

Have You Got My Purr

Death Is Stupid Anastasia Higginbotham 2020-10-06 An invaluable tool for kids to discuss death, explore grief, and honor the life of loved ones.

Purr Therapy Kathy McCoy, PhD 2014-10-07 Cats aren't a typical choice for animal-assisted psychotherapy, but Timmy and Marnia are anything but typical. Research has found that petting a cat can lower blood pressure and a cat's purr is thought to help heal body tissues and bones. But not just any cat can be a therapy cat, after all, such animals need to be friendly with strangers and willing to be touched, petted and held by unfamiliar people. They have to be tolerant of loud voices and angry shouting, emotional distress, and sudden movements. It's a tall order for any animal, but a particular challenge for a cat. In *Purr Therapy*, psychotherapist and

cat lover Dr. Kathleen McCoy shows how two very special cats rose to this challenge, how they helped wounded souls to heal and how they taught even her lessons in mindfulness, joyful living, and compassion. She also shows readers how animal-assisted psychotherapy works and gives them an intimate and moving inside look at how Timmy and Marina worked with patients, how their double role as animal companions and cotherapists changed lives, and how, after their untimely deaths, the grief shared by those who knew and loved them led to even more growth and healing. It's no surprise that there is a tidal wave of cat fanciers growing: even the internet prefers cats. No dog site has reached the proportions of the most popular cat sites—case in point: the mega-star Grumpy Cat who has over 2 ½ million followers! More than an internet trend, this very active

market is exploding through cat video contests and festivals that are claiming the passions of millions who will benefit from—and love—Purr Therapy.

To Catch a Cat Heather Green
2016-07-05 A heartfelt, funny memoir about how a kitten rescue project changed one cynic's life... Journalist Heather Green was finally putting down roots: in shiny, buzzing Manhattan. She loved her work and threw herself into sixty-hour weeks—once walking into a subway pole, getting a concussion, and still going to the office. Her new boyfriend Matt lived across the river in a New Jersey town that had none of the glamour of New York. She liked Matt—a lot—yet she wasn't sure what to make of weekends in gritty, dilapidated Union City. But things changed the summer morning Heather discovered a beautiful stray cat and her three black-and-white kittens in Matt's neighbor's backyard. When she made eye contact with one of the kittens, she felt something she'd never felt before. She and Matt had to save the little animals. Because if they didn't, who would? The crazy world of cat rescue soon drew Heather in. As she and Matt worked together to figure out how to

trap, tame, and find homes for their foundlings, she began to question the life she had back in Manhattan. This is the story of how three furry beings taught one woman about love, community, and what truly matters in life.
