an accident. Everyone except Dorothy, that is. With the police about to close the case, Dorothy feels bound to investigate. It's a decision she may regret.

The Holy Terror H. G. Wells 2017

Holy Terrors Arthur Machen 2020-03-09 Young Joseph Last, having finally gone down from Oxford, wondered a good deal what he was to do next and for the years following next. He was an orphan from early boyhood, both his parents having died of typhoid within a few days of each other when Joseph was ten years old, and he remembered very little of Dunham, where his father ended a long line of solicitors, practising in the place since 1707. The Lasts had once been very comfortably off. They had intermarried now and again with the gentry of the neighbourhood and did a good deal of the county business, managing estates, collecting rents, officiating as stewards for several manors, living generally in a world of quiet but snug prosperity, rising to their greatest height, perhaps, during the Napoleonic Wars and afterwards.

Miami police detectives Lane Madigan and Ian Jelani are investigating yet another horrific crime in "The Magic City". Unbeknownst to them, they are not alone, as police around the country are investigating the same types of crimes being committed. But the victims of these crimes are not your typical victims. They are the worst of the worst; people who may have thought themselves to be untouchable, but they are dead wrong about that.

Killing Cassidy Jeanne M. Dams 2013-04-01 Dorothy Martin is fitting in comfortably in her new English home, and now that her policeman husband, Alan, has retired, she's looking forward to some quiet time with him. But then the letter arrives: an old acquaintance in Indiana has died and left her a small inheritance. It seems an excuse to travel back to the States and take a

well-deserved vacation. Dorothy should have known better. As well as the money, Kevin Cassidy has left a note predicting his own murder. It seems absurd; the beloved professor was ninety-six when he died, apparently from pneumonia. But Alan and Dorothy know about innocent facades. As Dorothy begins to investigate, Alan discovers that his wife's sleuthing is hard work . . . and that here, Dorothy is very much in charge.

Trouble in the Town Hall Jeanne M. Dams
2012-12-22 Dorothy Martin, an American widow living in England, is on her way to lunch with Alan Nesbitt - chief constable, and her own chief beau - when she notices movement in the abandoned town hall and can't resist a snoop. But what she, and cleaning lady Ada Finch, find in there is cause for serious alarm: a dead body. And, what's worse, when Dorothy leaves the building some time later, she notices the corpse's arms have been moved and its eyes closed . . .

The Chicago of Fiction James A. Kaser 2011
The importance of Chicago in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians. While databases of bibliographical information on Chicago-centered fiction are available, they are of little use to scholars researching works written before the 1980s. In *The Chicago of Fiction: A Resource Guide*, James A. Kaser provides detailed synopses for more than 1,200 works of fiction significantly set in Chicago and published between 1852 and 1980. The synopses include plot summaries, names of major characters, and an indication of physical settings. An appendix provides bibliographical information for works dating from 1981 well into the 21st century,

while a biographical section provides basic information about the authors, some of whom are obscure and would be difficult to find in other sources. Written to assist researchers in locating works of fiction for analysis, the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies (i.e., class, ethnicity, gender, immigrant experience, and race). The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading, particularly since genre, juvenile, and young adult fiction, as well as literary fiction, are included.

To Perish in Penzance Jeanne M. Dams

2013-08-12 She was about twenty, with long blond hair, and her body was found a few days after she fell from the cliffs to her death on the rocks below. No one identified her; no one reported a missing girl. All the police knew was her rough age, that she'd had a child recently, and that she was very underweight. Her death was a mystery that had haunted Alan Nesbitt,

Dorothy Martin's now-retired chief constable husband, since 1968. It didn't matter that the incident had happened more than thirty years earlier; under the pretence of a 'vacation' to Cornwall, Dorothy was going to get to the bottom of the mystery for Alan . . . and uncover a new one while she was at it.

Holy Terror in the Hebrides Jeanne M. Dams 1998-12-09 Vacation can be murder... A peaceful vacation on the charming Scottish island of Iona sounds idyllic to sometime sleuth Dorothy Martin. But Dorothy soon finds that while Iona is charming, her vacation won't be peaceful. Thrown in with a bickering American church tour, she tries to keep her distance. But she can't stay away from murder. Everybody believes the unpleasant American's fatal fall from a cliff is accidental. Everybody, that is, except Dorothy. The only witness, she saw a small clue the police dismiss, one that makes her believe the death was not an accident. With the police closing the case, Dorothy feels bound to

investigate. But it's a choice she may regret...
The Holy Terror Herbert George Wells 2014

She takes a job in a London software company, boldly entering the hornet's nest where a cold and calculating killer is waiting.

