**Liverpool: A Landscape History** Martin Greaney 2013-06-03 The landscape has had a huge impact on the history of Liverpool and Merseyside. The ice age glaciers carved out the Rivers Mersey and Dee; the Sefton coast provided a perfect place for the earliest humans to hunt and gather food; and the Pool and the Mersey, and England's position on the coast gave King John the perfect base from which to launch his Irish campaigns. This book explores the landscapes from these earliest times, and charts the changing city right through to the present day. It explains why Liverpool looks the way it does today, and how clues in the modern landscape reveal details of its long history. You'll see how the landscape created Liverpool, and how in turn Liverpool recreated the landscape.

**Talking to Ghosts** Philip Gardner 1993 Talking to Ghosts is Philip Gardner's fourth volume of poetry, and his second to be published in Newfoundland, where he has taught for nearly thirty years. The poems it includes are selected from a much larger number written over the last decade. Many have been published in magazines and anthologies; others make their first appearance here. Written in a wide range of forms, they refer to many places lived in and visited, address a variety of people, living and dead, and reflect the inevitable passage of time.

**In Ballast to the White Sea** Malcolm Lowry 2014-10-16 In *Ballast to the White Sea* is Malcolm Lowry's most ambitious work of the mid-1930s. Inspired by his life experience, the novel recounts the story of a Cambridge undergraduate who aspires to be a writer but has come to believe that both his book and, in a sense, his life have already been "written." After a fire broke out in Lowry's squatter's shack, all that remained of *In Ballast to the White Sea* were a few sheets of paper. Only decades after Lowry's death did it become known that his first wife, Jan Gabriel, still had a typescript. This scholarly edition presents, for the

first time, the once-lost novel. Patrick McCarthy's critical introduction offers insight into Lowry's sense of himself while Chris Ackerley's extensive annotations provide important information about Lowry's life and art in an edition that will captivate readers and scholars alike.

**Viking DNA** Stephen Harding 2011-02-01 Focusing on men from old families in England's Wirral and West Lancashire regions, this survey traces the DNA of the local populace back to their Viking ancestors in order to determine the impact of past societies on their genetic make-up. Arguing that the areas exhibit many archaeological and historical features proving them to have had a clear Viking presence, this account provides background information on Viking settlements as well as conclusions drawn from the DNA testing. An illustrated example of how DNA methods can be used to learn about the past is also included.

Great Walks on the England Coast Path Andrew McCloy 2022-09-15 At around 4500km (2800 miles), the England Coast Path is the longest coastal trail in the world. This inspirational large-format guide presents a handpicked selection of 30 highlight sections, offering a taste of England's stunning and diverse shoreline. Routes range from 9 to 45km, spanning between 3 hours and 2 days, offering options to suit all abilities. They can be accessed by public transport and are walkable year round (weather permitting!). Route descriptions are accompanied by 1:50,000 OS map extracts. Included in each walk are comprehensive listings of public transport, toilets and places to eat and drink, which highlight the excellent walking infrastructure available in many areas. Overview information on terrain, distance and timing facilitates easy planning, a route summary table helps you to choose an appropriate route, and there are also GPX files available for free download. Fascinating snippets of history and geology are interspersed throughout, and the appendices contain useful websites and further reading. Incorporating beautiful photography of England's coastline, the guide will encourage you to explore both well-loved and less well-known parts of the English shoreline, from soaring cliffs to wildlife-rich estuaries, from huge golden beaches to atmospheric marshes. Capturing the rich heritage and glorious contrasts of England's coast, the routes offer something for everyone, whether your passion is for escape or adventure, geology or nature, castles or culture. The sea has defined England's history and the coast is a dynamic and exciting place to walk, so let these 30 routes introduce you to great walking by the sea on England's newest National Trail.

**Victoria Crosses on the Western Front - Battles of the Hindenburg Line - St Quentin, Beaurevoir, Cambrai 1918 and the Pursuit to the Selle** Paul Oldfield 2024-04-30 In the past, while visiting the First World War battlefields, the author often wondered where the various Victoria Cross actions took place. He resolved to find out. In 1988, in the midst of his army career, research for this book commenced and over

the years numerous sources have been consulted. Victoria Crosses on the Western Front: Battles of the Hindenburg Line - St Quentin, Beaurevoir, Cambrai 1918 and the Pursuit to the Selle is designed for the battlefield visitor as much as the armchair reader. A thorough account of each VC action is set within the wider strategic and tactical context. Detailed sketch maps show the area today, together with the battle-lines and movements of the combatants. It will allow visitors to stand upon the spot, or very close to, where each VC was won. Photographs of the battle sites richly illustrate the accounts. There is also a comprehensive biography for each recipient, covering every aspect of their lives warts and all parents and siblings, education, civilian employment, military career, wife and children, death and burial/commemoration. A host of other information, much of it published for the first time, reveals some fascinating characters, with numerous links to many famous people and events.

**Hoylake Then & Now** Jim O'Neil 2012-02-24 In the 1800s Hoylake was a summer retreat for upper-class gentlemen staying in the latest fashionable hotels, bowling, horse racing and 'taking the waters', while for locals it was a busy fishing village. However, by the 1900s Hoylake had become a bustling coastal resort for people of all classes, offering seaside entertainment, shopping parades, public houses and bed and breakfast establishments. So what changed? In 1866 the railway arrived, making commuting feasible, and workers were also receiving paid holiday for the first time. The growth this caused, the new hustle and bustle and also the older, slower ways were captured by a new breed of Victorian photographic pioneers — and what a wonderful job they did! In ninety stunning full colour photographs, Hoylake Then & Now illustrates these changes, and the accompanying captions provide a real insight into the town's past.

**Viking Mersey** Stephen Harding 2002 1100 years ago marked the start of a Viking invasion of the Mersey region, which reached out into Chester, West Lancashire and beyond. The Vikings left behind place-names like Kirkby, Kirby, Meols and Croxteth, which can also be found in Iceland, another region they were invading. This book is about these people in peace and war, their customs, traditions, pastimes, their paganism and their Christianity, their governments and their financial centre at Chester. It also includes a section on how modern genetic research is being used to discover the descendants of these Invaders in the modern day population.

**The Palgrave Handbook of Artistic and Cultural Responses to War since 1914** Martin Kerby 2018-12-05 This handbook explores a diverse range of artistic and cultural responses to modern conflict, from Mons in the First World War to Kabul in the twenty-first century. With over thirty chapters from an international range of contributors, ranging from the UK to the US and Australia, and working across history, art, literature, and media, it offers a significant interdisciplinary contribution to the study of modern war, and our artistic and cultural responses to it. The handbook is divided into three parts. The first part explores how communities and individuals responded to loss and grief by using art and culture to assimilate the experience as an act of survival and resilience. The second part explores how conflict exerts a powerful influence on the expression and formation of both individual, group, racial, cultural and national identities and the role played by art, literature, and education in this process. The third part moves beyond the actual experience of conflict and its connection with issues of identity to explore how individuals and society have made use of art and culture to commemorate the war. In this way, it offers a unique breadth of vision and perspective, to explore how conflicts have been both represented and remembered since the early twentieth century.
