Psalms 3 Kevin Swanson
2012-01-01 In this family Bible study guide, Kevin Swanson introduces the book of Psalms as the very heart of the Word. The book of Psalms teaches us the proper worship of God in content, emotion, and method. Of all the things which make up your life, what could be more important than the worship of God? Certainly, there could hardly be anything more critical to teach your children! For families who see the Bible as “core curriculum,” we introduce the brand new Family Bible Study Guides Series. Family worship is a time when parents fulfill their Deuteronomy 6:7 and Ephesians 6:4 responsibilities to teach and disciple their families. This manual will provide the following Bible study helps for the study of the Psalms: Each lesson includes: • Convenient categorization and

contextualization of each Psalm • Exposition of each Psalm explaining the meaning in simple terms • Description of the emotions that weave through the Psalm • Family-life application of the Psalm for parents and children • Summary of what the Psalm teaches about worship • Content and discussion questions to facilitate discussion and application Spiral-bound. 254 Pages. Ruth Beechick 2007-01-01 An immensely respected leader in today’s homeschool movement, Dr. Ruth Beechick encourages families to center all aspects of their children’s learning on God’s Word in A Biblical Home Education. Beechick begins by showing how the subjects of worldview, science, and history have been pulled apart from the Bible and how they can be sensibly reconnected. In the

author's words, "Since the fear of the Lord is the beginning of wisdom, that anti-God teaching can lead only to foolishness." Also included are chapters on thinking, reading, writing and study skills, learning methods, curriculum tips, and extensive teaching helps.

Treasured Tales of Homeschool Judy Zwirblis
2017-07-25 Author Judy Zwirblis taught children in her home for more than twenty years. During this time, she noticed that the ordinary days of homeschooling were moments of the Lord's gentle touch, the teaching of his love. In *Treasured Tales of Homeschool*, she shares the signs, wonders, and miracles the Lord provided while she homeschooled her children. Each personal account reflects

the purpose of family and how children learn their God-ordained destiny by knowing who they are in Christ. Using Zwirblis personal and professional experiences, *Treasured Tales of Homeschool* provides witness to both the far-reaching problems in families and schools and how parents and grandparents can teach children according to the word of God and reap wonderful results. Filled with key biblical principles Zwirblis discovered while teaching her own boys and working with at-risk children, the stories share God encounters and spiritual insights into the heart of God. Praise for *Treasured Tales of Homeschool: My heart was warmed and my emotions touched as I read through Treasured Tales of Homeschool: An Inspiration for Parents* by Judy Zwirblis. Being an educator for more than thirty years, this book has encouraged me and reinforced my own conviction for Christian education through the life experiences of the Zwirblis family: lessons of

fathering and mothering under the mighty hand of the Holy Spirit revealed such great biblical lessons of faith, challenge, nurture, trust, vision, and even letting go (Dr. Ronald L. Bernier, Senior Pastor, Master Builder Ministries and Headmaster, East Gate Christian Academy).

What Does the Bible Say about That? Kevin Swanson 2011-10 In this exciting new worldview curriculum for children, Kevin Swanson presents the very basics of a biblical worldview for children. At some point, every child needs to see the "forest from the trees." This introduction to a biblical worldview will help kids make sense of the world around them, and it shows them the big picture of God's truth in the Bible. Presented in a simple, engaging way, this study guide provides a basic introduction to truth, ethics, origins, causality, anthropology, sociology, family, church, civil government, education, economics, defense, crime, and charity. Workbook assignments, games, puzzles,

and more are included at the end of each chapter.

Recommended for ages 9+.

Worldviews in Conflict Kevin Swanson 2015 As long as Christian liberal arts programs fail to engage the challenges to Christianity in the battle of ideas, they play a part in the continuing decline of the faith in the Western world. It is extremely dangerous to accept the "great" thinkers and writers uncritically, whether it be Karl Marx, Ralph Waldo Emerson, or Nathaniel Hawthorne. The great thinkers and the liberal arts programs have influenced millions of young people to abandon the Christian faith over the centuries. Every Christian student should be familiar with the ideas and the writings that have formed the modern world and that subsequently undermined the Christian foundations in the West. Young people must also be well-versed and well-equipped to engage in the battle of worldviews before they graduate from high school or college. That is why this

curriculum is so desperately needed. It includes: Selected readings and summaries of 15+ philosophers and authors, with in-depth analysis of influential literary works Reviews of popular music and movies Prayers to equip students in the war of ideas. This course presents a basic survey and a critical analysis of the philosophers, the literary masters, and the cultural influencers of the last 300 years for the Christian student. In contrast with other literature courses, this text is filled with relevant biblical references and truths that will equip the student to address the false worldviews contained in the "great" humanist works of this era.

