Indoor Cat Laura J. Moss
2022-04-05 Can an indoor cat live a happy, stimulating, and active life? A veterinarian and a journalist answer this question with a resounding "yes," and offer real-life guidance for opening up your cat's world, even if they stay within the confines of your home. There are many myths our culture perpetuates about domestic cats: they live longer indoors, sleep all day, are easy and low-maintenance pets, and can't be trained. Even the most well-meaning kitty caregiver will be surprised to learn that these long-held beliefs aren't necessarily based on facts, but instead reflect the many ways we have adapted our feline friends to our indoor, domesticated lifestyles. *Indoor Cat*, by Laura J. Moss, journalist and founder of Adventure Cats, and Lynn Bahr, a feline-only veterinarian, explores how to help cat

owners understand a cat's perspective of their indoor homes, with practical ways to enhance cats' lives to the fullest and combat countless health and behavioral problems that result from indoor living, as well as raising the question: should every cat live exclusively indoors? Together with scientific studies, expert opinions from vets and behaviorists, and firsthand accounts and interviews, this informative and engaging full-color guide strives to reach compassionate cat owners looking for new ways to care for and connect with their feline companions.

Making Rounds with Oscar
David Dosa 2010-02-02 A remarkable cat. A life-changing story. *Making Rounds with Oscar: The Extraordinary Gift of an Ordinary Cat* is the story of a doctor who, at first, doesn't always listen; of the patients he serves; of their caregivers; and, most

importantly, of a cat who teaches by example, embracing moments of life that so many of us shy away from. "Oscar has much to teach us about empathy and courage. I couldn't put it down." --Sara Gruen, author of *Water for Elephants* "This book is a must-read. Truly, this is a story that needs to be told." --Fresh Fiction "You'll be moved." --People "This touching and engaging book is a must-read for more than just cat lovers; anyone who enjoys a well-written and compelling story will find much to admire in its unlikely hero." --Publishers Weekly "[The] book, both touching and humorous, isn't just about Oscar. It's about listening and letting go." --USA Today

Shelter Cats Julia Grunwell
2018-09-29 "Nighty Night, sleep tight, don't let the shelter fleas bite." Shelter Cats: Edwena's Home follows Edwena's wish to go from un-cat-isfactory conditions to a purr-fect home for life. Moving in and out of homes and shelters all too often has caused Edwena to lose hope for herself. Throughout her life's twists and turns, Edwena comes to find out that not everyone can be trusted, but she learns just how brave and strong a cat can really be. With the help of a few friends in the form of a group of house mice and a squawking parrot, she takes readers on a journey of excitement, sadness, danger, and uncertainty, as she figures out just what she is made of. Through it all, Edwena wonders if she will ever find her place in this world to call home.

Living with Cats Steven

Lower 2015-12-16 I have read a lot of books about cats during my 70 years. Some books I have enjoyed, others I haven't. I have read some books about cat behavior I agree with, and others I don't. Some books I've read show a lot of respect for cats as intelligent creatures, and others don't. And some books that just annoyed me. One book I read recently said that the only reason a cat sits on your lap is because it's warm. This was obviously written by someone who doesn't have an appreciation for the cat. Anyone who does knows cats knows that they are very, very affectionate. If you have a good relationship with your feline housemate you will reap the benefits of the cats' love and affection. This is not a "how to" book about caring for your cat, but rather about

enjoying your cats as members of your family. Nor is this a book about how to train your cat. Cats train us humans much easier than we can train them. Rather, This is a bittersweet story about my life with my cats Mimi and Giggi. It is sweet because of the unconditional love there was between our cats and my late wife and I. It is bitter because no one, whether human or our treasured cats, lives forever.

