The New Christian Counselor Ron Hawkins
2015-10-15 Seasoned counselors and professors Ron Hawkins and Tim Clinton offer a comprehensive guide that empowers Christian counselors by clarifying their task: to help people take possession of their souls... through the power of the Spirit under the authority of the Word in a supportive community of accountability that they may be like Christ The authors address head-on today's enticing new imitations of true peace and tantalizing opportunities for people in pain to anesthetize themselves. But they also highlight the foundation of hope: God loves, he empowers, and he refuses to abandon his passion for connection with his children. Case studies illustrate how to help people take possession of

the thinking self, the feeling self, the decision-making self, the physical self, and the relational self. This comprehensive plan for effective intervention is perfect for lay counselors, students, and professionals looking for ways to integrate their faith and practice.

Foundations for Soul Care Eric L. Johnson
2009-09-20 In this groundbreaking work of first-order scholarship, Eric Johnson makes a vitally important contribution to the field of Christian counseling. He first presents a detailed overview and appreciative but critical evaluation of the reigning paradigms in the field of Christian counseling, particularly biblical counseling and integration. Building on their respective strengths, he seeks to move beyond the current impasse in the field and develop a more unified and robustly Christian understanding. Drawing

upon the Bible and various Christian intellectual and soul care traditions, and through a Christian reinterpretation of relevant modern psychological theory and research, Johnson proceeds to offer a new framework for the care of souls that is comprehensive in scope, yet flows from a Christian understanding of human beings--what amounts to a distinctly Christian version of psychology. This book is a must-read for any serious Christian teacher, student, or practitioner in the fields of psychology or counseling.

The Counselor A. W. Tozer 2015-05-21 Straight talk about the Holy Spirit. When the Holy Spirit is confined to creeds, the church becomes like a land with no water or a kite with no wind. In his life and writings, A.W. Tozer was insistent that the church reclaim a practical theology of the Holy Spirit—that it actually know Him. The Counselor will help you cultivate sweet communion with God. Gifted at bringing lofty thoughts down low, Tozer explains clearly who

the Spirit is and what it means to know Him. His words will leave you with a deep longing to be filled with the blessed Spirit, to have joy, peace, life, and power in Him. "[The Holy Spirit] wants to be Lord of your life, to possess you so that you are no longer in command of the little vessel in which you sail."

Evaluating Models of Christian Counseling

George R. Ross 2011-03-14 Initially developed as a classroom resource, *Evaluating Models of Christian Counseling* serves as a primary example of the complexities involved in integrating psychology, theology, and spirituality into the counseling process. The would-be counselor and the experienced professional are each introduced to a systematic evaluation model for determining how effectively a specific Christian Counseling Program incorporates psychological, spiritual, and theological constructs into their milieu. After presenting a working definition of the counseling process and its relationship to psychology, theology, and

spirituality, an application of the evaluation model to four Christian Counseling programs is demonstrated.

Spirit-Led Ministry in the 21st Century Thomson

K. Mathew 2004-04 This book is a comprehensive guide to competent Spirit-led ministry in the 21st century. Written from a Pentecostal/Charismatic perspective, it focuses on four important aspects of effective ministry - preaching, teaching, healing, and leading.

Beginning with biblical definitions of ministry, the book describes the challenges presented by the 21st century in light of the long history of Christian ministry, and it offers biblically sound advice to address these challenges. The role of the Holy Spirit in ministry is examined in detail. The bulk of the book is devoted to the theory (theology) and practice of competent, Spirit-led ministry. This book is a call to excellence in ministry as well as a guide to empowered preaching, teaching, healing, and leading.

