

Homesteading On The Plains Daily Life In The Land Of Laura Ingalls Wilder

Prairie Day Laura Ingalls Wilder 1998-03-21 Join Laura and her family on their journey across the flat Kansas prairie. There are gophers and rabbits to play with in the daytime, and a cozy camp awaits at night. Renée Graef's enchanting full-color illustrations, inspired by Garth Williams' classic artwork, bring Laura and her family lovingly to life in this ninth title in the My First Little House Books series, picture books adapted from Laura Ingalls Wilder's beloved storybooks.

Encyclopedia of the Great Plains David J. Wishart 2004-01-01 "Wishart and the staff of the Center for Great Plains Studies have compiled a wide-ranging (pun intended) encyclopedia of this important region. Their objective was to 'give definition to a region that has traditionally been poorly defined,' and they have

The Triumph of Reality TV Leigh H. Edwards 2013-01-09 This book provides an up-to-date account of how reality TV has developed, why it has become the most popular genre on television today, and how the explosion in reality TV signals new developments in American media culture. The reasons behind reality TV's continued popularity go beyond the sensationalism and low production cost of these programs: there is much more to the genre's continued success than just escapism or

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

"guilty pleasure" TV. The Triumph of Reality TV: The Revolution in American Television identifies and explores five key media trends reality TV has used to continually draw in viewers and ensure success. These media trends include innovations in storytelling, making emotional appeals to viewers, and applying content from television to other media such as films, music albums, webisodes, online games, and smart phone apps. Author Leigh H. Edwards also analyzes how reality TV shows target themes of social conflict, such as changing ideas of the American family, and address common anxieties and tensions in American society such as gender, race, class, and economic struggle. A wide variety of reality shows—including American Idol, Celebrity Rehab, Jackass, Run's House, Survivor, and The Hills—are profiled. An appealing read for students, scholars, and general readers alike, this book provides fascinating insights into the

complexities of a seemingly simplistic form of mass entertainment.

U.S. History P. Scott Corbett

2023-04-02 Printed in color.

U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

The World of Laura Ingalls

Wilder Marta McDowell

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

2017-09-20 “For gardeners, botanists, and fans of Laura Ingalls Wilder, this book looks at the beloved Little House on the Prairie author’s relationship to nature.”
—Publishers Weekly
The universal appeal of Laura Ingalls Wilder springs from a life lived in partnership with the land, on farms she and her family settled across the Northeast and Midwest. In this revealing exploration of Wilder’s deep connection with the natural world, Marta McDowell follows the wagon trail of the beloved Little House series. You’ll learn details about Wilder’s life and inspirations, pinpoint the Ingalls and Wilder homestead claims on authentic archival maps, and learn to grow the plants and vegetables featured in the series. Excerpts from Wilder’s books, letters, and diaries bring to light her profound appreciation for the landscapes at the heart of her world. Featuring the beloved illustrations by Helen Sewell and Garth Williams, plus hundreds of historic and

~~contemporary photographs,~~

The World of Laura Ingalls Wilder is a treasure that honors Laura’s wild and beautiful life.

Little House, Long Shadow

Anita Clair Fellman 2008-05-21
Beyond their status as classic children’s stories, Laura Ingalls Wilder’s Little House books play a significant role in American culture that most people cannot begin to appreciate. Millions of children have sampled the books in school; played out the roles of Laura and Mary; or visited Wilder homesites with their parents, who may be fans themselves. Yet, as Anita Clair Fellman shows, there is even more to this magical series with its clear emotional appeal: a covert political message that made many readers comfortable with the resurgence of conservatism in the Reagan years and beyond. In Little House, Long Shadow, a leading Wilder scholar offers a fresh interpretation of the Little House books that examines how this beloved body of children’s literature

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

found its way into many facets of our culture and consciousness—even influencing the responsiveness of Americans to particular political views. Because both Wilder and her daughter, Rose Wilder Lane, opposed the New Deal programs being implemented during the period in which they wrote, their books reflect their use of family history as an argument against the state's protection of individuals from economic uncertainty. Their writing emphasized the isolation of the Ingalls family and the family's resilience in the face of crises and consistently equated self-sufficiency with family acceptance, security, and warmth. Fellman argues that the popularity of these books—abetted by Lane's overtly libertarian views—helped lay the groundwork for a negative response to big government and a positive view of political individualism, contributing to the acceptance of contemporary conservatism while perpetuating a mythic

West. Beyond tracing the emergence of this influence in the relationship between Wilder and her daughter, Fellman explores the continuing presence of the books—and their message—in modern cultural institutions from classrooms to tourism, newspaper editorials to Internet message boards. *Little House, Long Shadow* shows how ostensibly apolitical artifacts of popular culture can help explain shifts in political assumptions. It is a pioneering look at the dissemination of books in our culture that expands the discussion of recent political transformations—and suggests that sources other than political rhetoric have contributed to Americans' renewed appreciation of individualist ideals.

