Neither knows the other exists—until now. The New York Times bestselling author of *Bird Box* invites you into a world of secrets and chills in a coming-of-age story like no other. **NOMINATED FOR THE BRAM STOKER AWARD** • “Josh Malerman is a master at unsettling you—and keeping you off-balance until the last page is turned.”—Chuck Wendig, New York Times bestselling author of *Blackbirds* J is a student at a school deep in a forest far away from the rest of the world. J is one of only twenty-six students, all of whom think of the school’s enigmatic founder as their father. J’s peers are the only family he has ever had. The students are being trained to be prodigies of art, science, and athletics, and their life at the school is all they know—and all they are allowed to know. But J suspects that there is something out there, beyond the pines, that the founder does not want him to see, and he’s beginning to ask questions. What is the real purpose of this place? Why can

the students never leave? And what secrets is their father hiding from them? Meanwhile, on the other side of the forest, in a school very much like J’s, a girl named K is asking the same questions. J has never seen a girl, and K has never seen a boy. As K and J work to investigate the secrets of their two strange schools, they come to discover something even more mysterious: each other. Praise for *Inspection* “Creepy. . . a novel whose premise is also claustrophobic and unsettling, but more ambitious than that of *Bird Box* . . . *Inspection* is rich with dread and builds to a dramatic climax.”—The Washington Post “This unlikely cross between 1984 and *Lord of the Flies* tantalizes.”—Kirkus Reviews “Malerman builds a striking world. . . . As he did in *Bird Box*, Malerman’s crafted an irresistible scenario that’s rich in possibility and thematic fruit. . . . Where [*Bird Box*] confined us behind a blindfold, *Inspection* rips it off.” —The A. V. Club “A must read . . . It’s a wonderful thing, digging into a new Josh Malerman novel—no

idea what to expect, no clue where his twisted mind is going to take you.”—Cemetery Dance

**The Holmes Inspection** Mike Holmes 2013-08-27 The

Holmes Inspection will be the definitive guide to smart home-buying and home-selling for Canadians. It's often said that a home is the biggest investment most people will ever make, yet many buyers, when considering a house, spend less time on examining its pros and cons than they might on a head of lettuce at the supermarket. Why? A big part of the problem is knowledge: without an understanding of house construction, materials and finishing, many people are overwhelmed and decide to forego the inspection process altogether, or leave it entirely in the hands of a home inspector—who might not be much of an expert either. The Holmes Inspection gives readers the tools they need to buy smart and sell smart. Beginning with the most basic rationale for inspecting prior to buying, the book shows readers what to expect from the houses they'll see, what qualities to look for, and the red flags to watch out for. As well, they'll learn what a home inspector can and can't do, get advice on