Counseling and Christianity

Stephen P. Greggo 2012-08-02 What does authentic Christian counseling look like in practice? This

volume explores how five major perspectives on the interface of Christianity and psychology would each actually be applied in a clinical setting. Respected experts associated with each of the perspectives depict how to assess, conceptualize, counsel and offer aftercare to Jake, a hypothetical client with a variety of complex issues. In each case the contributors seek to explain how theory can translate into real-life counseling scenarios. This book builds on the framework of Eric L. Johnson's Psychology Christianity: Five Views. These include the Levels-of-Explanation Approach, the Integration Approach, the Christian Psychology Approach, the Transformational Approach and the Biblical Counseling Approach. While Counseling and Christianity can be used independently of Johnson's volume, the two can also function as useful companions. Christians who counsel, both those in practice and those still in training, will be served by this volume as it strengthens the connections between theory

and practice in relating our faith to the mental health disciplines. They will finally get an answer to their persistent but unanswered question: "What would that counseling view look like behind closed doors?" Christian Association for Psychological Studies (CAPS) Books explore how Christianity relates to mental health and behavioral sciences including psychology, counseling, social work, and marriage and family therapy in order to equip Christian clinicians to support the well-being of their clients.

The Ministry of the Holy Spirit - (Counselor, Teacher, Guide) Grace Bible College

2017-09-11 Near the end of Jesus' ministry on

earth, He told His disciples that the time was coming when He would not be with them. He said, "And I will ask the Father, and He will give you another Counselor to be with you forever—the Spirit of truth" (John 14:16-17). Jesus was speaking of the Holy Spirit. This course will acquaint you with the ways the Holy Spirit helps you, in the same way that Jesus helped people when He was here on earth.

A Theology of Biblical Counseling Heath Lambert 2016-04-05 Since the beginning of the biblical counseling movement in 1970, biblical counselors have argued that counseling is a ministry of the Word, just like preaching or missions. As a ministry, counseling must be defined according to sound biblical theology rather than secular principles of psychology. For over four decades, biblical theology has been at the core of the biblical counseling movement. Leaders in biblical counseling have emphasized a commitment to teaching doctrine in their counseling courses out of the conviction that

good theology leads to good counseling...and bad theology leads to bad counseling. A Theology of Biblical Counseling is a landmark new book that covers the history of the biblical counseling movement, the core convictions that underlie sound counseling, and practical wisdom for counseling today. Dr. Heath Lambert shows how biblical counseling is rooted in the Scriptures while illustrating the real challenges counselors face today through true stories from the counseling room. A substantive textbook written in accessible language, it is an ideal resource for use in training biblical counselors at colleges, seminaries, and training institutes. In each chapter, doctrine comes to life in real ministry to real people, dramatically demonstrating how theology intersects with the lives of actual counselees.

The book presents a Christian approach to counseling and psychotherapy that is Christ-centered, biblically based, and Spirit-filled.

Walking in the Spirit Geert Franzenburg 2021-03-26 Christian Counseling integrates different aspects: God's covenants as the framework, Prayer as a method, The Spirit or Logos as the power, Biblical Biographical attitudes, Grief counseling as a challenge,

Psalms as models, and non-violence as a principle. These aspects will be explained and evaluated in this book.

How Christian is Christian Counseling? Gary Almy 2000 This helpful book intricately intertwines history, philosophy, and theology in a powerful critique of psychiatry. . . . It is the book you have wanted to give to Christians who have become tangled in the tenets and tentacles of psychiatric theory and practice. If you are a serious student, you cannot be without it. -Dr. Jay E. Adams Years ago, seeking the help of a professional counselor was considered a last measure. Now it is an acceptable and common practice--even within the church--as biblical counseling has gained popularity. And yet biblical counseling is not so biblical, says Gary Almy, for even Christian psychology has roots in a secular understanding of human nature--an understanding developed by men like Sigmund Freud who never claimed the Scriptures as a

guide for their thinking. Almy, a board-certified psychiatrist, discovered after his conversion the incompatibility of God's Word with secular psychology's assessment of--and solution to--the human condition. Therapists guide people away from any conviction of sin and lead them to blame others for their problems. It is an approach that fails to meet the true human need. This clear and in-depth book examines the men and the theories behind modern counseling methods and explores their roots in secular philosophy. Almy also presents the biblical alternative: being equipped with the written Word of God and empowered by the Holy Spirit, we are to point the lost to the Savior and encourage one another toward maturity and fullness in Christ.

