Raising Disciples Natalie Frisk 2019-09-17
Children and youth will just “catch” the faith of their parents, right? Not necessarily. Talking with kids about Jesus no longer comes naturally to many Christian parents. In *Raising Disciples*, pastor Natalie Frisk helps us reconnect faith and parenting, equipping parents to model what following Jesus looks like in daily life. Filled with authenticity, flexibility, humor, and prayer, Frisk outlines how parents can make openings for their children to experience God in their daily lives. As curriculum pastor at The Meeting House, one of the largest churches in Canada, Frisk calls parents who follow Christ to ask the big questions about the spiritual formation of children and teens. In practical and thoughtful

ways, she equips parents to disciple their kids in various stages of childhood, adolescence, and young adulthood. *Raising Disciples* will awaken parents to the possibility of Jesus-centered parenting and encourage us to engage in the lost art of discipling our own kids.

Threshing Floor D.I.Y Style: a New Approach for a New Generation; from Harvest to Seed DR WALTER MASOCHA 2013-08-15
The Bible suggests that unbelievers are a crop ready for harvest. When harvested, they are taken to the threshing floor, where husks and chaff are removed to reveal the precious seed (Matt. 3:11-12; 9:35-38). This book develops the concept of Threshing floor by simple reference to a typical sub-urban town-house or mansion with nine floors, each of them being a Threshing Floor. For various reasons, many Christians are

uncomfortable to approach someone else for counselling. Fatally wounded by fellow Christians, whether leaders or not, they quietly withdraw from the Church. Alternatively, they stay put, but deeply wounded and hurt, they limp along and remain in the Church. They become religious. This book offers a new, innovative, D.I.Y approach to Christian Counselling, whereby one approaches others only in the event of failure of the D.I.Y. process. Touching on various character and behavioural attributes, the Bible is explored to clinically analyse scriptures, offering chances for the wounded and those who wound others to get self-threshed by the Word of God on different theoretical floors in the House God (Psalm 23:6). When fully threshed, they serve in Gods house with a sweet spirit, agape love, peace, and joy in the Holy Ghost.

Difference Makers M. Scott Boren 2013-06-15 Christians want to make a difference, but sometimes the ministry bar is raised so high that only those who are "go-getters" can do it. Mission work can look like a drastic life change, unattainable to those who aren't in full-time ministry. So the average church member is left without a mission. Pastor and author M. Scott Boren shows how ordinary Christians can make a huge impact through their everyday lives. Boren teaches church members how to make a difference for God where they are. At work. With

friends. In the neighborhood. Mission work doesn't need to be a life-altering event. It can be simply living a life that honors Jesus and points others to him.

Be Hopeful (1 Peter) Warren W. Wiersbe
2010-01-01 "Hope is not a sedative; it is a shot of adrenaline, a blood transfusion." Through clever word pictures like this, best-selling author and former pastor Warren Wiersbe preaches the same message Peter preached so long ago. Turning each enlightening page, believers gain increasing confidence in true Hope, a God in whom they don't just wish for eternal life. In Scripture, hope means the promise of salvation for those who have accepted Him and His Son's death and resurrection. Christians who possess this hope and live as though they possess it will learn godly submission, holy living, and harmony with other believers. These qualities will prepare them for what Peter paints in his epistle as inevitable-suffering and persecution. Though Peter is writing to warn a people who would soon be under the tyranny of a heathen Roman emperor, some level of suffering will always be a

part of the believers' journey. A time is soon coming when living the "comfortable" Christian life will be far more costly than the life willing to give up all.

Grounded in the Gospel J. I. Packer
2010-04-01 Historically, the church's ministry of grounding new believers in the essentials of the faith has been known as catechesis--systematic instruction in faith foundations, including what we believe, how we pray and worship, and how we conduct our lives. For most evangelicals today, however, this very idea is an alien

concept. Packer and Parrett, concerned for the state of the church, seek to inspire a much needed evangelical course correction. This new book makes the case for a recovery of significant catechesis as a nonnegotiable practice of churches, showing the practice to be complementary to, and of no less value than, Bible study, expository preaching, and other formational ministries, and urging evangelical churches to find room for this biblical ministry for the sake of their spiritual health and vitality.

