One day, Yellow runs out of things to paint and ventures into the unknown where she meets Blue. Scared of their differences they argue and throw their colors at each other. Their fighting creates the new color, Green. He is saddened at their destructive behavior. What will happen when Yellow, Blue, and Green's travels lead to Red? The Story of How Colors Came To Be was created by an art teacher to instruct color theory to preschool and primary

children in a fun and memorable way. The text uses the following color theory vocabulary: primary, secondary, and tertiary. It presents the elementary level color theory curriculum.