A Theology of Christian Counseling Jay E. Adams
2010-08-10 Connecting sound biblical doctrine to the practice of effective counseling. Jay E. Adams—vocal advocate of a strictly biblical approach to counseling and author of the highly influential book *Competent to Counsel*—firmly

believes that the Bible itself provides all the principles needed for understanding and engaging in holistic counseling. But in order to bring the practice of counseling—whether by professional therapists or by the church—under biblical guidance, we first have to deepen our understanding of Scripture. A Theology of Christian Counseling is the connection between solid theology (the study of God) and its practical application. Each of its sections are devoted to increasing our understanding of counseling's potential by looking at it through the lens of doctrines such as: Prayer (and the doctrine of God). Human Sin (and the doctrine of Man). Redemption (and the doctrine of Salvation). Forgiveness (and the doctrine of Sanctification). "No counseling system that is based on some other foundation can begin to offer what Christian counseling offers...No matter what the problem is, no matter how greatly sin has abounded, the Christian counselor's stance is struck by the far-more-

abounding nature of the grace of Jesus Christ in redemption. What a difference this makes in counseling!" (Jay E. Adams). With this book, you'll gain insight into the rich theological framework that supports and directs your approach to how you help people change.

Pastoral Counseling:Where One Encounters the Enormity of God's Love Gerald V. Miller

2022-08-05 The pastoral counselor brings God's presence to the counseling session. The counselor radiates God's enormous unconditional love and forgiveness to the client. Clients come in because they are spiritually broken and prey to the allies of darknessaEUR" fear of abandonment from God and those they love, resentment, frustration, anxiety, and callousness. He is the prodigal son. Through empathy, compassion, and counseling skills, the pastoral counsel connects them to the God who runs to meet him with joy, throws his arms around him, kisses him, forgives him, and makes him psychologically and spiritually whole

again by giving him the signet ring. The pastoral counselor's role is to facilitate this occurrence. Christians Who Counsel Ray S. Anderson 2010-11-01 How does one view Christian counseling as a calling? What is the role and task of the counselor from a theological perspective? How does one strip away the ambiguity that is too often inherent in the words "therapy" and "counseling" in a religious setting?Ray S. Anderson has written this book as a theologian with a keen interest in helping Christian counselors fulfill their task more effectively by enabling them to see that task more clearly. Too often, even counselors who achieve effective results are beset by what Anderson calls "an uneasy conscience"--the realization that for some reason "a little transactional analysis once a week works better than a month of Sundays in curing the souls of troubled parishioners."This book seeks to put that uneasiness and ambiguity to rest by helping counselors see their work as a means of grace,

rooted in a model of personhood that is both theologically and psychologically sound for realizing the full potential of each person. Christians Who Counsel has three parts, involving building a foundation for Christian counseling, exploring the spiritual dynamics in counseling, and describing counseling in a distinctly Christian mode. Written without either theological or psychological jargon, this book is for all Christians who counsel, whether pastors, lay counselors, psychotherapists, or family therapists. With clarity of vision comes the power of a renewed commitment.

Filled." The Call to Counsel Rose Barrow 2022-06-08

The Journey of a Christian Counselor is written for the individual who feels drawn by the Holy Spirit to counsel, with or without formal training in the profession. It is a story within a story, a chronology of the spiritual and professional journey of a young woman searching for the meaning of a vision that she saw at the birth of her son. This vision changed her life, but it was not until the brutal death of her son that she gained the courage to release the vision and accept its purpose in her life.

