2013-10-15 A comprehensive bibliography and exhibition chronology of the world's greatest museum of the decorative arts and design. The Victoria and Albert Museum, or South Kensington Museum as it used to be known, was founded by the British Government in 1852, out of the proceeds from the Great Exhibition of 1851. Like the Exhibition, it aimed to improve the expertise of designers, and the taste of the public, by exposing them to examples of good design from all countries and periods. 2,500 publications have to date been produced by, for, or in association with the V&A. The National Art Library, which is part of the Museum, has prepared this detailed catalogue, supplemented by a secondary list of 500 other books closely related to the V&A. The 1,500 exhibitions and displays recorded include those held in the main Museum and at its branches, the Bethnal Green Museum (now the National Museum of Childhood) and the Theatre Museum, Covent Garden, and additionally those it has organized at external venues, in Great Britain and abroad. The exhibitions and publications are fully cross-referenced, and there are name, title and subject indexes to the whole work, as well as an explanatory introduction.

Petheo 1991 The great Austrian Expressionist painter, Oskar Kokoschka (1886-1980) was the only major artist of international stature who had continuous contacts with Minneapolis, Minnesota, in 1949, 1952, and 1957. Based on the work of Professor Petheo, St. John's University (Collegeville, Minnesota) inaugurated its new art center with an exhibition of Kokoschka's work (some of them reproduced here for the first time) loaned by the Minneapolis Institute of Arts, the Des Moines Art Center and private collectors from the area during the fall of 1991. --Adapted from page 4 of cover.