A Homemade Year Jerusalem Jackson Greer
2013-03-01 Let A Homemade Year inspire you to discover new and creative ways to experience the rhythm of God's story in your home, with your family and friends, through fun, colorful crafts, party ideas, and recipes. Divided into seasons, A Homemade Year is filled with celebrations that you already observe and some you may never have heard of. May this book be a jumping-off point for creating joy and lasting memories through the church year. Praise for A

Homemade Year "This energetic book is as useful as it is comforting. Christian formation begins in the home and A Homemade Year gives us ways and means of accomplishing that with joy, holiness, and a healthy portion of just plain, old-fashioned fun." —Phyllis Tickle, author of *The Divine Hours* "I began reading A Homemade Year one afternoon when I had no fewer than a thousand things going on in my house. Almost immediately, I was drawn into Jerusalem Greer's beautiful writing and became fascinated with her journey through an entire year of liturgical celebrations---some of which (Advent, Epiphany) I celebrate in my own home, but some of which I never knew about before. Two hours later, I was still reading, happily resigned to letting my plans for the day slide. Jerusalem so clearly conveys the significance and beauty of liturgical tradition, and her celebration-specific recipes and crafts are sweet and meaningful, while at the same time completely "do-able" for everyone. This book is an absolute treasure. I want to

share it with everyone I know!" —Ree Drummond, #1 New York Times Bestselling author of *The Pioneer Woman Cooks* "Like many moms, I'm longing to create a sense of rhythm and tradition in our lives and our home, and this sweet book gives many imaginative, practical places to start." —Shauna Niequist, author of *Bittersweet and Cold Tangerines* "With waffle crumbs and bacon drippings and brown sugar crystals, Jerusalem Jackson Greer leaves a Hansel and Gretel-like path to follow as we travel through the seasons of the liturgical year. *A Homemade Year* gives families a wonderful sensory way to share and experience the Christian story at home. I was charmed and moved by this book." —Sybil MacBeth, author of *Praying in Color* and *Praying in Color for Kids* "In a world that struggles to slow down and stay focused on what's really important, *A Homemade Year* gives you new vision to do just that. I can't wait to get started myself!" —Courtney Walsh, New York Times bestselling

Is it Soup yet? Nina Sausman 2020-02-11 Following my Grandmother’s old recipe for homemade Chicken soup one day, I began to see

similarities in each step to those of the refining process the Holy Spirit was doing in my own life. We, as Christians have been predestined to be transformed into the image of Jesus Christ. It’s a daily work of the Holy Spirit in us that brings it about. The process of dying to self and opening the way for Jesus to live life through us. I have written this book for the Body of Christ, both those who are new in their faith walk and mature Christians, to encourage, teach and challenge them to open themselves up to the amazing work the Holy Spirit desires to do in our lives. I have held this revelation in my heart for many years now. But as I look at our world and see the faces of so many who are desperately searching for something to fill the emptiness and loneliness in their hearts, I realize we have what they need in us, Jesus Christ. I believe that in such a time as this, it’s time for the Church, us, to show Jesus to the world as never before. I have lived, and experienced the events of each page and hope

and pray that as you read and study it, you will learn to look at your life's experiences no longer as just coincidence and evil circumstances of this world but as Spiritual events in the Transformation process.

How To Make A Small Church Grow Dale and Sherry Rhodes 2010-10-22 One of the most difficult things to do is to take a church, that has been small for a long time, and cause it to grow. It is difficult at best. It requires a great deal of prayer and a well laid plan. You cannot just go into the task and œwing it. If you don't have a plan going in then you are destined for failure. How do I know that it is difficult to cause a small church to grow? Because the average church in America has an attendance of just sixty five! Only one percent of churches are over one thousand in attendance. As I am writing this book 59 churches a day are closing their doors. I don't want to be average and I don't believe you do either. You may not want a

church of thousands but you definitely want to do more than you are presently doing. As with any task you need to know what you are doing and how to go about it. This book is designed to give you an outline of things to look at and help you think through each step that you plan to take.