Psychology, Theology, and Spirituality in Christian Counseling Mark R. McMinn

2012-03-19 The American Association of Christian Counselors and Tyndale House Publishers are committed to ministering to the spiritual needs of people. This book is part of the professional series that offers counselors the latest techniques, theory, and general information that is vital to their work. While many books have tried to integrate theology and psychology, this book takes another step and explores the importance of the spiritual disciplines in psychotherapy, helping counselors to integrate the biblical principles of forgiveness, redemption, restitution, prayer, and worship into their counseling techniques. Since its first publication in 1996, this book has quickly become a contemporary classic—a go-to handbook for integrating what we know is true from the disciplines of theology and psychology and how that impacts your daily walk with God. This book will help you integrate spiritual disciplines—such as prayer, Scripture reading, confession—into your own life and into

counseling others. Mark R. McMinn, Ph.D., is professor of psychology at Wheaton College Graduate School in Wheaton, Illinois, where he directs and teaches in the Doctor of Psychology program. A diplomate in Clinical Psychology of the American Board of Professional Psychology, McMinn has thirteen years of postdoctoral experience in counseling, psychotherapy, and psychological testing. McMinn is the author of *Making the Best of Stress: How Life's Hassles Can Form the Fruit of the Spirit*; *The Jekyll/Hyde Syndrome: Controlling Inner Conflict through Authentic Living*; *Cognitive Therapy Techniques in Christian Counseling*; and *Christians in the Crossfire* (written with James D. Foster). He and his wife, Lisa, have three daughters.

Counseling John F. MacArthur 2017-03-07 Gain a knowledge of counseling methods that are practical and consistent with Christian theological convictions. What do the Scriptures say about counseling? What is the biblical basis for using Scriptures in counseling? What does it

mean to think biblically about counseling-related issues? At the root of this book is the confidence that Christ and his Word are not only sufficient for effectively handling the personal and interpersonal challenges of life but are superior to the resources found in the world. The practice of psychological counseling is a ministry and should not belong only to the realm of humanistic and secular theories of the mind. Written to pastors, elders, deacons, seminary students, and laypeople; well-known pastor John MacArthur and contributors present a system of biblical truth that brings together people, their problems, and the living God. This kind of counseling is based on the convictions that: God's Word should be our counseling authority. Counseling is a part of the basic discipling ministry of the local church. God's people can and should be trained to counsel effectively. Counseling: How to Counsel Biblically provides biblical guidelines to counsel people who are struggling. The contributors represent some of

America's leading biblical teachers and counselors, including: Ken L. Sarles, David Powlison, Douglas Bookman, David B. Maddox, Robert Smith, William W. Goode, and Dennis M. Swanson.

Theology for Better Counseling Virginia Todd Holeman 2012-10-03 At one time, Virginia Todd Holeman "Toddy" thought being biblically literate was all she needed and had little interest in what real theologians talked about. But in her counseling she found that clients pressed her for more. They didn't just want what she had gained through training in the best theories and practices available for counseling. They asked hard theological questions often related to their suffering. As she describes it, they experienced a kind of "theological disequilibrium . . . which left them discouraged, disoriented and often distraught." Holeman shows how deep and clear theological reflection can make a major difference in counseling practice. Not only can it shape who we are, it can also bring into greater

alignment our theological commitments, our therapeutic practices and our professional ethics. All the while it can have the most practical effect on our counseling sessions. In this volume Holeman guides counseling students, pastoral counselors and licensed mental health professionals into becoming as well-formed theologically as they are trained clinically. Christian Association for Psychological Studies (CAPS) Books explore how Christianity relates to mental health and behavioral sciences including psychology, counseling, social work, and marriage and family therapy in order to equip Christian clinicians to support the well-being of their clients.

The Counsel of Heaven on Earth Ian F. Jones 2006 An introductory look at the principles of biblical Christian counseling, this book is sure to find a wide and enduring audience through the American Association of Christian Counselors (over 50,000 members).