The Flyleaf 1996

Lane.

Laura Ingalls Wilder, Farm Journalist Stephen W. Hines
2013-02-19 Before Laura Ingalls Wilder found fame with her Little House books, she made a name for herself with short nonfiction pieces in magazines and newspapers. Read today, these pieces offer insight into her development as a writer and depict farm life in the Ozarks—and also show us a different Laura Ingalls Wilder from the woman we have come to know. This volume collects essays by Wilder that originally appeared in the Missouri Ruralist between 1911 and 1924. Building on the initial compilation of these articles under the title Little House in the Ozarks, this revised edition marks a more comprehensive collection by adding forty-two additional Ruralist articles and restoring passages previously omitted from other articles. Writing as “Mrs. A. J. Wilder” about modern life in the early twentieth-century Ozarks, Laura lends her advice to women of her generation on such timeless issues as how to

Laura Ingalls Wilder
be an equal partner with their husbands, how to support the new freedoms they’d won with the right to vote, and how to maintain important family values in their changing world. Yet she also discusses such practical matters as how to raise chickens, save time on household tasks, and set aside time to relax now and then. New articles in this edition include “Making the Best of Things,” “Economy in Egg Production,” and “Spic, Span, and Beauty.” “Magic in Plain Foods” reflects her cosmopolitanism and willingness to take advantage of new technologies, while “San Marino Is Small but Mighty” reveals her social-political philosophy and her interest in cooperation and community as well as in individualism and freedom. Mrs. Wilder was firmly committed to living in the present while finding much strength in the values of her past. A substantial introduction by Stephen W. Hines places the essays in their biographical and historical context, showing

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

how these pieces present Wilder's unique perspective on life and politics during the World War I era while commenting on the challenges of surviving and thriving in the rustic Ozark hill country. The former little girl from the little house was entering a new world and wrestling with such issues as motor cars and new "labor-saving" devices, but she still knew how to build a model small farm and how to get the most out of a dollar. Together, these essays lend more insight into Wilder than do even her novels and show that, while technology may have improved since she wrote them, the key to the good life hasn't changed much in almost a century. Laura Ingalls Wilder, Farm Journalist distills the essence of her pioneer heritage and will delight fans of her later work as it sheds new light on a vanished era.

Reconsidering Laura Ingalls
Wilder: Little House and
Beyond offers a sustained,
critical examination of Wilder's
writings, including her Little
House series, her
posthumously published and
unrevised The First Four Years,

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

her letters, her journalism, and her autobiography, *Pioneer Girl*. The collection also draws on biographies of Wilder, letters to and from Wilder and her daughter, collaborator and editor Rose Wilder Lane, and other biographical materials. Contributors analyze the current state of Wilder studies, delineating Wilder's place in a canon of increasingly diverse US women writers, and attending in particular to issues of gender, femininity, space and place, truth, and collaboration, among other issues. The collection argues that Wilder's work and her contributions to US children's literature, western literature, and the pioneer experience must be considered in context with problematic racialized representations of peoples of color, specifically Native Americans. While Wilder's fiction accurately represents the experiences of white settlers, it also privileges their experiences and validates, explicitly and implicitly, the erasure of Native American peoples and culture. The

volume's contributors engage critically with Wilder's writings, interrogating them, acknowledging their limitations, and enhancing ongoing conversations about them while placing them in context with other voices, works, and perspectives that can bring into focus larger truths about North American history. Reconsidering Laura Ingalls Wilder examines Wilder's strengths and weaknesses as it discusses her writings with context, awareness, and nuance.

Our America: A Hispanic History of the United States

Felipe Fernández-Armesto

2014-01-20 "A rich and moving chronicle for our very present."

