The Day the Crayons Came Home Drew Daywalt
2015-08-18 The companion to the #1
blockbuster bestseller, *The Day the Crayons
Quit!* "Highly anticipated (yes, even for adults)"

Crayon, who was lost beneath the sofa cushions
and then broken in two after Dad sat on him; to
poor Turquoise, whose head is now stuck to one
of Duncan's stinky socks after they both ended
up in the dryer together; to Pea Green, who
knows darn well that no kid likes peas and who
ran away—each and every crayon has a woeful
tale to tell and a plea to be brought home to the
crayon box. Praise for *The Day the Crayons

The Stinky Giant Ellen Weiss 2012-04-24
Pepper and Jake love herding sheep in the little
valley where they live. But there's a problem— a
big problem. Urk, a giant who lives on a nearby
mountain, is big and stinky and doesn't care that
dumping dirty laundry water in the nearby
stream causes a flood down below every single
week. So Pepper and Jake hike to Urk's
mountaintop lair to confront him. But there's no
reasoning with a giant, especially one who gives
cryptic puzzles to solve. If the kids can solve it,
Urk will move away. If not, Pepper and Jake (and
their sheep) will be the featured ingredients in
Urk's next bowl of smelly soup!

Modified Caitlin Shetterly 2016-09-20 A disquieting and meditative look at the issue that started the biggest food fight of our time--GMOs. From a journalist and mother who learned that genetically modified corn was the culprit behind what was making her and her child sick, a must-read book for anyone trying to parse the incendiary discussion about genetically modified foods. *One of Publishers Weekly's Best Books 2016* "More so than definitive answers, the questions that Shetterly advances are a persuasive reminder of how important the continued fight for true transparency in the food industry is." --Goop GMO products are among the most consumed and the least understood substances in the United States today. They appear not only in the food we eat, but in everything from the interior coating of paper coffee cups and medicines to diapers and toothpaste. We are often completely unaware of their presence. Caitlin Shetterly discovered the importance of GMOs the hard way. Shortly after she learned that her son had an alarming sensitivity to GMO corn, she was told that she had the same condition, and her family's daily existence changed forever. An expansion of Shetterly's viral Elle article "The Bad Seed," *Modified* delves deep into the heart of the matter—from the cornfields of Nebraska to the beekeeping conventions in Brussels—to shine a light on the people, the science, and the corporations behind the food we serve ourselves and our families every day. Deeper than an

exposé, and written by a mother and journalist whose journey had no agenda other than to understand the nuance and confusion behind GMOs, *Modified* is a rare breed of book that will at once make you weep at the majestic beauty of our Great Plains and force you to harvest deep seeds of doubt about the invisible monsters currently infiltrating our food and our land and threatening our future.

Homes Then and Now Nadia Higgins 2018-12-15 In *Homes Then and Now*, leveled text and vibrant, full-color photographs take readers through the cultural and technological advances that affected houses and homes through time. An infographic highlights a period in housing and What Do You Think? sidebars and an activity encourage deeper inquiry. *Homes Then and Now* also features reading tips for teachers and parents, a table of contents, a glossary, and an index.

What Do Parents Do (When You're Not Home)? Jeanie Franz Ransom 2007-03-06 The tables are turned and the grown-ups have all the fun in this wickedly silly story of parental mayhem. When two children set off to stay the night at their grandparents', they spend their day imagining what their parents are doing while they're away. Jumping on beds, they think, or sledding down the stairs on pillows. Watching hours of television, playing ball in the house, eating junk food, and making one VERY big mess! When the kids come home the house looks tidy. "It was pretty quiet," says Dad...but was it? Mom is hiding something behind her back, and those socks hanging from the ceiling fan weren't there yesterday. Cyd Moore's antic illustrations contrast the wild adventures at home with the more wholesome fun at the children's' grandparents' house. Jeanie Ransom's clever tale will keep young readers laughing long after the story has ended.

Home (Finding My Home Book 1) Nikita Parmenter 2020-10-22 They were my entire world, then everything fell apart. I didn't get to say goodbye, I didn't get to explain to them that my dad had finally gone off the deep end. Of course, they wouldn't have understood anyway, we were only eight and I never told them how bad it had gotten. Maybe if I had I wouldn't be in this fucked up situation. I wouldn't of seen and done the things I've had to do in order to survive, maybe I would've even been able to stay with the boys I loved. Well jokes on me, life's thrown me yet another freaking curve ball and I'm going back, I'm going home but they're not boys anymore and although they've still got the traits of the boys I once loved, I don't know them like I used to. They sure as hell aren't going to remember me. I had to change a lot in order to protect myself and to survive. I'm so far away from who I used to be, I'd be surprised if they even recognized me, I sure as hell don't. I'm going to lose them all over again, and I barely survived losing them the first time. This is a medium burn contemporary reverse harem that will have some m/m. Warnings: Please be advised that this book contains dark themes, including abuse, violence and cursing. Additionally, sexual themes suitable for mature audiences 18+. All sex is consensual.

