Modern Architecture in Africa Antoni S. Folkers 2019-07-22 This book offers unique insights into modern African architecture, influenced by modern European architecture, and at the same time a natural successor to existing site-specific and traditional architecture. It brings together the worlds of traditional site-specific architecture with the Modernist Project in Africa, which to date have only been considered in isolation. The book covers the four architectural disciplines: urban planning, building technology, building physics, and conservation. It includes an introduction with a historical outline and an analysis and comparison of a number of projects in various countries in Africa. On the basis of examples drawn from practice, the author documents and describes the hybrid architectural forms that have emerged from the confrontation and fusion with (pre)modern Western architecture and urban planning, and in so doing he also narrates the history of African architecture.

Entering the Twofold Mystery Erik Varden 2022-01-20 Erik Varden published The Shattering of Loneliness in 2018. Now, with the world in the throes of uncertainty and turbulence, he helps us interpret the signs of the times, convinced that the perennial experience of monks and nuns has much to teach us. The principles of monasticism have become attractive to many, awakened as we are to the importance of integrity, the pursuit of peace, asceticism as a path to freedom, hospitality and contemplative seeing. After a deeply personal introduction, Varden invites us to consider what makes a monk. He then takes us on a pilgrimage through the Church's year, drawing on Scripture, tradition and literary and religious figures of our time. Varden lets the reader discover the generous breadth and depth of a monk's outlook on life. In so doing he provides inspiration, enjoyment and enlightenment in equal measure.

African Foreign Policy and Diplomacy from Antiquity to the 21st Century [2 volumes] Daniel Don Nanjira 2010-10-21 This book offers a continent-wide examination of Africa's foreign policy and diplomacy, addressing the relevance of its many languages, precolonial history, traditional value systems, and previous international relationships. African statehood predates that of Europe, as well as the rest of Western civilization, and yet by imposing Western values on Africa and its peoples, European colonialism destroyed Africa's paradigm of statehood along with its value systems that were ideally suited for this majestic continent. This two-volume book provides a comprehensive survey of the issues and events that have shaped Africa from remotest antiquity to the present, and serves as the foundation of Africa's international relations, diplomacy, and foreign policy. The first volume of African Foreign Policy and Diplomacy from Antiquity to the 21st Century discusses the determinants of Africa's diplomacy from antiquity to the 18th century; the second volume addresses the further developments of its foreign policy from the 19th to the 21st century.

Delia And Mark Owens In Africa Delia Owens 2020-05-19 Delia Owens, author of the best-selling *Where the Crawdads Sing*, began her career writing riveting real-life adventure and wildlife tales with her husband, Mark Owens. Collected in a single volume for the first time, these three odysseys show how the

Owenses' "ingenuity, courage, and accomplishment are beyond exaggeration." (People) Carrying little more than a change of clothes and a pair of binoculars, two young Americans, Delia and Mark Owens, caught a plane to Africa, bought a third-hand Land Rover, and drove deep into the Kalahari Desert. In this vast wilderness they met animals that had never seen humans before, and leopards, giraffes, and brown hyenas were regular visitors to their camp, all chronicled in *Cry of the Kalahari*. But the Kalahari is not Eden, and Mark and Delia were continually threatened by wildfires, drought, violent storms, and sometimes by the animals they studied and loved. They set off on another African odyssey in search of a new wilderness in *The Eye of the Elephant*. They land in a remote valley of Zambia, where the hippos swam in the river just below their tents, lions stalked the bush, and elephants wandered into camp to eat marula fruits. The peace, though, was soon shattered with gunfire, and Delia and Mark were inexorably drawn into a high-stakes struggle to save the wildlife. With *Secrets of the Savanna*, Delia and Mark tell the dramatic story of their last years in Africa, fighting to save elephants, villagers, and—in the end—themselves. The award-winning zoologists and pioneering conservationists describe their work in the remote and ruggedly beautiful Luangwa Valley, in northeastern Zambia.

A Prison Diary Volume I Jeffrey Archer 2008-09-04 From the bestselling author of *Kane and Abel*, Hell is the first volume in Jeffrey Archer's *The Prison Diaries* - the author's daily record of the time he spent locked inside. 'A haunting and compelling insight into prison life' - Daily Mail The sun is shining through the bars of my window on what must be a glorious summer day. I've been incarcerated in a cell five paces by three for twelve and a half hours, and will not be let out again until midday; eighteen and a half hours of solitary confinement. There is a child of seventeen in the cell below me who has been charged with shoplifting - his first offence, not even convicted - and he is being locked up for eighteen and a half hours, unable to speak to anyone. This is Great Britain in the twenty-first century, not Turkey, not Nigeria, not Kosovo, but Britain. On Thursday 19 July 2001, after a perjury trial lasting seven weeks, Jeffrey Archer was sentenced to four years in jail. He was to spend the first twenty-two days and fourteen hours in HMP Belmarsh, a double A-Category high-security prison in South London, which houses some of Britain's most violent criminals. This is his illuminating insight into prison life.