—Julio Ortega, New York Times Book Review The United States is still typically conceived of as an offshoot of England, with our history unfolding east to west beginning with the first

Homesteading On The Plains Daily Life In The Land Of

English settlers in Jamestown. This view overlooks the significance of America's Hispanic past. With the profile of the United States increasingly Hispanic, the importance of recovering the Hispanic dimension to our national story has never been greater. This absorbing narrative begins with the explorers and conquistadores who planted Spain's first colonies in Puerto Rico, Florida, and the Southwest. Missionaries and rancheros carry Spain's expansive impulse into the late eighteenth century, settling California, mapping the American interior to the Rockies, and charting the Pacific coast. During the nineteenth century Anglo-America expands west under the banner of "Manifest Destiny" and consolidates control through war with Mexico. In the Hispanic resurgence that follows, it is the peoples of Latin America who overspread the continent, from the Hispanic heartland in the West to major cities such

~~Laura Ingalls Wilder~~
~~as Chicago, Miami, New York,~~
and Boston. The United States clearly has a Hispanic present and future. And here is its Hispanic past, presented with characteristic insight and wit by one of our greatest historians.

School Library Journal 1997

On the Banks of Plum Creek

Laura Ingalls Wilder

2016-03-08 The fourth book in Laura Ingalls Wilder's treasured Little House series, and the recipient of a Newbery Honor—now available as an ebook! This digital version features Garth Williams's classic illustrations, which appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. The adventures of Laura Ingalls and her family continue as they leave the prairie and travel in their covered wagon to Walnut Grove, Minnesota. Here they settle in a new home made of sod beside the banks of Plum Creek. Soon Pa builds a wonderful new little house with real glass windows and a hinged door. Laura and her

Homesteading On The Plains Daily Life In The Land Of

sister Mary go to school, help with the chores, and fish in the creek. At night everyone listens to the merry music of Pa's fiddle. Misfortunes come in the form of a grasshopper plague and a terrible blizzard, but the pioneer family works hard together to overcome these challenges. The nine Little House books are inspired by Laura's own childhood and have been cherished by generations of readers as both a unique glimpse into America's frontier history and as heartwarming, unforgettable stories.

1,000 Places to See in the USA and Canada Before You Die

Patricia Schultz 2007-06-07 It's the phenomenon: "1,000 Places to See Before You Die" has 2.2 million copies in print and has spent 144 weeks and counting on "The New York Times" bestseller list. Now, shipping in time for the tens of millions of travelers heading out for summer trips, comes "1,000 Places to See in the U.S.A. & Canada Before You Die." Sail the Maine Windjammers out of Camden. Explore the gold-

~~Laura Ingalls Wilder~~
~~mining trails in Alaska's Denali~~
wilderness. Collect exotic shells on the beaches of Captiva. Take a barbecue tour of Kansas City--from Arthur Bryant's to Gates to B.B.'s Lawnside to Danny Edward's to LC's to Snead's. There's the ice hotel in Quebec, the Great Stalacpipe Organ in Virginia, cowboy poetry readings, what to do in Louisville after the Derby's over, and for every city, dozens of unexpected suggestions and essential destinations. The book is organized by region, and subject-specific indices in the back sort the book by interest--wilderness, great dining, best beaches, world-class museums, sports and adventures, road trips, and more. There's also an index that breaks out the best destinations for families with children. Following each entry is the nuts and bolts: addresses, websites, phone numbers, costs, best times to visit.

A Guide for Using Little House on the Prairie in the Classroom

on the popular children's story, ~~conformity and resistance.~~
Little house on the prairie.

Farmer Boy Laura Ingalls Wilder 2006-12-21 For the first time in the history of the Little House books, this new edition features Garth Williams' interior art in vibrant, full color, as well as beautifully redesigned covers. While Laura Ingalls grows up in a little house on the western prairie, Almanzo Wilder is living on a big farm in New York State. Here Almanzo and his brother and sisters help with the summer planting and fall harvest. In winter there is wood to be chopped and great slabs of ice to be cut from the river and stored. Time for fun comes when the jolly tin peddler visits, or best of all, when the fair comes to town. This is Laura Ingalls Wilder's beloved story of how her husband Almanzo grew up as a farmer boy far from the little house where Laura lived.

Table Lands Kara K. Keeling 2020-06-15 Food is a signifier of power for both adults and children, a sign of both inclusion and exclusion and of

conformity and resistance. Many academic disciplines—from sociology to literary studies—have studied food and its function as a complex social discourse, and the wide variety of approaches to the topic provides multidisciplinary frames for understanding the construction and uses of food in all types of media, including children's literature. *Table Lands: Food in Children's Literature* is a survey of food's function in children's texts, showing how the sociocultural contexts of food reveal children's agency. Authors Kara K. Keeling and Scott T. Pollard examine texts that vary from historical to contemporary, noncanonical to classics, and Anglo-American to multicultural traditions, including a variety of genres, formats, and audiences: realism, fantasy, cookbooks, picture books, chapter books, YA novels, and film. *Table Lands* offers a unified approach to studying food in a wide variety of texts for children. Spanning nearly 150 years of children's literature, Keeling

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

and Pollard's analysis covers a selection of texts that show the omnipresence of food in children's literature and culture and how they vary in representations of race, region, and class, due to the impact of these issues on food.