Fearless Prayer Craig J. Hazen 2018-08-07 "If you remain in me and my words remain in you, ask whatever you wish, and it will be done for you." John 15:7 You've likely scratched your head over this verse, wondering how literally to take it. Could Jesus have been serious about His over-the-top declaration? Can

you really ask for anything? If you think these words can't possibly mean what they say, Craig Hazen wants to reveal the astonishing reality of this promise. You'll learn why Christians hesitate to embrace this powerful statement and how you can put it to work in your life for the sake of God's kingdom. According to the Lord himself, "asking" is the center point of prayer. He wants us to bring our fruit-bearing requests to him boldly and with expectation for the blessing of his answer. He wants to hear our Fearless Prayer!

The how and why of Home Schooling

Ray E. Ballmann
1995 Printed boldly on the back of the United States currency is the motto "In God We Trust." We have seen it so often that it may have lost its

meaning to us. But found in these words is the secret to national and personal greatness. Webster's Dictionary defines the word trust as "a firm belief or confidence in the honesty, integrity, reliability and justice of another person or thing." When our founding fathers put their names to the Declaration of Independence, they believed that God was the only sure foundation upon which to build a nation that would endure. These men knew that this unique experiment in freedom would only stand the test of time by God's grace. George Washington stated it simply, "It is impossible to rightly govern the world without God and the Bible." Reliance upon God was deeply rooted in our country's important documents and institutions from the beginning. But today confidence in God and His Word is no longer the foundation of society. In our schools the God of Creation has been replaced by the "god" of evolutionary chance. Truth has been replaced by relativism. Morality has been replaced by

expediency. In our homes we nightly view things that were unimaginable on television and in movies only a decade ago. Violence, sexual perversion and obscene language spill off the screen. In the political arena God's principles of truth and justice have often given way to expedience, personal profit, and compromise. As we have departed from God, life has been devalued. The lives of unborn children are snuffed out in abortion clinics and the number of robberies, rapes and murders increase daily. It is time that we return to the values of God's Word in our public and private lives so that He will heal our land. We must begin person by person on our knees, confessing our failure to trust God fully in our lives. Today you can affirm your trust in God if you will: Acknowledge that you need salvation: The Bible says, "All have sinned, and come short of the glory of God" (Romans 3:23). Recognize God's love for you: "God so loved the world, that He gave His only begotten Son, that whosoever believeth

in Him should not perish, but have everlasting life" (John 3:16). Receive Jesus and His forgiveness, the only basis for encountering God. "As many as received Him (Jesus), to them gave He power to become the sons of God, even to them that believe on His name" (John 1:12). God is calling you to put your trust in Him today! Don't ignore His call!

Why We Homeschool Adam T. Calvert 2018-07-19 When the topic of homeschooling comes up, there often seem to be various assumptions as to why we homeschool our children, which are simply wrong, or, at the most, inadequate. Yes, the government schools have bullies; yes, the government schools might be bigger targets for armed shootings; and yes, the government schools (even the ones in good school districts) have kids or teachers who will teach our children language or experiences that

we would rather them not learn that early in life (or at all). And while all those things are true and good reasons to educate our children at home, even if those problems were corrected, we—and many other parents—would still be committed to homeschooling our children. Why? The purpose of this book is to answer that question—and to answer it from the Scriptures. **Marriage God's Way** Scott LaPierre 2016-08-04 At its best, marriage brings joys and blessings rarely seen in this life. Proverbs Kevin Swanson
2013-01-01 There are thousands of books and curriculum choices for parents these days. Let us make it simple for you. . . Have you given your children God's curriculum? It should go without saying that there is a good deal of wisdom and knowledge to be found in the Book of Proverbs. It was the original curriculum, produced about 3,000 years ago intended