[A Dark and Stormy Night](#) Jeanne M. Dams 2011-08-01 The new Dorothy Martin mystery When Dorothy Martin and her husband, retired Chief Constable Alan Nesbitt, are invited to a country house weekend, they expect nothing more explosive than the Guy Fawkes fireworks.

Sins Out of School Jeanne M. Dams 2013-08-01 Dorothy Martin wanted to have a traditional Thanksgiving dinner for her husband, Alan and some of her friends - a real taste of home. Then came the call from the school, asking Dorothy to fill in because teacher Amanda Doyle hadn't shown up. Three days later, on Thanksgiving, the second call came: John Doyle had been murdered and Amanda was the suspect. Would Dorothy mind caring for their daughter Miriam for the day? Dorothy had already sensed that something was not right in the Doyle household: John was clearly emotionally abusive, and the church they belonged to held some very strange ideas about sin and punishment. Now Amanda and Miriam

need her to prove Amanda's innocence, and Dorothy unravels a nasty knot of family secrets.

The Gentle Art of Murder Jeanne M. Dams
2015-06-01 Murder threatens to disturb the creativeness of Sherebury's art college One late-summer's evening, before the beginning of the new term, Dorothy Martin and her husband, retired police detective Alan Nesbitt, are guests at Sherebury University art department's drinks party to introduce the new teaching assistant, sculptress Gillian Roberts However, tragedy strikes on a tour of the sculpture department, when the lift breaks down and a corpse is discovered at the bottom of the lift shaft. Mystery Women, Volume Three (Revised)

Colleen Barnett 2010-12-31 Like other fictional characters, female sleuths may live in the past or the future. They may represent current times with some level of reality or shape their settings to suit an agenda. There are audiences for both realism and escapism in the mystery novel. It is interesting, however, to compare the fictional world of the mystery sleuth with the world in which readers live. Of course, mystery readers do not share one simplistic world. They live in urban, suburban, and rural areas, as do the female heroines in the books they read. They may choose a book because it has a familiar background or because it takes them to places they long to visit. Readers may be rich or poor; young or old; conservative or liberal. So are the heroines. What incredible choices there are today in mystery series! This three-volume encyclopedia of women characters in the mystery novel is like a gigantic menu. Like a menu, the descriptions of the items that are

provided are subjective. Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3. These are more recently discovered sleuths who were introduced during the period from January 1, 1990 to December 31, 1999. This more than doubles the number of sleuths introduced in the 1980s (298 of whom were covered in Volume 2) and easily exceeded the 347 series (and some outstanding individuals) described in Volume 1, which covered a 130-year period from 1860-1979. It also includes updates on those individuals covered in the first edition; changes in status, short reviews of books published since the first edition through December 31, 2008.

Shadows of Death Jeanne M. Dams 2013-12-20 Dorothy Martin and her husband, retired Chief Constable Alan Nesbitt, go on a trip to Orkney in Scotland to visit an old friend and see some intriguing Stone Age excavations. They realize there's considerable dissension between the

archaeologists and the principal donor for the newest dig, a wealthy and abrasive American. When a more recent corpse is found at the dig, various suspects are named, but there's not enough evidence to bring a case against anyone. Dorothy, always sensitive to atmosphere and the undercurrent of tension pervading the project, has become fascinated by the strong aura of the ancient past that pervades Orkney, and she and Alan launch an unofficial investigation into the murder.

Blood Will Tell Jeanne M. Dams 2016-02-01 American Anglophile Dorothy Martin tackles a tricky puzzle in the historic university town of Cambridge Dorothy Martin isn't overly enthusiastic when her husband, retired police detective Alan Nesbitt, invites her to accompany him to a conference in Cambridge, picturing cramped student accommodation. But St Stephen's turns out to be recently renovated, and, bolstered by en suite facilities, Dorothy is looking forward to exploring the historic and

beautiful city. It is not long, though, before disaster strikes: lost in the maze of college buildings, Dorothy stumbles into a laboratory . . . and is shocked to find what looks like a pool of blood on the floor. She flees, to fetch help, but when Alan checks it out, there is nothing to be found. Was she mistaken? Or has a terrible crime been committed? Dorothy, who can never resist a puzzle, determines to find out.