Keeping Your Indoor Cat Happy & Healthy

Arden Moore 2000-12-28 Make Your Home a PURR-fect Palace! Indoor cats live longer, stay healthier, and enjoy better relationships with their human owners than do outdoor cats. Leonard (My Life as a Cat)

Carlie Sorosiak 2021-04-13

He's not a stray house cat, he's an immortal being. And now he must choose whether to return to his planet or remain with his new human friend in a humorous, heart-tugging story from the author of I, Cosmo. The cat that Olive rescues from a flood has a secret: he's not really a cat at all, but an alien who crashed to Earth on a beam of light. The cat, whom Olive names Leonard, was prepared to visit the planet as a human—but something went wrong. Now Leonard may never know what it's like to hold an umbrella, go bowling, or host a dinner party. (And his

human jokes still need some work: Knock, knock. Who's there? Just Leonard. It is me.) While Olive worries about whether she will have to move after her mom and her new boyfriend get back from their summer vacation, Leonard tries to figure out how to get from South Carolina to Yellowstone National Park, because if he's not there at the end of the month, he'll miss his ride home. But as Olive teaches Leonard about the beautiful and confusing world of humans, he starts to realize how much he cares about this particular one. A sweet and dryly funny story about what it means to be human—and what it means to be home.

Feline Philosophy John Gray 2020-11-24 The author of *Straw Dogs*, famous for his provocative critiques of scientific hubris and the delusions of progress and humanism, turns his attention to cats—and what they reveal about humans' torturous relationship to the world and to themselves. The history of philosophy has been a predictably tragic or comical succession of palliatives for human disquiet. Thinkers from Spinoza to Berdyaev have pursued the perennial questions of how to be happy, how to be good, how to be loved, and how to live in a

world of change and loss. But perhaps we can learn more from cats--the animal that has most captured our imagination--than from the great thinkers of the world. In *Feline Philosophy*, the philosopher John Gray discovers in cats a way of living that is unburdened by anxiety and self-consciousness, showing how they embody answers to the big questions of love and attachment, mortality, morality, and the Self: Montaigne's house cat, whose un-examined life may have been the one worth living; Meo, the Vietnam War survivor with an unshakable capacity for "fearless joy"; and Colette's Saha, the feline heroine of her subversive short story "The Cat", a parable about the pitfalls of human jealousy. Exploring the nature of cats, and what we can learn from it, Gray offers a profound, thought-provoking meditation on the follies of human exceptionalism and our fundamentally vulnerable and lonely condition. He charts a path toward a life without illusions and delusions,

revealing how we can endure both crisis and transformation, and adapt to a changed scene, as cats have always done.

Odyssey: A Fearless Feline Tale, or How I Learned About Love and Life With a Blind Wonder Cat—returns with the ongoing adventures of her much-beloved, world-famous fur family. Ideal for new readers and longtime fans alike, this memoir told in eight purr-fect cat stories is filled with all the humor and heart Gwen's devoted readership has come to know and love. Raised in a dog-loving family, Gwen never pictured herself as a "cat person." But from the very first feline she adopted—an adorable five-week-old rescue kitten, slow to learn how to trust after life on the streets—Gwen was smitten. Eventually one rescue kitten became five, and all the ups and downs of a life with cats are lovingly depicted here: From the obsessive cat who teaches himself to play fetch and demands it morning, noon, and night from his hapless human mom; to the crafty white beauty who raises outside-the-litter-box thinking to the level of an art form; to the routine vet trip that turns

into a hijinks-filled misadventure on the streets of Manhattan with three (VERY cranky!) felines in tow. And Homer, the Blind Wonder Cat himself, returns triumphant in new tales of life and love after worldwide fame. Sure to be treasured by cat lovers everywhere, *My Life in a Cat House* will leave you laughing out loud, shedding an occasional tear, and hugging your own cat a little bit closer. Read and rejoice!