as the basic education for a young man (or young woman). Could this wisdom be just as relevant and just as important now, even after being displaced by a thousand ?new and improved? systems of thought? At the very least, Christian parents should be most interested in providing this compendium of knowledge to their children from their earliest years. Our children should be able to internalize and apply the principles found in the Book of Proverbs from their earliest years. If our children will be rooted in all 1,000-plus lessons found in Proverbs before they reach adulthood, they should begin to work through them as early as 8 or 9 years of age. Features of this lesson book include: ? provides an excellent, simple introduction to the Proverbs for the 9-12 year old child.? may also serve as a Companion for the Proverbs Bible Study Guide Series provided by Generations with Vision, or used independently.? contains lessons that follow a ?Read, Think, Hide, and Apply?

The Gospel of Matthew Kevin

Swanson 2012-01-01 There is no more important thing we can do as parents than to teach our children the Bible, especially the Gospels of Jesus Christ! If we want our children to follow Christ, they need to know the stories of the life of Christ and His teachings better than they know mathematics, geography, or the rules of grammar. The Family Bible Study Guide Series is for

parents who understand their God-given responsibility to teach their children God's Word as they sit in the house (Deut. 6:7). These Study Guides will assist parents who wish to provide their children with an in-depth study of the Bible. J. C. Ryle provides the very best commentary and devotional exposition of the book of Matthew that can be found. We could do no better than to use his expositions of the Gospel of Matthew for our Family Bible Study Guide Series. Writing in the 19th century as an evangelical Anglican pastor, Ryle intended these Expository Thoughts for family worship. His writing is strikingly simple, profound, practical, and passionate at the same time. Each lesson in this Matthew Family Bible Study Guide contains the following features: Outstanding practical and devotional exposition from J.C. Homeschooling is a large and

2016-02-18 Parenting comes with stresses that can make the most laid-back among us feel irritable, frustrated, and angry. Even parents who sincerely love their children sometimes use the wrong methods of anger and frustration in an attempt to control their children. But angry parenting doesn't just weaken relationships between parents and their children; it can, over time, destroy them. Few parents set out to become yelling meanies who no longer enjoy their children. Yet many feel stuck, unable to pull themselves out of their ugly habits. This book: Provides practical and biblical solutions to get to the other side of the issue Gives hope and freedom from the tyranny of stressed-out and angry parenting Offers solutions that are ideal for any family. If anger is in your home — even in small ways — this book is for you. It is time to replace that anger with

Education: Does God have an opinion? Israel Wayne
2017-04-01 Students in America will spend over 14,000 seat hours in a classroom before they graduate from high school. On the other hand, most Christian children spend less than an hour a day in meaningful interaction with their parents, and only a few hours a week (at most) in church. Is it reasonable for us to assume that the Christian instruction they receive during off-hours will outweigh the thousands of hours of anti-Christian perspectives they are bombarded with by the media and the public school system? What does God say about how He expects Christians to

educate their children? This book will radically challenge your paradigms and biases, but will consistently point you to the Word of God as the final answer for all of life, including education. Great resource for pastors, parents, and grandparents to understand the role of education in a Christian family. Aligns with the core philosophy of Master Books Curriculum and can be used as an apologetic for Christian education.

This book is designed for homeschool parents needing a simple math guide to use alongside their curriculum and help them teach arithmetic to elementary students, older students needing a review of math basics before moving on to advanced mathematics, or Christian school or co-op teachers (or future teachers) wanting ideas on how to modify the curriculum to better reveal the truth of a Creator God.

