You've Already Got It! Andrew Wommack 2006-11 Many Christians believe God can do anything, but they don't understand the completion of His plan through Jesus' death, burial, and resurrection. It is in the discovery of what God has already done, that our walk with Him becomes a joy and an adventure Jesus' sacrifice on the cross was great. He exchanged His perfect life and all the power of heaven for our sins, our weaknesses. Through Him our eternal destiny is set. Yet in our day-to-day lives, It seems that we still deal with so many challenges - sickness, financial struggles, difficult relationships, our own shortcomings. Is it possible to walk in victory in this life? Andrew Wommack reveals powerful truths in this practical view of the work of Jesus Christ-truths that are life changing. Readers will learn how Jesus' death, burial, and resurrection not only paid for their eternal salvation, but gave them everything they need for abundant life right here, right now. Andrew encourages readers to avoid being like the dog constantly chasing his tail, not realizing he already has it. As readers begin to understand the extent of the work on the cross, their walk with God will be renewed and their life in Christ will become an adventure beyond anything they ever thought possible Wommack approaches faith from a no-nonsense and unique perspective in that he challenges the reader to evaluate their idea of faith in God. Written along the same lines as Kenneth Hagin's *How to Turn Your Faith Loose* and *Right and Wrong Thinking*, Wommack goes a step further by revealing the erroneous teachings that

encourage believers to beg for God's help. Instead he shows that Jesus already finished His work when He was resurrected and now it's the believer's responsibility and privilege to enforce that victory against the powers of darkness.

Word of Faith Steven Lyn Evans 2019-08-28 I want to highly recommend Dr. Steven Lyn Evans book, *Word of Faith, Exposing the Critics' Mythology!* Dr. Douglas J. Wingate, President and Founder of Life Christian University, Florida, USA. "Bishop Steven Evans is clearly the person to write this defense of the Word of Faith...I wholeheartedly endorse this book." Bishop Tom Brown, Word of Life Cathedral, Texas, USA. "Factual, brilliant, timely, a masterpiece and must-have for every believer. Next to the Holy Bible, don't read any other book this year!" Revd. Melvin Banks International Evangelist, England, U.K. The critics of the Word of Faith movement have invented a mythology. Within this book their position is shown to be both historically and theologically deficient! Often the critics

advocate for the heresy of cessationism. They have peddled their mythology and divided the church. It's time for truth! Benefits of this book for you: * An insightful defense of the Word of Faith movement! * Exposes the critics' mythology! * Exposes the heresy of cessationism! * Exposes the limitations of western theology! * Theological and historical truth about the Word of Faith. * Answer the critics. * Walk in the miraculous power of God! * Positive, Bible believing, faith inspiring!

Breaking Loose Sarah Jansson 2017-06-16 In this book, we will address almost every form of bondage, both mentally and physically that may have been holding you back and holding you down. This would also apply equally to others that you may minister to. You will also find tools that can be used to set you and others free in the Holy Name of Jesus. We will talk about many of the devil's schemes that have been in your life for years and have kept you or others in bondage. The Word of God says, "Whom the Son sets free is free indeed". Jesus came to set you free, spirit, soul, and body. Jesus also said, "My people perish for lack of knowledge". I lay out many of the Scriptures that go along with each of the headings we will be discussing. We will explore what the Word of God reveals that we can do to be set free from the enemy's many tactics that he places against us. You'll also find that I wrote out for you some Word prayers you can utilize for yourself and others. I have been set free in many of these areas myself and have been used by Holy Spirit in my ministry, especially out in the streets, to set others free. It is my prayer that Holy Spirit will speak to you, guide you, direct you, and empower you as you make your way through this book to be totally set free to the glory of God. I also pray that as you are set free that Jesus through the Holy Spirit of God will open many doors for you and use you to set others free in His Holy Name. May

you also empower them to go forth as they are set free to set others free. Free from all that the enemy has kept them from fulfilling. Blessings to you as you BREAK LOOSE and go forth to the Glory of God!

What Faith is Kenneth E. Hagin 1974

The ABCs of FAITH Bernard Small

The Globalisation of Charismatic Christianity Simon Coleman 2000-10-02 This 2000 book analyses the revival of charismatic Protestant Christianity as an example of globalization. Simon Coleman shows that, along with many social movements, these religious conservatives are negotiating their own interpretations of global and postmodern processes. They are constructing an evangelical arena of action and meaning within the liminal, chaotic space of the global. The book examines globalization not only as a social process, but also as an embodied practice involving forms of language and ritualized movement. Charismatic Christianity is presented through its material culture - art, architecture and consumer products - as well as its rhetoric and theology. The book provides an account of the incorporation of electronic media such as television, videos and the Internet into Christian worship. Issues relating to the conduct of fieldwork in contexts of globalization are raised in an account which is also a major ethnography of a Faith ministry.