American Originals Paul K. Conkin 2000-11-09 In a work of striking breadth and clarity, Paul Conkin offers an even-handed and in-depth look at the major American-made forms of Christianity--a diverse group of religious traditions, each of which reflects a significant break from western Christian orthodoxy. Identifying six distinctive types, Conkin examines the major denominations representative of each original variety of American Christianity: restoration (Churches of Christ, Disciples of Christ); humanistic (Unitarians, Universalists); apocalyptic (Adventists, Jehovah's Witnesses); Mormon (Church of Jesus Christ of Latter-day Saints);

spiritual (Christian Science, Unity); and ecstatic (Holiness and Pentecostal denominations).

Focusing on the early years and maturation of these groups, he discusses their founders and leaders, origins and Old World roots, and essential doctrines and practices. Conkin closes each chapter with a guide to further reading.

The first comprehensive survey of these American originals, this book will serve as a valuable resource on a number of religious traditions whose members not only comprise a significant percentage of the American population but also make up an increasing proportion of Christian converts worldwide.

Year of Plenty Craig L. Goodwin In 2008, Pastor Craig Goodwin and his young family embarked on a year-long experiment to consume only what was local, used, homegrown, or homemade. In Year of Plenty, Goodwin shares the winsome story of how an average suburban family stumbled onto the cultural cutting edge of locavores, backyard chickens, farmers markets,

simple living, and going green. More than that, it is the timely tale of Christians exploring the intersections of faith, environment, and everyday life. This humorous yet profound book comes at just the right time for North American Christians, who are eager to engage the growing interest in the environmental movement and the quandaries of modern consumer culture. It speaks also to the growing legions of the "spiritual but not religious" who long for ways to connect heaven and earth in their daily lives.

This is an experiment in God's ordinary: life centered in relationship, lived in a physical world of spiritual meaning, and expressed in daily acts of attentiveness that are unhooked from patterns that degrade us and

As someone who had gotten good at resisting grumpy calls to reject our consumerist culture, I found this book delightfully refreshing and compelling. Craig Goodwin describes an experiment in 'familial art'-a creative effort to seek out new and very practical experiments living as more faithful stewardship of the earth's resources. "Many clergy and other church leaders ask for examples of how and where missional

work is actually taking place. Here is a leader faithfully engaging this work in a practical, local, on-the-ground way that leads to new expressions of church in mission. This is the kind of story about a church-in-process we need to hear."-Alan J. Roxburgh

Author of "The Missional Leader"

"I heartily recommend Goodwin's charming, thoughtful, and extremely funny book. With remarkable insight and refreshing humility, Craig Goodwin takes us with him and his family as they learn who and what is behind the things we so often thoughtlessly purchase. Goodwin reminds us how much of community and life we have sacrificed in the name of convenience and low price. Through engaging narrative he skillfully integrates lessons on faith, life, and God, integrating the spiritual with the material and the local with the global. This is an important contribution to the ongoing conversation about our role as Christians in

taking care of and enjoying God's creation."-

Evangelism in a Skeptical World Sam Chan 2018-03-13 Most Christians already know that they should be telling their friends about Jesus. But they have been poorly equipped with methods that are no longer effective in today's post-Christian world. As a result, many people become frustrated, blame themselves, and simply give up. *Evangelism in a Skeptical World* is a textbook on evangelism that is ideal for the church or the classroom to equip Christians with

the principles and skills they need to tell the unbelievable news about Jesus to friends in a skeptical world. Many of the older principles and methods of evangelism in the twentieth century no longer work effectively today. In a post-Christian, post-churched, post-reached world we need new methods to communicate the timeless message of the gospel in culturally relevant ways. Dr. Chan combines the theological and biblical insights of classic evangelistic training with the latest insights from missiology on contextualization, cultural hermeneutics, and storytelling. Every chapter is illustrated with real-world examples drawn from over fifteen years of evangelistic ministry. These are methods that really work - with university students, urban workers, and high school students - getting past the defensive posture that people have toward Christianity so they can seriously consider the claims of Jesus Christ. Field-tested and filled with unique, fresh, and creative insights, this book will equip you to

share the gospel in today's world and help as many people as possible hear the good news about Jesus.

The Homemade Atheist Betty Brogaard

2010-10 Betty Brogaard was raised to be a good Christian. By the time she was 20 years old, she had joined a fundamentalist church.