The Ultimate Guide to Homeschooling Boys
Michelle Caskey 2015-07-11
Need Help Homeschooling Your Boys? If you have a son, you already realize that he is much different than your daughters... but you may not realize that your son actually sees differently, hears differently, and even THINKS differently. Having a son can be confusing for moms. Homeschooling a son can be even more difficult. Often, girls are content to let you hand them a book or a workbook to teach them. Boys, on the other hand, do not normally learn well in this manner. In fact, most boys will confront you with all out

rebellion if you try to conduct their homeschooling in this way. So, how should we homeschool boys? Fortunately, there are some simple answers to this question. Michelle candidly details the ups and downs of homeschooling her own sons. She gives practical advice for how to educate boys while enjoying a closer relationship with them at the same time. Boys do enjoy learning when it is approached in the right way. Grab your coffee and settle in for some laughs, some tears, and a huge helping of inspiration. About the Author: Michelle has been married to her best friend for almost 17 years. She is also a homeschool mom to her two wonderful (and tall) sons. Michelle is a Christian, a fan of simple living and a lover of chocolate. She loves her spicy chai tea in the morning and she has a hard time staying out of the snacks at night. Proverbs II Kevin Swanson
2011 Of all of the possible curriculum choices used for the education of our children, the most important textbook of all is that which God Himself presented in the book of Proverbs. This book is the core curriculum. It is God's book on how to live life on planet earth. To disregard this book in the education of our children would be a colossal error. With this Study Guide on the book of Proverbs, you will learn God's basic truths as they speak to the classical philosophical divisions of epistemology, metaphysics, and ethics. You will grapple with the tensions of determinism and human responsibility. You will find an entire system of priorities for life's ethics and purposes. You will find the basic constituents of a biblical social system, as well as principles for sound economics, government, and general business management. The book includes both a proper theology, anthropology, and human psychology. Every education program will give you a system of categories by

which you understand life, history, truth, ethics, and reality. Some systems have a semblance of truth, but they are fundamentally compromised because they do not begin with the book of Proverbs or the fear of God (Prov. 1:7). This study guide is the fruit of seven years of daily instruction in the book of Proverbs on the part of homeschooling father, pastor, and author, Kevin Swanson. Each lesson includes: A topical breakdown An exposition in the form of illustration and application And, penetrating, application-oriented questions to stimulate family discussions Spiral-bound. 249 Pages.

Teach Them Diligently Leslie Nunnery 2018-03-06 It's easy to say we trust Christ for everything, but are we living that truth? We've been given clear instruction in a powerful promise for parents. God tells us in Deuteronomy to "teach our children diligently." This passage and many others give us great insight as to how to do that and enjoy the promised

blessing that always accompanies the mandates we are given. Learn the practical view of discipleship parenting, what God expects from parents, and how to put these truths into action See how parenting with the vision of teaching them diligently will intentionally bear fruit and affect change in your own life as well Move beyond giving lip-service to what you believe, and make the conscious choice to rely on the wisdom of God's holy instruction for your life and parenting. So, why are we as Christian parents still uncertain? Why do we live in fear? Why are we losing our children in record numbers? What can we do about it?

Raising Them Up Israel Wayne 2020-04-16 Most parents want a book that will “fix their child” in three easy steps, in 30 days or less. While understandable, this expectation will never work. The problem lies far more with us, the parents, than it does with our child. If we don’t understand that truth, we will only remain frustrated and disappointed with our child. The far greater need is to fundamentally change our own hearts and minds as parents. As a principle, that simply MUST happen before any change will come for our youth. Christian parents may know a lot of Bible verses, yet don’t have a Biblical theology of parenting. Here’s the big picture: parenting is discipleship. Your child is learning from you. You are the teacher. Far more is caught

than taught in parenting. Children listen to what you say, but they watch how you live. When you are slack in dealing with character issues in your own life, it short circuits your ability to effectively reach your child’s heart. In *Raising Them Up*, you will discover: A heart check for parents The world of “techno-parenting” How to teach purity Helping the difficult child Parenting by grace Home-based apologetics and more! It’s not about gimmicks...it’s about God – His inspired, inerrant, infallible, timeless truths. There are lots of other books out there that will teach you how to count to three, hold your breath, snap your wrist with a rubber band, and hand out stickers as a way to change your rebellious child. With enough tips, tricks, and methods, perhaps you can learn the perfect approach to timeouts or some magic cure that will solve bickering, sibling rivalry, laziness, back-talking, media addiction, lying, stealing, bad attitudes, apathy, angry outbursts, rebellion, inattention, or any other

number of “fruits” that annoy, inconvenience, and embarrass us. But if you care enough to risk having to make changes in your own way of thinking and living, then let’s walk together on this path of learning to powerfully and prayerfully parent our children after the ways of God.