[The Life of Thor the Kitten](#) H. R. Estrada 2023-08-18 About the Book Thor starts life as a little kitten in a box outside, cold and hungry. But when Lisa and her mom find him, they take him home and care for him. He gets bigger and stronger until he's old enough to meet the other cats in the house. He is so happy to have been adopted into a new family and be loved and cared for. This is a true story about how a loving family can change the life of a little kitten from one of hardship to a dream life. About the Author H. R. Estrada was born in Fresno, CA and has

enjoyed reading from a young age. She has raised three children who she encouraged to appreciate the importance of education. Estrada majored in psychology, but after two years of college, she stopped to raise her family. In her later years, now living in Pacific Grove, CA, she worked for ten years for the school district with autistic children aged four to six. She loved this job more than the twenty-two prior years she had spent working for AT&T.

Writing a children's book is a part of her "bucket list" She chose to write about all the cats that her youngest daughter Lisa would bring home. She hopes this book brings joy to young children.

LIFE Cats The Editors of LIFE 2019-02-15 Cats, the new

special edition from LIFE, takes an in-depth look at the world's most popular pet, the only domesticated animal that remains almost as wild as its ancient ancestors, which might explain why they rarely do what we want them to do or as we expect them to do. Cats looks at the history of the house cat, secrets of cat behavior, and what you've always wondered: what exactly do cats do all day long when we're away at work or at school? Plus, the historic animosity between cats and dogs-how much is true, how much is manufactured? We also look at "miracle cats," adoption success stories, and this special edition features lots of great pictures of (what else?) cats.

Good Luck Cat Lissa Warren 2014-10-07 Lissa Warren's father needed a retirement companion while his wife and daughter were at work. Enter Ting, a seven-pound Korat who changed his life, and the life of the family. All kittens are mischievous, but Ting "the cat grenade" was real trouble. She

was also smart, endearing, and the soul of the Warren family. In late 2008, Lissa's father died of a heart attack. The images from that night still haunt her—especially the EKG readout ending in one long, devastating em dash. Less than a year later, Lissa and her mother stared at another EKG readout, this time for Ting. A living feline extension of the man they missed so much—the man they had tried, but failed, to save—she was diagnosed with a potentially fatal heart condition. The only option was to have a human pacemaker implanted in the cat—a procedure even the best animal hospital in Boston hadn't performed in a decade. Thus they began a medical odyssey on behalf of the little gray cat who had been her father's shadow—a journey that would prepare one of them for her own serious diagnosis. A gorgeously written memoir about grief, hope, and how pets both complicate and enrich our lives, *The Good Luck Cat* is a testament to the power of the human—and the feline—spirit.

Call of the Cats Andrew Bloomfield 2016-10-10 When aspiring screenwriter Andrew Bloomfield moved into a bungalow in Southern California he soon discovered that he shared the property with a large colony of feral cats — untamed, uninterested in human touch, not purring pets in waiting. But after a midnight attack by predators that decimated yet another litter of kittens, Bloomfield decided to intervene. He began to name and nurse, feed and house, rescue and neuter. Drawing on his time living in Asia among spiritual teachers, he takes us on the contemplative, humorous, and poignant

journey of saving these cats, only to find it was they who saved him by revealing a world of meaning beyond his unrealized Hollywood dreams. Homer's Odyssey Gwen Cooper 2009-08-25 ONCE IN NINE LIVES, SOMETHING EXTRAORDINARY HAPPENS. The last thing Gwen Cooper wanted was another cat. She already had two, not to mention a phenomenally underpaying job and a recently broken heart. Then Gwen's veterinarian called with a story about a three-week-old eyeless kitten who'd been abandoned. It was love at first sight. Everyone warned that Homer would always be an "underachiever." But the kitten nobody believed in quickly grew into a three-pound dynamo with a giant heart who eagerly made friends with every human who crossed his path. Homer scaled seven-foot bookcases with ease, survived being trapped alone for days after 9/11 in an apartment near the World Trade Center, and even saved Gwen's life when he chased off an intruder who

broke into their home in the middle of the night. But it was Homer's unswerving loyalty, his infinite capacity for love, and his joy in the face of all obstacles that transformed Gwen's life. And by the time she met the man she would marry, she realized that Homer had taught her the most valuable lesson of all: Love isn't something you see with your eyes. **BONUS:** This edition contains a new afterword and an excerpt from Gwen Cooper's *Love Saves the Day*.