Bold Faith Ben Pugh 2017-03-09 Bill Johnson, Joyce Meyer, Heidi Baker. The fame of these names is evidence enough that, though the controversies are less intense, the Charismatic Movement is alive and well today. It continues to attract thousands of adherents who find its vision of a supernatural lifestyle uniquely compelling. Now, for the first time, all that is most theologically innovative about the movement is synthesized into five distinct and original ideas. These five brand new theologies have been created, not by theologians, but by practitioners who believed their concepts were inspired by the Spirit: Inner Healing, Shepherding, Word of Faith, Spiritual Warfare, and Signs and Wonders. Plenty of studies have been written by Pentecostal scholars about Pentecostal theology, but these tend to group the very distinct approaches of Charismatics together with Classical Pentecostals. Bold Faith aims to analyze and evaluate the ways in which practitioners within independent Charismatic networks, especially in their Anglo-American expressions, have responded to the challenges of secular modernity.

Reformed theology today: Practical-theological, missiological and ethical perspectives J. (Hans) Kommers 2017-11-23 his book is unique and of great importance for theologians from diverse traditions but who all share the relevance of the academic Reformed discourse. The book focuses on, and forms part of celebrating 500 years since the start of the Reformation during the 16th century. Its purpose is to commemorate the quincentenary anniversary of the Reformation in Europe and to indicate the way in which the rich legacy of this important period in the history of the church and society still influences globally the theological landscape in the fields of Practical Theology, Missiology and Ethics. Specific attention is given to the manner in which the core principles of the Reformation can be utilised for these disciplines and applied in a contemporary context. The Reformation changed the ecclesiastical landscape of the day and still provides the benchmark for theological principles and praxis in many Protestant denominations. This book illustrates and underscores the practical-theological legacy and importance of the Reformation for church and society. The collected works by various theologians reflect on the impact of Reformed Theology on their respective fields of expertise. The original research is based on literature studies and has not been published previously in any form. Its aim is to stimulate discourse in Theology and related disciplines. Although the chapters represent different perspectives, the collective aim is to propose the vast impact of the Reformational views as they relate to the current context. The target audience is Reformed theologians. This book focuses on ways in which the legacy of the Reformation addresses practical and relevant issues for 21st-century believers, scholars and churches. It explores inter alia important homiletical and liturgical aspects of the Reformation and contemplates the importance of continual reformation in this regard. Furthermore, it discusses a Reformed approach to apologetics, evaluates the driving forces behind the Reformation of the 16th century and its relevance to missions today as well as examines the sola Scriptura principle of the Reformation

and provides a critical perspective on Prosperity Theology. Several pastoral themes take centre stage before various aspects of xenophobia and civil prejudice are being investigated - both being very relevant topics throughout the world today. The book also focuses on hermeneutics and ethics in a quest for a biblical ethical approach as well as congregational hymns in the Reformed churches of South Africa today. The research outcomes are relevant not only for the South African context, but also globally.

Perspectives in Pentecostal Eschatologies

Peter Althouse 2012-03-29 This collection of essays from established scholars and rising stars offers fresh perspectives in eschatology for the Pentecostal and Charismatic movements. The fresh readings of eschatology in this volume are valuable because they demonstrate that Pentecostals no longer need to look to others to interpret their theology for them but can stand as scholars and thinkers in their own right.

Christ the Eternal Son A. W. Tozer 2009-03-30 In *Christ the Eternal Son: A Portrait of Deity from the Gospel of John*, A.W. Tozer plunges the reader into a thoughtful and pastoral examination of the Gospel of John. The Gospel of John and is one that has long mystified and perplexed Biblical scholars. Straying from the simplicity of the Synoptic Gospels, John's take is much more cryptic and spiritual. A. W. Tozer examines this Gospel in pieces, looking at God's relationship with man qualitatively. A. W. Tozer brings his powerful theology to life in this book, continually reminding the reader of the incredible grace of God and delivering memorable and provocative sayings, like "Everything is wrong until Jesus sets it right!" The whole of the Gospel narrative is spread throughout this book, each page bringing a new tenet of God's masterful plan of redemption, leaving the reader inspired to quietly do the will of God.

