## **A Homeopathic Treatise on the Diseases of Children (1860)**

Alphonse Teste 2008-06-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

*Homeopathy and Your Child* Lyle W. Morgan II 1992-09 Dr. Morgan discusses a wide range of homeopathic remedies for childhood disorders and examines alternatives to controversial immunization and antibiotic treatments.

*Homeo-kids* Patricia Le Roux 2017

**The Family Homeopath** Robin Hayfield 1995-09 This handsomely illustrated, easy-to-use reference manual is filled with practical information for safe and effective family health care. It suggests homeopathic treatments for more than 50 common ailments.

**Rage-Free Kids** Judyth Reichenberg-Ullman 2005-07 From the bestselling authors of Ritalin-Free Kids, this book offers homeopathic treatments for coping with children's rage. Although anger is a normal emotion, in some children it can spiral out of control. In this eye-opening resource for parents, the authors -- both licensed naturopathic physicians -- share their homeopathic approach to freeing defiant children from aggressive behavior.

**Homeopathic Remedies for Children** Phyllis Speight 1990-06

**The Management and Care of Children Including Homeopathic Treatment** William Boericke 1903

*Homoeopathic Remedies For Children* Phyllis Speight 2012-03-31 This is a simple and clear description of how homoeopathy works with particular reference to children's complaints. A short section addressing itself to parents is followed by the introduction of the correct remedy selection and an idea of what homoeopathic remedies mean, with a list of twenty-five regularly required medicines used in the homeopathic pharmacopoeia.

**Homeopathic Child** Liza Calache 2013-10-30 When you have a baby, the first thing you wish you had more of is probably time; time for yourself, time to sleep, time to take care of work/house. I'm sure I am not the first to tell you that babies are very demanding on your time, energy and resources. If you are not prepared for what to expect, it can really throw you for a loop. Many first time parents will say that they have experience either raising or helping to raise younger siblings or other family members or friends. However, when it's your own child, things are very different. The responsibility is 100% yours. Everything about that child you need to decide for them, including their healthcare choices, at least until they are old enough to decide for themselves anyway. Thankfully you have made the decision that homeopathy is going to be part of your child's healthcare choices. With these books, you will be shown how to bring relief to yours and your child's most common acute ailments. Usually a homeopath will consult several books to come to a conclusion for the correct remedy fitting the symptoms of the patient. The first kind of book is called a repertory where lists of symptoms are presented and all the remedies fitting those symptoms are listed. The next step is to narrow down the remedies to top two or three remedies by asking questions such as location, sensation and modalities (this will be further discussed in chapter 1). Once narrowed down, the next kind of book consulted is called a materia medica. This is a detail of each remedy and all the symptoms they present. The remedy chosen is the one that best fits the symptoms of the patient. However, with these books, all your answers are right here. These books are a repertory and materia medica of the most common ailments a child and their mother/caregiver will go through in their first few years of life as well as older children.

**The Parent's Guide to Homeopathy** Shelley Keneipp 2015-07-14 This book is the most comprehensive and easy-to-use guide available for parents who want to use homeopathy to treat their children's illnesses safely, gently, and effectively. Practical, concise, and user-friendly, The Parents' Guide to Homeopathy provides homeopathic remedies for more than 150 acute conditions, from annoying to threatening, that arise in the everyday lives of kids. Instructions on how to observe physical and emotional symptoms in kids from newborns to teens; succinct descriptions of gentle, safe, and nontoxic remedies; and sections on winter ailments, first-aid, enhancing healing, and travel put a wealth of knowledge at parents' fingertips. Remedy tables at the back of the book help decipher the correct treatment for each condition. Shelley Keneipp shares her wealth of knowledge and many years of experience to provide a clear, simple education concerning homeopathic remedies. She empowers parents who want to break the habit of relying exclusively on medical expertise and instead to use relatively economical over-the-counter remedies without worrying about harmful side effects. She suggests essential remedies to stock for any household first aid kit; provides background on common ailments such as coughs, colds, fevers, and digestive problems; and includes eye-catching sidebars that alert

readers to conditions that demand immediate medical attention. Boxed entries clue readers to what symptoms to observe and how to differentiate between similar presentations. Taken together, these features make this book the gold standard for parents who want apply the gentlest possible cure in the shortest possible time with the fewest reasons for intervention.