You Are Home Mackenzie Porter 2021-08-31 This lovely board book reassures young ones that wherever they go, they carry the love of a parent. So no matter where they roam, they'll always be home. So if you ride to the corner, to the mountains, the sea, there's not a place in this world that I won't be. Wherever you travel and wherever you roam, just know, my sweet child, you will always be home. Home begins as a parent's arms, and as the child in this story grows up, home then has grass, and sky, and a street that doesn't end. The parent in this story reassures their child that they can keep going, they can find new homes, because wherever they go, they'll carry the parent's love. After all, home is where the heart is.

Miss Ex-Yugoslavia Sofija Stefanovic 2018-04-17 "Sofija Stefanovic's beautiful memoir Miss Ex-Yugoslavia depicts the elegant transit of a girl becoming an artist. This is a story we yearn to know: How does a girl lose her childhood, family, and nation, yet nurture her

memories, dreams, and art? Stefanovic hits all her marks, and she keeps us in her thrall." —Min Jin Lee, author of Pachinko, a New York Times bestseller and National Book Award finalist "Funny and tragic and beautiful in all the right places. I loved it." —Jenny Lawson, #1 New York Times bestselling author of Let's Pretend This Never Happened and Furiously Happy A funny, dark, and tender memoir about the immigrant experience and life as a perpetual fish-out-of-water, from the acclaimed Serbian-Australian storyteller. Sofija Stefanovic makes the first of many awkward entrances in 1982, when she is born in Belgrade, the capital of socialist Yugoslavia. The circumstances of her birth (a blackout, gasoline shortages, bickering parents) don't exactly get her off to a running start. While around her, ethnic tensions are stoked by totalitarian leaders with violent agendas, Stefanovic's early life is filled with Yugo rock, inadvisable crushes, and the quirky ups and downs of life in a socialist state. As the political situation grows more dire, the Stefanovics travel back and forth between faraway, peaceful Australia, where they can't seem to fit in, and their turbulent homeland, which they can't seem to shake. Meanwhile, Yugoslavia collapses into the bloodiest European conflict in recent history. Featuring warlords and beauty queens, tiger cubs and Baby-Sitters Clubs, Sofija Stefanovic's memoir is a window to a complicated culture that she both cherishes and resents. Revealing war and immigration from the crucial viewpoint of women and children, Stefanovic chronicles her own coming-of-age, both as a woman and as an artist who yearns to take control of her own story. Refreshingly candid, poignant, and illuminating, Miss Ex-Yugoslavia introduces a vital new voice to the immigrant narrative.

Stinky Cecil in Operation Pond Rescue Paige Braddock 2015-02-03 Sometimes big stories happen in small places. Sometimes big things happen to small creatures. This is one of those

stories . . . Cecil is a toad. A toad busy doing what any other toad does with its days--judging the pond splashing contest (Reggie the fly is usually the honorary winner by dint of his five-day lifespan), or visiting his friends, Jeff the free-range hamster, Rayray the lizard, Jeremy the worm, or Sprout the frog. And, of course, trying to keep clear of the local hawk. But when Cecil discovers a freeway construction project aimed right at the pond, he knows he has to come up with a plan to save his home. But what can a small group of amphibians and a reincarnating fly do against construction vehicles and a steady onslaught of hot asphalt? Cecil isn't sure, but he knows they have to try.

Home Away Launa Schweizer
2013-04-24 A tale of misapprehensions, transformations and rose at lunch as one American couple quits their perfectly good jobs, packs up their house in Brooklyn and moves their family to rural France

for a year. In their fantasy, bons mots would drip from every quaintly churlish local character, and their two non-French speaking daughters would soon make adorable Gallic best friends at the village school. Their clunky little American family would be magically transformed into graceful, fluent French people the moment they all donned berets. Yet despite the beauty of the landscape and the warmth of the air, things were not as the family had dreamed they would be. Nobody wore a beret, ever, and life with children in a foreign land proved more challenging than anyone had imagined. The book details the many delights of life in France, but also celebrates the all-too-human mistakes the family made as they bumbled towards magic during one year of their lives. In time, the family falls into the rhythm of daily life, rediscovering the only home that matters: the home they have in one another.