The Worldview of the Word of Faith

Movement: Eden Redeemed Mikael Stenhammar 2021-12-16 This volume

approaches the Word of Faith as a worldview, and analyses the movement through N. T. Wright's model for worldview-analysis in order to provide necessary nuance and complexity to scholarly interpretations of the Word of Faith. The reader receives insights into the movement's narrative, semiotic, practical and propositional dimensions, which cumulatively offer a multifaceted understanding of how the Word of Faith interprets reality and engages with the world. The analysis shows that there is a narrative core to Word of Faith beliefs in the form of a unique theological story with focus set on the present restoration of Eden's authority and blessings. This study demonstrates how the Word of Faith operates as a distinct worldview that parses the world through the lens of faith's causative power to affect a direct correspondence between present reality and Eden's perfection. The findings advance a critical and therapeutic approach that acknowledges how the worldview both strengthens and subverts Pentecostalism.

What to Do When Faith Seems Weak and Victory Lost Kenneth E. Hagin 1979-05 "There is no need to be defeated. God has given us His Word. He is all the equipment we need," Kenneth E. Hagin writes in the preface to his book *What to Do When Faith Seems Weak and Victory Lost*. ". . . I meet Christians all the time who have problems," Rev. Hagin continues. "They have come to the place where they say, 'I don't know what to do.' (Have you ever been there?) This is the reason for this book. These 10 steps, taken in sequence, will bring anyone out of defeat into certain victory!" In the book's summary, Rev. Hagin warns, "Do not make the mistake multiplied thousands of Christians are

making. That is, wondering and wavering concerning the will of God in anything that is promised by God."

Renewal Theology J. Rodman Williams 2011-05-03 *Renewal Theology* deals with the full range of Christian truth from within the charismatic tradition. Previously published as three separate volumes, *Renewal Theology* represents the first exhaustive, balanced articulation of charismatic theology. *Renewal Theology* discusses: Book One--God, the World, and Redemption - Book Two--Salvation, the Holy Spirit, and Christian Living - Book Three--The Church, the Kingdom, and Last Things. As theology, this work is an intellectual achievement. But it is much more than that. The author urges the church to undertake its task of theology in the proper spirit: - an attitude of prayer - a deepening sense of reverence - an ever-increasing purity of heart - a spirit of growing love - a theological approach rooted in the glory of God. Done in such a spirit, theology becomes a faithful and powerful witness to the living God.

God's Generals Healing Evangelists Roberts Liardon 2011-03-31 In his fourth *God's Generals* volume, Roberts Liardon chronicles God's great healing evangelists of the twentieth century. Journey with such paragons of faith as: Oral Roberts—one of the most influential Christian leaders in the twentieth century, Roberts had a

healing ministry that spread from rural tent meetings to a world-class university, hospital, and medical school. Lester Sumrall—after being miraculously healed of tuberculosis as a boy, Sumrall dedicated the rest of his life to sharing the gospel and God’s healing power with audiences around the world, both in person and through television broadcasts. Charles and Frances Hunter—often called the “Happy Hunters,” Charles and Frances were known around the world as two of the most anointed and enthusiastic evangelists on earth. George Jeffreys—this Welsh Pentecostal preacher ministered along with his brother Stephen at camps, conventions, and church meetings across England and Ireland, with reports of miraculous healings and other acts of God accompanying them. F. F. Bosworth—a Depression-era Pentecostal faith healer and one of the founders of the Assemblies of God, Bosworth was known during the 1920s for his interdenominational “big tent” revivals and large auditorium healing meetings. As you read about the lives of these ministry pioneers, your faith for signs and miracles will grow as you anticipate seeing God’s mighty hand move in the church today.

Cognitive Linguistics in Action Elzbieta Tabakowska 2010-09-22 In view of the considerable number of recent publications devoted to various applications of Cognitive Linguistics, the book focusses on fields that have not been extensively dealt with within the CL framework. The book gathers presentations that deal with fields of application as defined in the

introduction to the first volume in the ACL series (Kristiansen et al 2006). The articles in the first section ("From loop to cycle") are defining papers written by eminent scholars whose position within the field of CL has been firmly established. They touch upon issues of continuing relevance to the discipline and introduce thematic areas covered in the next four sections of the volume. Papers in these sections are mainly written by young scholars, whose research illustrates various ways to implement the cycle through different forms of contextualization, either presenting descriptive applications that lead to theoretical amendments or widening the field of possible applications, often interdisciplinary, e.g. to theological or metaphysical discourse. Frequently, section papers provide illustration for the empirical turn in Cognitive Linguistics, demonstrating the ways in which application of theory to new data using new methodologies leads to refinement, development or modification of the theoretical framework. The book is of relevance to students of (applied) linguistics, interested or specializing in language acquisition and pedagogy, intercultural communication, literary and translation studies, as well as to academics and students representing cognate disciplines.