Diseases of Infants and Children Thomas Cation Duncan 1880

**The Diseases of Infants & Children and Their Homoeopathic Treatment: with Hints on the General Management of Children** Edward Harris Ruddock 1873

**Little Angels** DR. MAYUR S. MAHAJAN 2018-01-10 Homeopathy is known for its safe and gentle approach to curing ailments and when it comes to children, this treatment seems ideal. The case-taking process and the dynamics between doctors and patients is the beautiful language in itself. Children cannot express their discomfort accurately as adults can and herein lies the importance of this unspoken language that only a keen observer can decipher. This book " Little Angels" is a complete guide to homeopathic medicines for infants and children. This book is the result of the authors rich clinical experience. He went out of his way to describe the condition of each child in as much detail as possible, making it very easy for readers to understand and apply this knowledge in their clinic. In this book, the author has shared some important impressions from the environment of a child which may help in understanding the child and solve cases successfully. These hints come directly from the authors clinic desk and hopefully will be helpful for clinical assessment. The main aim of this book is to make homeopathy very simple and applicable. Students of Homeopathy who read different Materia Medicas by various authors must have observed that there is no specific book that

would explain childrens remedies in the most simple way. The author has tried to simplify the concept of understanding childrens remedies at all possible levels. With increasing awareness about homeopathy as well as rapidly increasing lists of remedies and rubrics, such a book series has become a real need of practicing physicians because a busy practitioner does not get enough time to read huge books and/ or sit in a corner and think about the rubric for long hours. Book Highlights: The narration of cases is presented with gestures and mimicry that for us 'bring the patient to life'; the condition of each child is given in as much detail as possible, making it very easy for readers to understand and apply this knowledge in their clinical practice; All the rubrics are taken from Synthesis Repertory and Complete Repertory.

**Homeopathic Remedies** Asa Hershoff 2000-01-24 Organized alphabetically by disorder, this convenient reference clearly describes all you need to know about homeopathy and the treatment of numerous disorders. For each condition, many possible remedies are suggested so you can find the one that most accurately fits your symptoms. From food poisoning to varicose veins, this book provides detailed homeopathic solutions for a wide range of ailments.

**Homeopathic Medicine for Children and Infants** Dana Ullman 1992-09-01

**The Healthy Child Through Homeopathy** Tricia Allen 2004 Tricia Allen, a qualified homeopath, offers a host of practical advice on how to treat illness using natural, homeopathic remedies. Homeopathy differs from conventional medicine in that it does not only alleviate the individual symptoms of an illness, but treats the underlying state to ensure that the disease does not return, something which rarely occurs when using traditional remedies. This guide gives advice on what homeopathy is and how to use it; each stage of childhood and how to deal with the complaints that occur at that time of a child's development; the most common childhood illnesses; how to take your own steps to treating them; which homeopathic remedies to use; and when to seek medical help and first aid.

**Homeopathic Medicine for Children and Infants** Dana Ullman 1994 Homeopathic remedies are increasingly being used to treat common childhood ailments. They are safe, have no side effects or allergic reactions, are inexpensive and, above all, effective.

**Homeopathic Remedies for the Stages of Life** Didier Grandgeorge 2002-04-03 This book explains each of the successive phases of life, referencing common physical and psychological symptoms and their homeopathic remedies. Homeopathic Remedies for the Stages of Life provides practical and illustrated case histories of former patients, insights into child development, and the workings of the human psyche.

**Medicine Moms** Arlene Uhl 2001 WHY ARE SO MANY MOMS (AND DADS) USING HOMEOPATHY TO KEEP THEIR KIDS HEALTHY? BECAUSE IT WORKS! Arlene Uhl is not a doctor or a New Ager. She's just an ordinary mom who became frustrated after conventional treatments failed to help her child's chronic colds and earaches. When a friend recommended homeopathy, the 200-year-old system of natural remedies, Arlene was skeptical -- until she discovered just how truly safe and effective it is. In MEDICINE MOMS "TM", Arlene shares her experiences and those of other parents who've seen remarkable results from integrating homeopathy with traditional medicine. And she shows you how to use its gentle methods, so your child can feel better quickly -- without the side effects of prescription medicines. Now you too can: -- Put an end to earaches and allergies -- Avoid the dangers of over-using antibiotics, steroid inhalants, and those "tubes in the ear" -- Prevent the colds and flu kids suffer each school year -- Stop teething pain in seconds Plus, you'll get help for: \*Colic \*Rashes and bruises \*Bedwetting \*Sunburn \*Sore throats \*Diarrhea \*Coughs \*Motion sickness \*and more