Kitten Lady's Big Book of Little Kittens Hannah Shaw
2019-10-08 From kitten rescuer and New York Times bestselling author Hannah Shaw, also known as Kitten Lady on YouTube and Instagram, comes an inspiring picture book that takes readers on the adorable journey of foster kittens from their first days after birth all the way to adoption! Did you know that kittens are born with their eyes closed, and they are so small that they can fit in the palm of your hand? Or that being groomed with a toothbrush reminds orphan kittens of their mothers' tongues, and helps them feel comfy and safe? Learn these facts and more in Kitten Lady's first picture book! Hannah uses her engaging, fun voice to show how she helps orphan kittens grow up, get adopted, and become healthy, happy cats. Featuring irresistible photographs and playful doodles, Kitten Lady's Big Book of Little Kittens shows what you can do to help the tiniest

felines in our big, big world.
The Complete Guide to Adopting a Cat Laura Cassiday
2021-11-23 Certified cat behavior consultant Laura Cassiday used her extensive experience working at the Maryland SPCA to help her write the definitive guide book for anyone who has recently adopted (or is considering adopting) a new cat. Using input and interviews from over 40 shelter and rescue organization experts, this book covers every topic and question a new cat owner will need to know to successfully integrate their new cat into their home and life. Topics covered include: Choosing the correct cat for your home and lifestyle What to do if you've found a stray cat or kittens Becoming a cat foster parent Bringing your new cat home: supplies, safe spaces, and introductions Cat nutrition Grooming and shedding Cat health care Troubleshooting problems Litter Boxes Issues Destructive Scratching Biting and Aggression Fear and Anxiety Nuisance Behaviors (Counter

Surfing, Excessive Meowing, and More) Carrier Training Giving Medication Playtime and enrichment Senior Cat care So you've decided to adopt a cat. Easy, right? You just go to the closest shelter, pick out the cute, fluffy orange one, and live happily ever after. Although this is exactly what goes through the minds of many would-be cat adopters, picking out your new best friend can be a little more complicated. I mean, if you get a kitten, you're looking at a 15-20 year commitment. I once had one of my cats live to be 27! And what happens if they don't like your other pets? Or your kids? Even worse, what if they stop using their litter box? And how often do cats even need to go to the vet, anyway? Even for impulsive people like myself, you have to at least put a little bit of thought into it. That's where this book comes in. It's a comprehensive guide to all things cat adoption. If you don't know where to start, this is a good place. If you've just brought your new kitty home and have questions, we'll

cover that too. Even if you've already had a cat for a while, you're guaranteed to learn something new. So grab your catnip and feather wand, and let's get started!

The Inner Life of Cats

Thomas McNamee 2017-03-28

Our feline companions are much-loved but often mysterious. In *The Inner Life of Cats*, Thomas McNamee blends scientific reportage with engaging, illustrative anecdotes about his own beloved cat, Augusta, to explore and illuminate the secrets and enigmas of her kind. As it begins, *The Inner Life of Cats* follows the development of the young Augusta while simultaneously explaining the basics of a kitten's physiological and psychological development. As the narrative progresses, McNamee also charts cats' evolution, explores a feral cat colony in Rome, tells the story of Augusta's life and adventures, and consults with behavioral experts, animal activists, and researchers, who will help readers more fully

understand cats. McNamee shows that with deeper knowledge of cats' developmental phases and individual idiosyncrasies, we can do a better job of guiding cats' maturation and improving the quality of their lives.

Readers' relationships with their feline friends will be happier and more harmonious because of this book.

Catify to Satisfy Jackson Galaxy 2015-11-17 In this book, Jackson Galaxy, star of Animal Planet's hit show My Cat from Hell, and Kate Benjamin, cat design wizard, show cat guardians everywhere how to use home design tricks to address everyday cat care issues. Does your feline friend like to pee everywhere but in his or her litter box? Does your kitty have a thing for your furniture that has left your beloved couch in tatters? Catify to Satisfy will show you how simple DIY design projects and hacks can help bring harmony back into your home. Featuring the amazing projects cat guardians from around the world have shared with Jackson

and Kate—design strategies for solving even the most daunting kitty challenges—this book is the ultimate guide to creating a happy home for cat guardian and cat alike.

