Teaching Your Child to Love

Learning Judy Harris Helm

2004-04-10 The "project approach" has long been a tremendous tool for educators working with young children. This is not an activity book but a book about doing in-depth investigations about topics that interest your child and you. The project approach stimulates your child's curiosity, shows the advantages of learning academic skills such as reading, writing and math and helps you build a strong

relationship with your child as you share the adventure of learning together. In this book, we have adapted the approach to show parents, grandparents and other caregivers how to do meaningful and exciting projects at home. Featuring many photos of children doing project work this book thoroughly explains the benefits to both you and your child of doing projects together. Ideas are given for transforming your home into a place to learn including guidance for collecting and storing materials, making time for projects, and documenting your child's work. Seven complete examples of at-home projects are shared. Chapters also show you how to coach your child to build skills for reading and writing, mathematical development, scientific thinking, and more. Direction is also provided for adapting the project approach for use in family child care centers, home schooling, and gifted education.

Serving Homeschooled Teens and Their Parents

Maureen T. Lerch 2004-05-30
Today more than a million
students are being educated at
home; and that figure increases

at a rate of 7-14% annually.
Homeschooling is a growing
trend in our society, and public
librarians are being called
upon with increasing frequency
to serve the needs of
homeschooled students. So,
just what are the needs of the
homeschooled teen, and how
can you and your library meet
those needs? A former young
adult librarian and a
homeschool parent have joined
forces to create this insightful
guide and answer that
question. After reviewing the
developmental and social needs
of teens, the authors
demonstrate how those needs
may be met in the public
library setting. You'll find a
wealth of ideas for adapting
every facet of your library
service for this growing
population—from developing a
homeschool collection to
expanding services and
creating special programs.
You'll also find suggestions on
how to market what your
library has to offer to
homeschoolers. You may even
discover some new ways to
employ the talents and time of

these students and their families. Extensive resource lists conclude the volume, they will help you better serve home-educated teens and their parents.

How to Homeschool Independently Lee Binz 2015-07-24 Declare Your Homeschool Independence "Keep life, liberty, and the pursuit of happiness at the center of your homeschool! " Learn why "old-fashioned" homeschooling is still your best bet for growing passionate learners! Homeschool independently and take your life back! Instead of a "one-size-fits-all" assembly-line education, choose the freedom to teach your children at their pace and consistent with your values. Pursue happiness while homeschooling, instead of pursuing the busyness so

common in our society. In this book, you will learn: how to identify and eliminate sources of educational dependence, how to regain your peace of mind, and how to rekindle your children's love of learning. Be a fearless leader! Declare your independence from the public system and rigid classroom structure, so your child's education can be a perfect fit. Here's Why You Need This Book: Homeschooling doesn't end with declaring your independence - it's the beginning of your homeschool life and responsibilities. Our founding fathers successfully declared independence because they seized the responsibility of governing. Be like the founding fathers! Seize the responsibility of homeschooling. Minimize delegation, and resist enrolling, registering, or enlisting in a program. The homeschool lifestyle is at home, shaping and molding your children in your day-to-day interactions. If you aren't home, it becomes more difficult to embrace the lifestyle of

learning that enables homeschooling to be more fruitful. "How to Homeschool Independently" is part of The HomeScholar's Coffee Break Book series. Designed especially for parents who don't want to spend hours and hours reading a 400-page book on homeschooling high school, each book combines Lee's practical and friendly approach with detailed, but easy-to-digest information, perfect to read over a cup of coffee at your favorite coffee shop! Never overwhelming, always accessible and manageable, each book in the series will give parents the tools they need to tackle the tasks of homeschooling high school, one warm sip at a time. Who is Lee Binz and Why Should You Listen to Her? Lee Binz, The HomeScholar, understands what it takes to graduate homeschool students who are fully prepared for college and for life. Lee's practical advice and organized presentations have helped thousands of homeschool parents muster the courage to complete their

homeschooling journey. She is both reassuring and empowering, and will give you the knowledge you need to successfully graduate your high school student, and have confidence that they are ready to take on the world.