Furthermore, they include not only classic children's books, such as Winnie-the-Pooh, but recent award-winning multicultural novels as well as cookbooks and even one film, Pixar's *Ratatouille*.

Prairie Fires Caroline Fraser
2017-11-21 WINNER OF THE PULITZER PRIZE WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD ONE OF THE NEW YORK TIMES BOOK REVIEW'S 10 BEST BOOKS OF THE YEAR The first comprehensive historical biography of Laura Ingalls Wilder, the beloved author of the Little House on the Prairie books Millions of readers of Little House on the Prairie believe they know Laura Ingalls—the pioneer girl who

survived blizzards and near-starvation on the Great Plains, and the woman who wrote the famous autobiographical books. But the true saga of her life has never been fully told. Now, drawing on unpublished manuscripts, letters, diaries, and land and financial records, Caroline Fraser—the editor of the Library of America edition of the Little House series—masterfully fills in the gaps in Wilder's biography. Revealing the grown-up story behind the most influential childhood epic of pioneer life, she also chronicles Wilder's tumultuous relationship with her journalist daughter, Rose Wilder Lane, setting the record straight regarding charges of ghostwriting that have swirled around the books. The Little House books, for all the hardships they describe, are paeans to the pioneer spirit, portraying it as triumphant against all odds. But Wilder's real life was harder and grittier than that, a story of relentless struggle, rootlessness, and poverty. It was only in her sixties, after losing nearly

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

everything in the Great

information.

Depression, that she turned to children's books, recasting her hardscrabble childhood as a celebratory vision of homesteading—and achieving fame and fortune in the process, in one of the most astonishing rags-to-riches episodes in American letters. Spanning nearly a century of epochal change, from the Indian Wars to the Dust Bowl, Wilder's dramatic life provides a unique perspective on American history and our national mythology of self-reliance. With fresh insights and new discoveries, *Prairie Fires* reveals the complex woman whose classic stories grip us to this day.

1,000 Places to See in the United States and Canada Before You Die

Free Land Rose Wilder Lane
1945

Laura Ingalls Wilder's Little Town John E. Miller 1994 "As Laura Ingalls Wilder anticipated, her widely loved stories of her prairie childhood have become much more than a nostalgic blend of myth, memories, and autobiography. As John Miller reveals, they have much to tell us about the historical realities of day-to-day living and attitudes in the nineteenth century." "History and literature are closely intertwined, Miller contends. Here he illustrates how Wilder's novels enhance our understanding of history and how, simultaneously, a historical perspective framed Wilder's fiction. He shows how Wilder interwove content and form to produce a sentimental and compelling yet nuanced and believable picture of family life on the agricultural frontier."--BOOK JACKET.

Boarding Out David Faflik
2012-09-30 Driven by intensive industrialization and urbanization, the nineteenth century saw radical transformations in every facet of life in the United States. Immigrants and rural Americans poured into the nation's cities, often ahead of or without their families. As city dwellers adapted to the new metropolis, boarding out became, for a few short decades, the most popular form of urban domesticity in the United States. While boarding's historical importance is indisputable, its role in the period's literary production has been overlooked. In *Boarding Out*, David Faflik argues that the urban American boardinghouse exerted a decisive shaping power on the period's writers and writings. Addressing the works of canonical authors such as Henry David Thoreau,

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

Nathaniel Hawthorne, and Oliver Wendell Holmes, as well as neglected popular writers of the era such as Fanny Fern and George Lippard, Faflik demonstrates that boarding was at once psychically, artistically, and materially central in the making of our shared American culture.

Homesteading the Plains

Richard Edwards 2017-09

"Homesteading the Plains offers a bold new look at the history of homesteading, overturning what for decades has been the orthodox scholarly view. The authors begin by noting the striking disparity between the public's perception of homesteading as a cherished part of our national narrative and most scholars' harshly negative and dismissive treatment.

Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation's four principal tenets: homesteading was a minor factor in farm formation, with most Western farmers purchasing their land; most

homesteaders failed to prove up their claims; the homesteading process was rife with corruption and fraud; and homesteading caused Indian land dispossession. Using data instead of anecdotes and focusing mainly on the nineteenth century, Homesteading the Plains demonstrates that the first three tenets are wrong and the fourth only partially true. In short, the public's perception of homesteading is perhaps more accurate than the one scholars have constructed. Homesteading the Plains provides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy. "--
Rewilding the World Caroline Fraser 2014-04-29 A gripping account of the environmental crusade to save the world's most endangered species and landscapes—the last best hope for preserving our natural home Scientists worldwide are warning of the looming extinction of thousands of species, from tigers and polar bears to rare flowers, birds,

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

and insects. If the destruction continues, a third of all plants and animals could disappear by 2050—and with them earth's life-support ecosystems that provide our food, water, medicine, and natural defenses against climate change. Now Caroline Fraser offers the first definitive account of a visionary campaign to confront this crisis: rewilding. Breathtaking in scope and ambition, rewilding aims to save species by restoring habitats, reviving migration corridors, and brokering peace between people and predators. Traveling with wildlife biologists and conservationists, Fraser reports on the vast projects that are turning Europe's former Iron Curtain into a greenbelt, creating trans-frontier Peace Parks to renew elephant routes throughout Africa, and linking protected areas from the Yukon to Mexico and beyond. An inspiring story of scientific discovery and grassroots action, *Rewilding the World* offers hope for a richer, wilder future.

~~By the Shores of Silver Lake~~

Laura Ingalls Wilder
2004-05-11 For the first time in the history of the Little House books, this new edition features Garth Williams' interior art in vibrant, full color, as well as a beautifully redesigned cover. The adventures of Laura Ingalls and her family continue as they move from their little house on the banks of Plum Creek to the wilderness of the unsettled Dakota Territory. Here Pa works on the new railroad until he finds a homestead claim that is perfect for their new little house. Laura takes her first train ride as she, her sisters, and their mother come out to live with Pa on the shores of Silver Lake. After a lonely winter in the surveyors' house, Pa puts up the first building in what will soon be a brand-new town on the beautiful shores of Silver Lake. The Ingallses' covered-wagon travels are finally over.

The Little House Cookbook

Barbara M. Walker 1979-09-20

Laura Ingalls Wilder grew up on the prairie, where food was

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

something one worked for, cooking was a big part of daily life, and mealtime was a chance to gather with family and give thanks. By watching Pa hunt and farm and by helping Ma prepare the food, Laura learned the pleasures that come from a family working together. Laura also experienced the joy that comes from sharing food, made with love and care, with family and friends. Here are over 100 unique recipes celebrating the foods and cooking techniques of Laura's pioneer childhood. Taken from dishes described in the beloved Little House books, these recipes were carefully researched by Barbara M. Walker and tested in her own kitchen. From pancake men and pumpkin pie to vanity cakes and ice cream, these recipes give adults and children alike the chance to experience a taste of Laura's childhood, reminding us of the connection between the food on the table and the work involved in getting it there. Notable Children's Books of 1979 (ALA) Best Books of 1979

(SLJ) Notable 1979 Children's Trade Books in Social Studies (NCSS/CBC) Children's Books of 1979 (Library of Congress) 1980 Western Heritage Award Race and Real Estate Adrienne R. Brown 2015 Race and Real Estate brings together new work by architects, sociologists, legal scholars, and literary critics that qualifies and complicates traditional narratives of race, property, and citizenship in the United States. Rather than simply rehearsing the standard account of how blacks were historically excluded from homeownership, the authors of these essays explore how the raced history of property affects understandings of home and citizenship. While the narrative of race and real estate in America has usually been relayed in terms of institutional subjugation, dispossession, and forced segregation, the essays collected in this volume acknowledge the validity of these histories while presenting new perspectives on this story.

Homesteading On The Plains Daily Life In The Land Of

Laura Ingalls Wilder

~~Laura Ingalls Wilder~~ Sallie Ketcham 2014-09-16 Laura Ingalls Wilder wrote stories that have defined the American frontier for generations of readers. As both author and character in her own books, she became one of the most famous figures in American children's literature. Her famous Little House on the Prairie series, based on her childhood in Wisconsin, Kansas, Minnesota, and South Dakota, blended memoir and fiction into a vivid depiction of nineteenth-century settler life that continues to shape many Americans' understanding of the country's past. Poised between fiction and fact, literature and history, Wilder's life is a fascinating window on the American West. Placing Wilder's life and work in historical context, and including previously unpublished material from the Wilder archives, Sallie Ketcham introduces students to domestic frontier life, the conflict between Native Americans and infringing white populations, and the West in

public memory and imagination.

Homesteading on the Plains