Working from Home with a Cat Heidi Moreno 2020-11-03 This cute illustrated book shows what it's like to live and work from home with a cat, a situation over one third of us are familiar with. Stepping on computer keyboards, knocking things off the table, interrupting video calls—cats can be distracting coworkers. With colorful art and oh-so-relatable scenarios, *Working from Home with a Cat* takes readers through a day in the life of artist Heidi Moreno and her pet cat Peanut. From the time she wakes up until the time she goes to bed, she navigates working with her needy yet loveable feline companion, as Peanut walks over her paintings, hogs her chair, disrupts her yoga routine, and more. Despite all the struggles, cats like Peanut are always by our side when we need them, even on the

hardest, loneliest workdays. Working from Home with a Cat reminds us why cats are the cutest colleagues and a source of comfort and calm in this chaotic world. • Features funny and heartwarming scenarios anyone who has tried to concentrate at home with a cat has experienced • For readers who like How to Tell if Your Cat is Plotting to Kill You, Herding Cats by Sarah Scribbles, and You Need More Sleep: Advice from Cats by Francesco Marciuliano *My Life in the Cat House* Gwen Cooper 2018-10-30 Celebrate the human-feline bond with all its joys, mysteries, and life-changing moments. Gwen Cooper—author of the blockbuster bestseller Homer's Odyssey: A Fearless Feline Tale, or How I Learned About Love and Life With a Blind Wonder Cat—returns with the ongoing adventures of her much-beloved, world-famous fur family. Ideal for new readers and longtime fans alike, this memoir told in eight purr-fect cat stories is filled with all the humor and heart

Gwen's devoted readership has come to know and love. Raised in a dog-loving family, Gwen never pictured herself as a "cat person." But from the very first feline she adopted—an adorable five-week-old rescue kitten, slow to learn how to trust after life on the streets—Gwen was smitten. Eventually one rescue kitten became five, and all the ups and downs of a life with cats are lovingly depicted here: From the obsessive cat who teaches himself to play fetch and demands it morning, noon, and night from his hapless human mom; to the crafty white beauty who raises outside-the-litter-box thinking to the level of an art form; to the routine vet trip that turns into a hijinks-filled misadventure on the streets of Manhattan with three (VERY cranky!) felines in tow. And Homer, the Blind Wonder Cat himself, returns triumphant in new tales of life and love after worldwide fame. Sure to be treasured by cat lovers everywhere, *My Life in a Cat House* will leave you laughing

out loud, shedding an occasional tear, and hugging your own cat a little bit closer. Read and rejoice!

I, Cosmo Carlie Sorosiak
2021-03-30 A golden retriever narrates a hilarious, heart-tugging tale of a dog and his humans as he tries to keep his family together while everything around them falls apart. Ever since Cosmo became a big brother to Max ten years ago, he's known what his job was: to protect his boy and make him happy. Through many good years marked by tennis balls and pilfered turkey, torn-up toilet paper and fragrant goose poop, Cosmo has doggedly kept his vow. Until recently, his biggest problems were the evil tutu-wearing sheepdog he met on Halloween and the arthritis in his own joints. But now, with Dad-scented blankets appearing on the couch and arguing voices getting louder, Cosmo senses a tougher challenge ahead. When Max gets a crazy idea to teach them both a dance routine for a contest, how can Cosmo refuse,

stiff hips or no? Max wants to remind his folks of all the great times they've had together dancing — and make them forget about the “d” word that's making them all cry. Told in the open, optimistic, unintentionally humorous voice of a golden retriever, *I, Cosmo* will grab readers from the first page — and remind them that love and loyalty transcend whatever life throws your way.
